

South Coast Air Quality Management District

COMMUNITY MEETING

ALISO CANYON FUND

The South Coast Air Quality Management District (South Coast AQMD) will host a community meeting to provide updates on upcoming air monitoring activities in Porter Ranch and surrounding areas.

The Aliso Fund Committee has requested South Coast AQMD to implement a Supplemental Environmental Project (SEP) contract to develop a real-time air monitoring network and symptom and incident reporting system in Porter Ranch and the communities surrounding the SoCalGas Aliso Canyon natural gas storage facility. This meeting is to provide information on the process that will lead to the selection of one or more contractors to conduct the work of this SEP implementation.

Please follow the instructions below to join the meeting remotely or by teleconference.
