

BOARD MEETING DATE: July 10, 2015

AGENDA NO. 10

**PROPOSAL:** Issue RFP for Enhancement of Web-Based Annual Emissions Reporting Tool

**SYNOPSIS:** Under the Annual Emission Reporting (AER) program, facilities subject to Rule 301(e) and the AB 2588 Program are required to report toxics and criteria pollutant emissions to the SCAQMD. SCAQMD developed a new AER Reporting Tool which allows facilities to report their emissions on a device/equipment basis. The new reporting tool was available as an option for testing and reporting 2013 emissions. Starting calendar year 2015, the use of this tool became mandatory for the AER facilities. During the reporting period, additional fixes and enhancements have been identified by facilities. This action is to release an RFP for enhancements to the existing tool features based on user feedback. The total funding for this project shall not exceed \$150,000, which is included in the FY 2015-16 Budget. Additionally, staff is requesting to have an option to renew the contract for up to two additional years for an estimated amount not to exceed \$150,000 per year.

**COMMITTEE:** Administrative, June 12, 2015; Recommended for Approval

**RECOMMENDED ACTION:**

Approve the release of RFP #P2016-04 for Enhancement of Web-Based Annual Emissions Reporting Tool in an amount not to exceed \$150,000 for the base year with an option for the Executive Officer to renew the contract for up to two additional years for regular maintenance, optimization and program support for an estimated amount not to exceed \$150,000 per year, if monies are approved in the budget.

Barry R. Wallerstein, D.Env.  
Executive Officer

**Background**

Under SCAQMD's Annual Emission Reporting (AER) Program, there are about 1,800 facilities that are required to report criteria and toxics emissions annually to the SCAQMD and pay emission fees in accordance with Rule 301(e) requirements. Additionally, facilities subject to the Air Toxics "Hot Spots" (AB 2588) program are required to report their quadrennial toxics emissions inventory through the AER Program. AB 2588 facilities are included as AER facilities for the purpose of this Board letter. Consolidation of the AB 2588 toxics emission inventory reporting requirement into the AER program has improved the toxics emissions data quality and minimized the required resources by both facilities and the SCAQMD.

In December 2011, the Board approved releasing an RFP to solicit proposals from qualified firms to develop a new AER system with an option to renew the contract for three additional years. In March 2012, the Board approved a contract with Ecotek Consulting Inc. to develop and implement the new AER system, using \$103,921 in U.S. EPA grant funds combined with \$95,899 in SCAQMD funding. In March 2013, the Board approved amending the contract to secure the second installment of the U.S. EPA funds (totaling \$96,079) combined with \$50,000 from SCAQMD funding to include additional tasks as required by the U.S. EPA grant. In June 2014, the Board approved amending the contract for the third year for a total amount of \$235,370 for program enhancements identified during the pilot testing and user feedback. This action brought the contract total to \$581,269 of which \$200,000 was funded from a U.S. EPA grant.

The emissions reporting system includes new features such as quality control, enhanced data management, standard and ad hoc reporting, data adjustments, and billing functions as well as integration of greenhouse gas emission reporting. The new reporting tool was available as an option to facilities for testing and reporting 2013 emissions. This new tool is now mandatory for facilities to report their calendar year (CY) 2014 and subsequent annual emissions.

**Proposal**

During the reporting period of CY 2014 emissions, additional enhancements have been identified by the facilities. These enhancements include: redesigning how a facility's permit profile is uploaded and the subsequent import functionality to resolve data discrepancies; providing enhancements to the SCAQMD Admin module such as re-importing the file over a previously submitted file; providing enhancements to the AER system such as modifying truncating/rounding features; providing technical support to SCAQMD staff and facilities during the emissions reporting period; updating the lookup tables; and other tasks as specified in the attached RFP. The second and third years, should the contract be extended and budget available, would cover regular maintenance, optimization and program support, if needed.

This RFP is to competitively solicit proposals from qualified firms to make the specific enhancements to the AER reporting tool and system as outlined in the attached RFP.

### **Outreach**

In accordance with SCAQMD's Procurement Policy and Procedure, a public notice advertising the RFP and inviting bids will be published in the Los Angeles Times, the Orange County Register, the San Bernardino Sun, and Riverside County's Press Enterprise newspapers to leverage the most cost-effective method of outreach to the South Coast Basin.

Additionally, potential bidders may be notified utilizing SCAQMD's own electronic listing of certified minority vendors. Notice of the RFP will be emailed to the Black and Latino Legislative Caucuses and various minority chambers of commerce and business associations, and placed on the Internet at SCAQMD's website (<http://www.aqmd.gov>) where it can be viewed by making the selection "Grants & Bids."

### **Bid Evaluation**

Proposals received will be evaluated by a diverse panel of technically qualified individuals familiar with the subject matter of the project or equipment and may include outside public sector or academic community expertise.

### **Benefits to SCAQMD**

The emissions reporting system includes new features such as quality control, enhanced data management, standard and ad hoc reporting, data adjustments, and billing functions as well as integration of greenhouse gas emission reporting. The enhancements are expected to provide additional improvements, which will help reduce staff resources and also improve customer service by providing an easy-to-use web interface for reporting facilities.

### **Resource Impacts**

The total funding for the work contemplated for this RFP will be a maximum of \$150,000 for the base year with an option for the Executive Officer to renew the contract for up to two additional years for an estimated amount not to exceed \$150,000 per year. Funding of up to \$150,000 has been budgeted in FY 2015-16 for this purpose. Future years funding will be requested as part of the annual budget process.

## **SECTION I: BACKGROUND/INFORMATION**

The California Health and Safety Code Section 40500 et seq. establishes the SCAQMD's authority to adopt rules and regulations, including fee schedules to cover the SCAQMD's actual costs in achieving health-based ambient air quality standards. Stationary source revenues are primarily generated by three fees: (1) permit processing fees, (2) annual operating permit renewal fees, and (3) annual operating permit emissions fees. These fees, which are collected through implementation of SCAQMD Rule 301 - Permit Fees, provide primary support for the SCAQMD's stationary source program to achieve the agency's long-term goals of basin-wide air quality improvement. The focus of this RFP is the third aspect of the SCAQMD's fee program, which is collection and maintenance of the annual operating permit emissions and fees.

SCAQMD Rule 301 requires facilities with permitted equipment that exceed specified emissions thresholds to pay annual emission fees for various air contaminants. Each year by January 1, about 1800 facilities receive notices to report their annual emissions. Within 60 days, these facilities are required to report their emissions and pay associated fees for the preceding calendar year. The emissions data received through the annual emissions reports is the foundation of the SCAQMD's emissions inventory, which is in turn relied upon for the development of control strategies for the Air Quality Management Plan, SCAQMD rules and regulations, and public policy development. The annual emission fees received, approximately \$18 million a year, account for about 20 percent of SCAQMD revenues, funding SCAQMD efforts to enforce federal and state laws through rulemaking, source inspection, air monitoring, and planning activities. Therefore, it is important that the annual emissions reporting system is implemented in a timely, efficient, and accurate manner and that adequate data integrity is maintained.

For more than a decade, facilities were using a disc-based and paper-form system to report their emissions to the SCAQMD. Starting January 2008, the facilities in South Coast Air Basin are required to report their annual emissions to the SCAQMD based on calendar year(CY) reporting (January 1st through December 31st) as opposed to fiscal year reporting (July 1st through June 30th). Additionally, starting CY 2008, facilities were required to use a web-based program to report their emissions to SCAQMD as opposed to the disc-based and paper-form system. However, this web-based program was not easily adaptable to new, faster, emissions reporting needs and requirements, as well as the integration of greenhouse gas emission reporting. As such, in March 2012, the Board approved a contract to develop and implement the new AER system. In CY 2014, the new system was available as an option to the AER facilities for testing and reporting their 2013 emissions. Starting CY 2015, facilities have started utilizing the new system to report their CY 2014 emissions, as the use of this new system has become mandatory for the AER facilities.

During the reporting period for CY 2014 emissions, additional needed enhancements have been identified by the facilities. These enhancements include, but are not limited to 1) how a facility's permit profile is uploaded and subsequent import functionality to resolve data discrepancies; 2) adding facility profile validation checks during upload; 3) making enhancements to the SCAQMD admin module by re-importing the emission report file over a previously submitted file; 4) modifying the rounding features and making it available for screen display; 5) modifying the specification for small underground storage tanks, 6) updating all the lookup tables to include additional emission factors, units, rules, fuel and equipment types, description changes; 7) generating additional types of reports per SCAQMD staff's specifications; 8) adding features to make the selected dropdown menu more user friendly; 9) providing technical support to SCAQMD staff and AER facilities during the emissions reporting period.

This RFP is to competitively solicit proposals from qualified firms to take this newly web-based developed program and make the specific enhancements as outlined above. The

AER web-application is based on device level reporting and it is used for consolidated criteria and toxics with optional GHG emissions reporting. This web-application is built on Microsoft.NET MVC stack that generally requires:

- IIS 7 (web server provided with Windows Server 2008)
- .NET Framework 4 (Full, running in Full Trust mode)
- SQL Server 2008

The SCAQMD will have ownership of all the source codes, executable codes and related files or data structures used for the Annual Emissions Report Program. This includes any and all software explicitly developed by the contractor(s) as well as any off-the-shelf executable program packages used by the contractor(s) that are incorporated into the Annual Emission Report Program. The SCAQMD expects delivery of all source codes, executable codes and related files and data structures needed to internally implement the annual emissions reporting requirements of Rule 301 that have been identified in this RFP.

The objective of this project is to identify contractor(s) that can meet the SCAQMD's specified time frames to implement, at minimum, the tasks specified in this RFP. An optional bidder's conference will be held to further inform potential bidders regarding the scope of the project and the needs of the SCAQMD emissions reporting program.

## **SECTION IV: PARTICIPATION IN THE PROCUREMENT PROCESS**

It is the policy of SCAQMD to ensure that all businesses including minority business enterprises, women business enterprises, disabled veteran business enterprises and small businesses have a fair and equitable opportunity to compete for and participate in SCAQMD contracts. Attachment A to this RFP contains definitions and further information.

## **SECTION V: STATEMENT OF WORK/SCHEDULE OF DELIVERABLES**

### **A. Work Statement**

The SCAQMD is seeking qualified contractor(s) to make enhancements and support and maintain the newly developed AER database and data collection software system. The following tasks describe the responsibilities of the contractor(s). The contractor is required to produce end products needed to support SCAQMD programs, while ensuring the data integrity meets or exceeds the quality of data produced from the SCAQMD's programs. Trade secret information may be disclosed by companies reporting emissions information. It is a misdemeanor to disclose such information by the contractor(s). Contractor(s) should consider this in the development of their proposals. Detailed information regarding the required content of the proposal is described in Section VII - Proposal Submittal Requirements.

#### **Task 1. Development of a Work plan**

Based on the proposed approach contained in the proposal and after meeting with SCAQMD staff, develop a detailed work plan. For each task outlined in Tasks 2 through 6, the plan should include anticipated activities, milestones, and labor-hours necessary to accomplish the task. The plan must be submitted to the SCAQMD for review, comment, and approval.

#### **Task 2. Updating Facility Permit Profile**

Currently, when a facility permit profile is uploaded, the program generates additional records, records with no application number and/or permit number, or similar data discrepancy issues. The Contractor is required to:

1. Redesign the uploading of a facility's permit profile and the subsequent importing of emissions from previous years to resolve the data discrepancies discovered during the 2014 emissions reporting period.
2. Add facility profile validation checks during the upload.

#### **Task 3. Enhancements of SCAQMD Admin Module**

The contractor is required to make enhancements to the existing SCAQMD admin module by providing SCAQMD staff with an option to:

1. Re-import the file over a previously submitted file
2. Other modifications based on the new enhancements, if needed

#### **Task 4. Enhancements of AER program**

The Contractor is required to make enhancements to the Annual Emission Reporting system by:

1. Modifying all the truncating/rounding features and making the rounding available only when the emissions are summed for the emissions fees calculations and/or for screen display. Currently, the throughputs and emission factors values are programmed to two decimal and four decimal places, respectively. As such, the program truncates the very small values of throughputs and emission factors to zero values which incorrectly result in zero emissions.
2. Modifying the specification for small underground storage tanks.
3. Updating the lookup tables to include additional emission factors, units, rules, fuel and equipment types, and description changes.
4. Generating additional types of reports per SCAQMD staff's specifications.
5. Modifying SCAQMD Module reports, pdf reports and Excel detail reports due to the above improvements, if needed.
6. Adjusting the California Air Resources Board Export functionality (e.g., CEIDARS) as needed due to implemented improvements, if needed.
7. Modifying Data Validation functions based on a facility's inputs.
8. Adding features to make the selected dropdown menu more user friendly. For example, currently the dropdown menu doesn't have a sorting mechanism to make the facilities selections easier.
9. Modifying the refund functionality.
10. Enhancement to grouping functionality.

#### **Task 5. AER program Support and Maintenance**

The Contractor is required to provide software technical supports to SCAQMD staff and AER facilities during the emissions reporting period. The Contractor is also required to assist with the specifications development for the new features. In addition to the enhancements, the contractor is required to provide program support including:

- Regular maintenance, optimization and technical support throughout the duration of the contract.
- External Beta testing that includes SCAQMD staff and external facilities.
- Final testing prior to providing the SCAQMD Information Management (IM) with up to three deployment packages.
- Annual software documentation update.

#### **Task 6. Monthly Progress Reports**

The contractor is required to provide monthly progress report on project tasks to the SCAQMD and also report the number of hours expended by task by labor category.

The purchase order shall incorporate terms which obligate the supplier to deliver materials in low-emission vehicles or deliver during off-peak traffic hours. The Receiving department will monitor those qualified supplier deliveries to ensure compliance to the purchase order requirements. Suppliers in non-compliance will be subject to a two percent of total purchase order value penalty. The Procurement Manager will adjudicate any disputes regarding either low-emission vehicle or off-peak hour deliveries.

3. For procurement of Research and Development (R & D) projects or projects requiring technical or scientific expertise or special projects requiring unique knowledge and abilities, technical factors including past experience shall be weighted at 70 points and cost shall be weighted at 30 points. A proposal must receive at least 56 out of 70 points on R & D projects and projects requiring technical or scientific expertise or special projects requiring unique knowledge and abilities, in order to be deemed qualified for award.
  4. The lowest cost proposal will be awarded the maximum cost points available and all other cost proposals will receive points on a prorated basis. For example if the lowest cost proposal is \$1,000 and the maximum points available are 30 points, this proposal would receive the full 30 points. If the next lowest cost proposal is \$1,100 it would receive 27 points reflecting the fact that it is 10% higher than the lowest cost (90% of 30 points = 27 points).
- C. During the selection process the evaluation panel may wish to interview some proposers for clarification purposes only. No new material will be permitted at this time. Additional information provided during the bid review process is limited to clarification by the Proposer of information presented in his/her proposal, upon request by SCAQMD.
  - D. The Executive Officer or Governing Board may award the contract to a Proposer other than the Proposer receiving the highest rating in the event the Governing Board determines that another Proposer from among those technically qualified would provide the best value to SCAQMD considering cost and technical factors. The determination shall be based solely on the Evaluation Criteria contained in the Request for Proposal (RFP), on evidence provided in the proposal and on any other evidence provided during the bid review process.
  - E. Selection will be made based on the above-described criteria and rating factors. The selection will be made by and is subject to Executive Officer or Governing Board approval. Proposers may be notified of the results by letter.
  - F. The Governing Board has approved a Bid Protest Procedure which provides a process for a Bidder or prospective Bidder to submit a written protest to SCAQMD Procurement Manager in recognition of two types of protests: Protest Regarding Solicitation and Protest Regarding Award of a Contract. Copies of the Bid Protest Policy can be secured through a request to SCAQMD Procurement Department.
  - G. The Executive Officer or Governing Board may award contracts to more than one proposer if in (his or their) sole judgment the purposes of the (contract or award) would best be served by selecting multiple proposers.
  - H. If additional funds become available, the Executive Officer or Governing Board may increase the amount awarded. The Executive Officer or Governing Board may also select additional proposers for a grant or contract if additional funds become available.
  - I. Disposition of Proposals – Pursuant to SCAQMD's Procurement Policy and Procedure, SCAQMD reserves the right to reject any or all proposals. All proposals become the property of SCAQMD, and are subject to the California Public Records Act. One copy of the proposal shall be retained for SCAQMD files. Additional copies and materials will be returned only if requested and at the proposer's expense.

**SECTION X: FUNDING**

The SCAQMD reserves the right to renegotiate the contract amounts for the option years based upon changed requirements and/or approved funds.

**Future developments.** Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at [www.irs.gov/fw9](http://www.irs.gov/fw9).

#### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

*If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.*

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

**Note.** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

## Backup Withholding

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* above.

## What is FATCA reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

## Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

## Penalties

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

## Specific Instructions

### Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account, list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

**Note. ITIN applicant:** Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C Corporation, or S Corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

**Line 2**

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

**Line 3**

Check the appropriate box in line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box in line 3.

**Limited Liability Company (LLC).** If the name on line 1 is an LLC treated as a partnership for U.S. federal tax purposes, check the "Limited Liability Company" box and enter "P" in the space provided. If the LLC has filed Form 8832 or 2553 to be taxed as a corporation, check the "Limited Liability Company" box and in the space provided enter "C" for C corporation or "S" for S corporation. If it is a single-member LLC that is a disregarded entity, do not check the "Limited Liability Company" box; instead check the first box in line 3 "Individual/sole proprietor or single-member LLC."

**Line 4, Exemptions**

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space in line 4 any code(s) that may apply to you.

**Exemption from FATCA reporting code.** The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

**Note.** You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

**Line 5**

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns.

**Line 6**

Enter your city, state, and ZIP code.

**Part I. Taxpayer Identification Number (TIN)**

**Enter your TIN in the appropriate box.** If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on this page), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note.** See the chart on page 4 for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at [www.ssa.gov](http://www.ssa.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/businesses](http://www.irs.gov/businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting [IRS.gov](http://IRS.gov) or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note.** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

## Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code* earlier.

**Signature requirements.** Complete the certification as indicated in items 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

## Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

**Protect yourself from suspicious emails or phishing schemes.** Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: [spam@uce.gov](mailto:spam@uce.gov) or contact them at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or 1-877-IDTHEFT (1-877-438-4338).

Visit [IRS.gov](http://IRS.gov) to learn more about identity theft and how to reduce your risk.

## Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. ### C Who Certifies this Form

Form 590 is certified by the payee. California residents or entities exempt from the withholding requirement should complete Form 590 and submit it to the withholding agent before payment is made. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless notified by the Franchise Tax Board (FTB) that the form should not be relied upon.

An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certificate, the withholding agent is required to withhold tax on payments made to the payee until a valid certificate is received. In lieu of a completed certificate on the preprinted form, the withholding agent may accept as a substitute certificate a letter from the payee explaining why the payee is not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee's taxpayer identification number. The withholding agent must retain a copy of the certificate or substitute for at least four years after the last payment to which the certificate applies, and provide it upon request to the FTB.

For example, if an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. **Do not** submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes. Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

### D Definitions

For California non-wage withholding purposes, **nonresident** includes all of the following:

- Individuals who are not residents of California.
- Corporations not qualified through the California Secretary of State (CA SOS) to do business in California or having no permanent place of business in California.
- Partnerships or limited liability companies (LLCs) with no permanent place of business in California.
- Any trust without a resident grantor, beneficiary, or trustee, or estates where the decedent was not a California resident.

Foreign refers to non-U.S.

For more information about determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status. Military servicemembers have special rules for residency. For more information, get FTB Pub. 1032, Tax Information for Military Personnel.

#### Permanent Place of Business:

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation qualified to transact intrastate business by the CA SOS. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

### E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

**Domicile** is defined as the one place:

- Where you maintain a true, fixed, and permanent home.
- To which you intend to return whenever you are absent.

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders.

California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA.

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.

## CAMPAIGN CONTRIBUTIONS DISCLOSURE

In accordance with California law, bidders and contracting parties are required to disclose, at the time the application is filed, information relating to any campaign contributions made to South Coast Air Quality Management District (SCAQMD) Board Members or members/alternates of the MSRC, including: the name of the party making the contribution (which includes any parent, subsidiary or otherwise related business entity, as defined below), the amount of the contribution, and the date the contribution was made. 2 C.C.R. §18438.8(b).

California law prohibits a party, or an agent, from making campaign contributions to SCAQMD Governing Board Members or members/alternates of the Mobile Source Air Pollution Reduction Review Committee (MSRC) of more than \$250 while their contract or permit is pending before SCAQMD; and further prohibits a campaign contribution from being made for three (3) months following the date of the final decision by the Governing Board or the MSRC on a donor's contract or permit. Gov't Code §84308(d). For purposes of reaching the \$250 limit, the campaign contributions of the bidder or contractor plus contributions by its parents, affiliates, and related companies of the contractor or bidder are added together. 2 C.C.R. §18438.5.

In addition, SCAQMD Board Members or members/alternates of the MSRC must abstain from voting on a contract or permit if they have received a campaign contribution from a party or participant to the proceeding, or agent, totaling more than \$250 in the 12-month period prior to the consideration of the item by the Governing Board or the MSRC. Gov't Code §84308(c).

The list of current SCAQMD Governing Board Members can be found at SCAQMD website ([www.aqmd.gov](http://www.aqmd.gov)). The list of current MSRC members/alternates can be found at the MSRC website (<http://www.cleantransportationfunding.org>).
