

BOARD MEETING DATE: February 7, 2014

AGENDA NO. 2

PROPOSAL: Set Public Hearings March 7, 2014 to:

- (A) Receive Public Input on Executive Officer's Draft Goals & Priority Objectives for FY 2014-15. A set of draft goals for the FY 2014-15 Budget has been developed. The Executive Officer wishes to receive public and Board Member input on these goals and priority objectives as they serve as the foundation of SCAQMD's Work Program.

- (B) Amend Rule 1420.1 – Emission Standards for Lead and Other Toxic Air Contaminants from Large Lead-Acid Battery Recycling Facilities. On January 10, 2014, Rule 1420.1 was amended to require owners or operators of large lead-acid battery recycling facilities to reduce arsenic emissions and other key toxic air contaminant emissions. At the Public Hearing, the Board removed the requirement that affected facilities conduct a multi-metals demonstration program to continuously monitor lead, arsenic, and other metals. The Board directed staff to work with stakeholders and return to the March 7, 2014 Public Hearing for Board action on the multi-metal CEMS demonstration program. Under Proposed Amended Rule 1420.1, the affected facilities must provide funding and participate in a multi-metals CEMS demonstration program. Clarifying language is also being proposed at this time that will require affected facilities to reimburse SCAQMD for funds spent to deploy independent third-party contractors who conduct investigations of unplanned shutdowns. (Review: Stationary Source Committee, February 21, 2014)

The complete text of the proposed amendments, staff reports and other supporting documents will be available from the District's Public Information Center, (909) 396-2550 and on the Internet (www.aqmd.gov) on February 5, 2014.

RECOMMENDED ACTION:
