PROPOSAL: Allocate Funds and Issue Program Announcement for Replacement of CNG School Bus Tanks, and Award Funds to Replace Fuel Tanks on School Buses

SYNOPSIS: The recently adopted state legislations AB 462 and AB 470 have expanded the potential use of Carl Moyer AB 923 funds. Starting January 2012, in addition to school bus replacements, AB 923 funds may be used for school bus retrofits and for replacing older than 14 years on-board fuel tanks of CNG school buses. Since on-board fuel tanks of CNG school buses with less than 14 years of age may need replacements, this action is to set up an account of up to $600,000 with AQMD non-state/federal funds in the Lower-Emission School Bus Fund (33) and issue a program announcement for replacement of CNG school bus tanks in case of damage prior to 14 years of use. In addition, this action is to provide up to $140,000 to Torrance Unified School District to replace damaged CNG tanks in seven school buses.

COMMITTEE: Administrative, December 9, 2011, Recommended for Approval

RECOMMENDED ACTIONS:
A. Allocate up to $600,000 from AQMD non-state/federal funds in the Lower-Emission School Bus Fund (33), and issue Program Announcement PA #2012-05 to assist public school districts to replace on-board CNG school bus fuel tanks not eligible for funding under the state’s program.

B. Authorize the Chairman to execute a contract with the Torrance Unified School District to replace damaged onboard CNG fuel tanks on seven school buses in an amount not to exceed $140,000 from the Lower-Emission School Bus Fund (33).

Barry R. Wallerstein, D.Env.
Executive Officer
Background
Since 2001, AQMD has successfully implemented its Lower Emission School Bus Program (LESBP) by retrofitting newer diesel school buses with PM traps and replacing over 1,000 older and highly polluting diesel school buses with new CNG buses. Prior to AQMD’s school bus program, there was also some limited funding available to school districts to purchase CNG buses.

As required by the CHP, onboard CNG fuel tanks in school buses need to be replaced every 15 years. As such the recently adopted state legislations AB 462 and AB 470, will allow funding for both retrofit of school buses and replacement of onboard CNG fuel tanks on school buses that are older than 14 years with the use of AB 923 funds that are generated from the $2 DMV fees. CARB is expected to adopt the guidelines for the newly expanded components of the program in early 2012, after which the AQMD will start their implementation.

However, in a handful of cases some school districts have experienced damage to the onboard fuel tanks before the expiration of the certifications. In these cases the fuel tanks won’t qualify for the soon to be available AB923 funds. Thus it is desirable to provide limited funding for damaged CNG school bus fueling tanks to avoid grounding by the CHP.

Proposal
In 2004 under the Chairman’s Initiative, the Board approved the addition of $7.2 million AQMD non-state/federal funds to the Lower-Emission School Bus Fund (33) for school bus replacements. That resulted in the replacement of 70 pre-1987 school buses with new CNG buses with funds that included among others $7,126,931 from the Chairman’s Initiative. Hence, staff proposes the Board’s approval to allocate up to $600,000 from the AQMD’s unspent contributions to the Lower-Emission School Bus Program Fund (33) for the replacement of onboard CNG fuel tanks on school buses not qualifying for AB 923 funds, and the issuance of the Program Announcement PA #2012-05 to accept applications on a first-come-first-served basis.

Torrance Unified School District recently informed the AQMD that due to a faulty valve in their CNG refueling station several of the onboard CNG fuel tanks in their school buses were over-pressurized beyond the safety threshold, causing irreversible damage. Therefore, Torrance Unified School District has had to ground its CNG school buses until the damaged tanks are replaced. Thus, staff recommends the Board’s approval for the replacement of onboard CNG fuel tanks on seven school buses owned by Torrance Unified School District in an amount not to exceed $140,000, with a maximum cap of $20,000 per bus from the Lower-Emission School Bus Program Fund (33).
Outreach
In accordance with AQMD’s Procurement Policy and Procedure, a public notice advertising the RFP/RFQ and inviting bids will be published in the Los Angeles Times, the Orange County Register, the San Bernardino Sun, and Riverside County Press Enterprise newspapers to leverage the most cost-effective method of outreach to the South Coast Basin.

Additionally, potential bidders may be notified utilizing AQMD’s own electronic listing of certified minority vendors. Notice of the RFP/RFQ will be e-mailed to the Black and Latino Legislative Caucuses and various minority chambers of commerce and business associations, and placed on the Internet at AQMD’s website (http://www.aqmd.gov where it can be viewed by making menu selections “Inside AQMD”/“Employment and Business Opportunities”/“Business Opportunities” or by going directly to http://www.aqmd.gov/rfp/index.html). Information is also available on AQMD’s bidder’s 24-hour telephone message line (909) 396-2724.

Benefits to AQMD
The successful implementation of the Lower-Emission School Bus CNG Tank Program will extend the life of less-polluting and safer school transportation for school children, and will reduce public exposure to toxic diesel particulate matter emissions. In addition, these awards comply with AB 1390 requirements, such that it would reduce air pollution in low-income, high-diesel and high-PM exposure areas as well as enhance the objectives of the Environmental Justice and Children’s Health Initiatives adopted by the AQMD Board.

Resource Impacts
Total funding of up to $600,000 will be set aside in the Lower-Emission School Bus Fund (33) from the unused portion of the AQMD’s own contributions to that fund. A total of $140,000 will be used from these funds for the replacement of onboard CNG fuel tanks on seven school buses.

South Coast Air Quality Management District’s

Funding for the Emergency Replacement of On-Board CNG Fuel Tanks on CNG School Buses

Program Announcement & Application

PA # 2012-05

January 6, 2012

Depending upon the number of applications received and availability of funding, the SCAQMD Governing Board retains discretion to make full awards, partial awards, or no awards at all under this Program Announcement. If the choice to make a partial award causes any bidder to withdraw, the funds that would have been awarded to that bidder will be re-allocated to the other bidders or allocated pursuant to a new program announcement.
DATE: January 6, 2012

TO: South Coast Air Basin’s Public School Districts

SUBJECT: SCAQMD Program Announcement PA# 2012-05 to Provide Funding for Emergency Replacement of On-Board CNG Fuel Tanks on CNG School Buses

The South Coast Air Quality Management District (SCAQMD) is pleased to announce a new funding opportunity for the emergency replacement of on-board CNG fuel tanks on CNG school buses. Funds in the amount of $600,000 are available and eligible applications will be funded on first-come, first-served basis until funds are exhausted. There is a maximum of $20,000 available per CNG bus to replace on-board CNG fuel tanks.

Under this Program Announcement, applicants can apply to seek reimbursement of expenses involved in replacing CNG tanks in an emergency, such as damage incurred due to circumstances beyond the control of the operator. Only public school districts and joint powers authority are eligible for this funding.

This program funding will supplement an anticipated future program to replace aging CNG tanks when the tanks reach their end-of-life span. This future program will be initiated once the California Air Resources Board (CARB) adopts guidelines in early 2012.

Should you have any questions regarding this Program Announcement, please contact:

- Ranji S. George, Program Supervisor, at (909)396-3255, Email: rgeorge@aqmd.gov.

The Program Announcement and Application document can also be accessed via the Internet by visiting AQMD’s website at www.aqmd.gov/rfp. Program Announcement # is: PA #2012-05

We look forward to receiving your application. An application form is enclosed.

Program Introduction

By state legislation (AB 923), individual air districts can collect $2 in individual DMV fees for air quality projects. SCAQMD has been using these funds to assist school districts to replace old, polluting school buses. Recently, the state passed additional legislation (AB 462 and AB 470) expanding the use of AB 923 funds to replace CNG tanks on-board public school buses.

Current Program

Some school districts have experienced premature failures of their on-board CNG tanks. To address this problem, the SCAQMD has allocated $600,000 in funds to allow public school districts experiencing such premature failures to apply, on an emergency basis, for an amount not to exceed $20,000 per bus for replacement of their on-board CNG tanks. Only public school districts and joint power authorities can apply. The funds will be limited to emergency replacement of CNG tanks and/or to tanks that would not typically qualify under the future program discussed above.

Future Program

In addition to school bus replacements, the state has authorized the use of AB 923 funds to retrofit school buses with PM traps, replace aging CNG school bus tanks, and replace worn CNG fueling dispensers. CARB is developing guidelines to implement this program, which would limit the eligibility to public school districts, and applicability to CNG school buses between 14 to 20 years old. These funds will be limited to replacing tanks that require mandatory replacement because they have reached their end-of-life span (i.e., 15 years). Once CARB adopts these guidelines, most likely by early 2012, SCAQMD will issue a supplemental notice announcing the availability of additional AB 923 funds to replace on-board CNG tanks reaching their end-of-life span.

1.A. Program Schedule and Project Selection

This Program Announcement will remain open, without a closing date, until funds are exhausted. Applications will be accepted on an ongoing basis. Awards will be made on a first-come, first-served basis until all funding is exhausted. Applicants are encouraged to submit multiple quotes for replacing damaged CNG fuel tanks with new CNG tanks. A maximum of $20,000 per bus can be requested. A CHP certificate is needed to verify the old CNG tanks have failed, and that the new tanks meet with CHP approval.
Only public school districts and joint power authorities are eligible to apply and are applicable to CNG buses not eligible under the emerging AB 923 funds to replace aging CNG tanks at end-of-life span.

I.B. Application Submittal

The applicant shall provide four (4) copies of the application in a sealed envelope, plainly marked in the upper left-hand corner with the name and address of the applicant and the words “Program Application PA #2012-05”, and submit it to:

Mr. Dean Hughbanks, Purchasing Manager, PA # 2012-05
South Coast Air Quality Management District
21865 Copley Drive
Diamond Bar, CA  91765

All applications must be signed by the school’s superintendent. Applications without authorizing signatures will not be accepted. SCAQMD needs a minimum of two, preferably three, quotes to accompany the application, and a CHP certificate verifying that the tanks need replacement before the CNG bus can be recertified.

1.C  Disbursement of Funds

Funds will be paid on a reimbursement basis only following completion of installation of the new CNG on-board fuel tanks. These tanks need to comply with all existing codes and regulations. Along with an invoice that details the equipment and labor costs of installing the tanks, a cover letter signed by the Director of Transportation or an equivalent position must accompany any request for reimbursement of approved funds. The cover letter must state that these new CNG tanks were installed and that the CNG tanks comply with all relevant codes and regulations. A CHP certificate recertifying the CNG bus must accompany the invoice. All requests for reimbursement must be received within six (6) months of executing the grant. Monies owed will be paid directly to the vendor/installer.

1.D. Monitoring and Reporting

School districts must notify SCAQMD’s Technology Advancement Office in writing when the CNG tanks were ordered, installed and re-inspected by the CHP officer.

Part I  Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II  Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and

2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester’s form if it is substantially similar to this Form W-9.

For federal tax purposes you are considered a person if you are:

• Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a “saving clause.” Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

Cat. No. 10231X

Form W-9 (Rev. 1-2005)
4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1964) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments (after December 31, 2002). This is called “backup withholding.” Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester.
2. You do not certify your TIN when required (see the Part II instructions on page 4 for details).
3. The IRS tells the requester that you furnished an incorrect TIN.
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only).
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certificates or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, you can use your IRS issued Individual Taxpayer Identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see How to get a TIN below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-owner LLC that is disregarded as an entity separate from its owner (see Limited liability company (LLC) on page 2), enter your SSN (or EIN, if you have one). If the LLC is a corporation, partnership, etc., enter the entity’s EIN.

Note: See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.socsec.gov/online/ssa-5.pdf. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an EIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses/ and clicking on Employer ID Numbers under Related Topics. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write “Applied For” in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradeable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Writing “Applied For” means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.
Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see Exempt From Backup Withholding on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made under the lease of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Privacy Act Notice

Section 6103 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to officials, states, and the District of Columbia to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payors must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

   (A) One business entity has a controlling ownership interest in the other business entity.

       (ii) There are common or commingled funds or assets;
       (iii) The business entities share the use of the same offices or employees, or otherwise share activities, resources or personnel on a regular basis;
       (iv) There is otherwise a regular and close working relationship between the entities; or
   (C) A controlling owner (50% or greater interest as a shareholder or as a general partner) in one entity also is a controlling owner in the other entity.
