BURN FORECAST OUTLOOK*
MONDAY, SEPTEMBER 05, 2022

Issue Date: Saturday, September 03, 2022

SOUTH COAST AIR BASIN AREA 40

**BURNING PROHIBITED IN ALL AREAS**

* The Burn Forecast Outlook is a prediction of the most likely agricultural and wildland burn status based on the information that is known two days prior. The final burn forecast will be available tomorrow after the air quality forecast is finalized, typically by noon. A burn forecast outlook for the Imperial County portion of the Salton Sea Air Basin may be available at: [https://ssl.arb.ca.gov/pfirs/cb3/cb3.php?id=13](https://ssl.arb.ca.gov/pfirs/cb3/cb3.php?id=13).

A burn forecast outlook for the San Bernardino County portion of the Mojave Desert Air Basin may be available at: [https://ssl.arb.ca.gov/pfirs/cb3/cb3.php?id=12](https://ssl.arb.ca.gov/pfirs/cb3/cb3.php?id=12)
