Meeting Minutes Approved

The MSRC unanimously approved the minutes from its August 20, 2015 meeting. Those approved minutes are attached for your information (*Attachment 1*).

Local Government Match Program

As an element of the FYs 2014-16 Work Program, the MSRC allocated \$13,000,000 for the Local Government Match Program. A Program Announcement was developed and released on May 1, 2015. As in the previous Work Program, the Local Government Match Program offers to co-fund qualifying medium- and heavy-duty alternative fuel vehicles, alternative fuel infrastructure projects, electric vehicle charging infrastructure, and regional street sweeping in the Coachella Valley. The bicycle projects category was expanded to include "active transportation" projects, and commercial zero emission riding lawnmowers was added as a new category. In all categories, funding is provided on a dollar-for-dollar match basis, and funding for all eligible entities shall be distributed on a first-come, first-served basis with a geographic minimum per county of \$1.625 million. The Program Announcement includes an open application period commencing June 2, 2015 and closing September 4, 2015. To date, the MSRC has awarded a total of \$7,696,153 to 36 applications. Subsequent to these awards, it has been determined that a portion of one of the previously approved applications, from the City of South Pasadena, was not included during initial funding consideration. The City

was previously awarded \$180,535 to purchase one heavy-duty natural gas vehicle and expand their existing CNG fueling station; the MSRC considered and approved the remainder of the City's application, requesting an additional \$30,000 for the purchase of a second heavy-duty natural gas vehicle. The MSRC also approved 36 additional applications, for a total of 37 awards totaling \$7,218,013 (using \$5,201,697 of the funds originally allocated plus an additional \$2,016,316 previously unallocated) as part of the FYs 2014-16 AB 2766 Discretionary Fund Work Program. These awards will be considered by the SCAQMD Board at its November 6, 2015 meeting.

Programmatic Outreach Services

On September 4, 2015, the SCAQMD Board approved an award to the Better World Group as part of the MSRC's FYs 2014-16 Work Program, in an amount not to exceed \$118,065, to provide programmatic outreach services for the MSRC. Subsequent to the approval, staff discovered that the total cost quote had been inaccurately described to both the MSRC and SCAQMD. The \$118,065 figure was actually the total for labor costs only, and did not include \$1,935 which the Better World Group had quoted for expenses. The MSRC approved a \$1,935 increase in the award amount to correct the contract value to \$120,000. This contract award increase will be considered by the SCAQMD Board at its November 6, 2015 meeting.

Contract Modification Request

The MSRC considered a contract modification request for the City of Desert Hot Springs, Contract #ML08043, which provided \$25,000 for the purchase of 1 CNG heavy-duty vehicle, and approved a 60-month no-cost term extension.

Received and Approved Final Reports

The MSRC received and unanimously approved two final report summaries this month as follows:

1. Sysco Food Services of L.A., Contract #MS12009, which provided \$150,000 to construct a new publicly-accessibly LNG station; and
2. Los Angeles Unified School District, Contract #MS11073, which provided \$175,000 for the expansion of an existing CNG station.

Contracts Administrator's Report

The MSRC's AB 2766 Contracts Administrator provides a written status report on all open contracts from FY 2004-05 through the present. The Contracts Administrator's Report for October 2015 is attached (*Attachment 2*) for your information.

ACTION CALENDAR (Items 5 through 9)

Agenda Item #5 – Authorize Issuance of New Contract to Complete Work Initiated by City of Palm Springs Under Contract #ML12019 (\$38,000 – Electric Vehicle Charging Infrastructure)

Cynthia Ravenstein, MSRC Contracts Administrator, reported that the MSRC had awarded the City of Palm Springs \$38,000 initially to install 6 electric vehicle charging stations. They were able to get some other funding from the California Energy Commission, get some really good

prices on things, and they came back and asked the MSRC to authorize a modification to their contract to allow them to do more stations with the residual funds. The MSRC approved that request, requiring a minimum of 35 stations. The City has completed 34 stations and they requested an extension. There were concerns raised about the lack of specificity in the contract, that it did not state an exact number of stations; it just stated a minimum. Before those concerns could be resolved, the contract terminated. Subsequently, the City has determined the number and type of stations remaining to be funded. It is one station, but it is a “level three,” a fast-charge station, which is considerably more expensive. The recommendation is to issue a replacement contract for the amount that was the balance of the previous contract, \$21,163; a 72-month term for the City to install this DC fast-charging station, and then keep it operational for 5 years.

ON MOTION BY MSRC MEMBER GREG WINTERBOTTOM, AND
SECONDED BY MSRC ALTERNATE BEN BENOIT, THE MSRC VOTED
UNANIMOUSLY TO APPROVE A 72-MONTH REPLACEMENT
CONTRACT WITH THE CITY OF PALM SPRINGS IN THE AMOUNT OF
\$21,163.

AYES: BENOIT, MARTINEZ, VERES, WHITE, WINTERBOTTOM,
MCCALLON, RUSH.

NOES: NONE.

ACTION: Staff will include this item for consideration by the SCAQMD Board at its September 4, 2015 meeting.

FYs 2014-16 Work Program

Agenda Item #6 – Consider Funding Applications Received Under the Local Government Match Program

Tanya Love, Chair of the Local Government Match Subcommittee, reported that \$13 million was allocated to the Local Government Match Program for the two-year work program. Of that amount, \$1,625,000 per county was set aside as a geographic minimum to encourage broad-based participation by all of the counties. The application period opened June 2 and it closes on September 4. At this point in time, 26 applications have been received requesting \$5.2 million. Table 1, page 3, of the staff report will show the amount of funding requested by city or county; and page 4, Table 2, provides an overview of those projects by category, to determine if it is an active transportation or a fueling station, etc. The Subcommittee reviewed the 25 applications and made a recommendation to the TAC to recommend approval of those. The 26th application was from the City of El Monte. At this point the Subcommittee is asking for some additional information on that application. The costs seem to be a little high. This application is still being evaluated.

The Local Government Match Program is an interesting program in that it is a competitive call for projects but if the application is turned in the first day and the minimum hasn't been met, it is likely to be funded. Therefore, the TAC and staff recommendation is to approve the \$5.2 million requested; and have the City of El Monte retain its place in line while the Subcommittee takes another look at it, with a follow-up recommendation to be brought back to the MSRC at a future meeting.

The geographic minimums have not been met, except for the County of Los Angeles. If the MSRC allocates the requested \$5.2 million, there will still be adequate funds for the geographic minimums to be met in the future. Ms. Love anticipates returning to the MSRC meeting next month with some additional recommendations.

Erik White commented that CARB is working closely with SCAQMD on their SIP development and one of the areas of tremendous focus is the low NOx engines in medium heavy duty and heavy duty applications. Early next year there will be natural gas engines available that will meet CARB's optional low NOx standards. To the extent that these vehicles are funded through MSRC, it would seem appropriate as the state and the SCAQMD are trying to find ways to accelerate these technologies in the region, that vehicles would meet those standards to the extent that they are available in the market place. Would that be something that can be built into this? That would be important for the government to step up and help develop the market for this.

Ray Gorski said any vehicle that is certified to an optional NOx standard would qualify under this program. Right now the requirement for the alt fuel medium- and heavy-duty vehicles is that they meet the 0.02 g/bhp-hr standard. In all honesty, they almost all come in lower than that, from a certification standpoint, but there is no question that any time the standards are ratcheted up, the program simply follows suit. Therefore, when the 0.02 gram engines become available, they can certainly shift the incentives towards those technologies.

Henry Hogo added that there are two parts: Obviously, we would like the purchase of these much cleaner engines; the other part is the costs and the bid structure for this round is what is commercially available. We have some idea from the engine manufacturers, at least with the natural gas engine how much more it will cost, so there may be a need to shift some funds around if the budget has already been set for these vehicles, so we would have to look at that. However, Mr. Hogo would recommend that as staff works with each of these entities to encourage them to look at the lower NOx engines, and see if that fits in. We can work with Ray Gorski in looking at how the Work Program can be amended in the future. Mr. Gorski added that this program, as designed, requires that the vehicles be certified by CARB, meaning that it has been commercialized. It does accommodate a \$60,000 per vehicle incremental cost, and he is not sure what cost the new 0.02 gram engines will have. The new engines, when they are available, it is important that the MSRC recognize that they still have an unallocated balance of more than \$15 million dollars; approaching \$16 million. So, if it is going to be such that these are pre-commercial vehicles, which may not fit directly under this program, there is still, should the MSRC choose, funding available to have a more dedicated opportunity to accelerate their introduction.

Mr. Hogo commented that the first of the natural gas engines, which is a 9L engine, will be commercially available during the first quarter of next year at 0.02 gram, per a recent meeting with Cummins Westport, the engine manufacturer. It will be fully commercialized. We will work with Ray Gorski and staff to see if there can be some modifications to the Work Program elements to recognize these new engines. Erik White said that would be great and would go a long way for the region, as well, and highlight how both the state should invest and potentially local funds can be invested to bring these much cleaner technologies into the market.

ON MOTION BY MSRC MEMBER MICHELE MARTINEZ, AND
SECONDED BY MSRC ALTERNATE BEN BENOIT, THE MSRC VOTED
UNANIMOUSLY TO APPROVE 25 AWARDS IN THE AMOUNT OF
\$5,114,228, AND TO DEFER ACTION ON THE APPLICATION FROM CITY
OF EL MONTE, WHILE ADDITIONAL INFORMATION IS SOUGHT; AS
PART OF THE LOCAL GOVERNMENT MATCH PROGRAM UNDER THE
FY 2014-16 WORK PROGRAM.

AYES: BENOIT, MARTINEZ, VERES, WHITE, WINTERBOTTOM, RUSH,
MCCALLON.

NOES: NONE.

ACTION: Staff will include these awards for consideration by the SCAQMD Board at its September 4 meeting.

Agenda Item #7 – Consider Work Plan Received Under the Transportation Control Measure CTC Partnership Program

MSRC-TAC Member Kelly Lynn, Chair/TCM Subcommittee, reported that this is an element of the new FYs 2014-16 Work Program. The MSRC allocated \$10 million to demonstrate innovative projects that have potential to reduce significant numbers of automobile trips or remove impediments to efficient traffic flow. The MSRC Program seeks to enter into partnerships with the CTCs that have historically taken the lead in implementing TDM/TCM strategies. The MSRC has set aside \$2.5 million per County to be administered by each County's respective Transportation Commission. There are a number of projects that are eligible for this type of funding: freeway service patrol, EV charging stations, bicycle projects, and anything with active transportation. It opened up on May 1st; and closes on November 25, 2015. The CTCs are all working on their proposals, looking at what is going to work best in their region. OCTA is the first to submit a project which involves five active transportation projects, more specifically bicycle projects, involving everything from enhanced lighting of bicycle pathways to improving bicycle pathways. They are requesting \$943,643, and the projects are co-funded, as well. It allows the MSRC money to be able to go a bit further. That is the other nice enhancement about this program.

MSRC Member Greg Winterbottom added that OCTA has a strong Bicycle Subcommittee working with the TAC and this is proof of how we are doing. One of the individuals is a staunch bicyclist. This is the result of that Subcommittee working through the CAC and on up to getting funded. Thanks to the MSRC we are going to have some good bicycle stuff.

Mr. Winterbottom stated that he is required to identify for the record that he is a member of the Board of Directors for OCTA, which is involved in this item, but he can still vote. He provided this disclosure for this item, and Agenda Item #2.

ON MOTION BY MSRC MEMBER MICHELE MARTINEZ, AND
SECONDED BY MSRC ALTERNATE BEN BENOIT, THE MSRC VOTED
UNANIMOUSLY TO APPROVE FUNDING IN THE AMOUNT OF \$943,643
TOWARDS FIVE OCTA ACTIVE TRANSPORTATION PROJECTS
AYES: BENOIT, MARTINEZ, VERES, WHITE, WINTERBOTTOM, RUSH,
MCCALLON.
NOES: NONE.

ACTION: Staff will include this item for consideration by the SCAQMD Board at its September 4, 2015 meeting.

Agenda Item #8 – Consider Recommendation for Programmatic Outreach Services for the MSRC

MSRC-TAC Chair Gretchen Hardison reported that for many years the MSRC has maintained a consultant to conduct Programmatic Outreach Services. In keeping with MSRC practice to re-compete services after the base contract and options have been exercised, in April the MSRC approved the release of a Request for Proposals to renew these programmatic outreach services. Concurrently, the MSRC also allocated \$120,000 to continue those services as an element of the current FYs 2014-16 Work Program. The RFP was released on May 1 with a June 17 deadline and the RFP established evaluation criteria which are in the staff report. The RFP also established

a targeted funding level of \$120,000 for a base 2-year period, and it also included an optional cost proposal for an additional 2 years. Five proposals were received in response to the RFP. After the Evaluation Committee reviewed those proposals, they decided to interview the top three ranked proposers. The final scores are also in the packet. Ms. Hardison is pleased to recommend on behalf of the MSRC-TAC that The Better World Group be awarded a contract in an amount not to exceed \$118,065 for a base two-year period beginning in January 2016, with a one-time, two-year option. If the MSRC chooses to adopt this and to exercise that option, the contract value for the two-year option period would be determined at that time and come out of that Work Program.

The Better World Group continues to demonstrate an excellent understanding of what the MSRC does, the framework within which we operate, the audience, the work to be performed, and they have a deep understanding of the contractors, the local governments and other parties with which the MSRC works. They had a lot of new ideas and a lot of energy to bring to this program. They are tough to beat! The Evaluation Committee was pleased with the two other proposers that were interviewed, but The Better World Group's efforts really do stand out above the others that were reviewed. The MSRC was asked for their concurrence in awarding the contract for Programmatic Outreach Services to The Better World Group. If the MSRC approves this award recommendation, it will be forwarded to the SCAQMD Governing Board for consideration at its September 4, 2015 meeting.

ON MOTION BY MSRC MEMBER GREG WINTERBOTTOM, AND
SECONDED BY MSRC ALTERNATE BEN BENOIT, THE MSRC VOTED
UNANIMOUSLY TO APPROVE A CONTRACT AWARD TO THE BETTER
WORLD GROUP TO PROVIDE OUTREACH SERVICES FOR THE MSRC
IN AN AMOUNT NOT TO EXCEED \$118,065 FOR A BASE TWO-YEAR
PERIOD COMMENCING JANUARY 2016; WITH A ONE-TIME TWO-
YEAR TERM OPTION FOR WHICH, IF THE MSRC CHOOSES TO
EXERCISE THE OPTION, THE CONTRACT VALUE WOULD BE
INCREASED IN AN AMOUNT TO BE DETERMINED AT THAT TIME.

AYES: BENOIT, MARTINEZ, VERES, WHITE, WINTERBOTTOM, RUSH,
MCCALLON.

NOES: NONE.

ACTION: Staff will include this award for consideration by the SCAQMD Board at its September 4 meeting.

Agenda Item #9 – Consider Partnership with SCAQMD to Implement a Residential Electric Vehicle (EV) Charging Incentive Pilot Program

Ray Gorski, MSRC Technical Advisor, presented this item on behalf of the SCAQMD. They are seeking the MSRC's participation in a joint program which would help introduce additional electric vehicle charging equipment in residential homes. This program is intended to help buy down the cost of acquiring electric vehicle chargers. It is currently envisioned that the program will award up to \$250 per charger for those residents within the SCAQMD which are not afforded an opportunity through their regular local electrical utility provider. There is also an opportunity for an individual to earn an additional \$250 if they are economically disadvantaged and typically that will be determined by whether or not they qualify for subsidized electrical usage or rates. The program is currently envisioned to help ensure that there is equity amongst all the residents within the SCAQMD. Some jurisdictions already have incentive programs in place; others do not. This program is really intended to level the playing field for all the residents such that they can have a reduced cost for purchasing electric home charger. The total program value is \$1 million. The MSRC is asked to contribute \$500,000, which will be matched equally by the SCAQMD. This is

a pilot program, meaning that they are going to, for all intents and purposes, test the waters. While \$1 million may sound like a lot, if you look at the number of residents within the four-county region, it is still a really small fraction, and because of all the issues with air quality and the challenges which the SCAQMD is facing, the use of electric cars and zero tailpipe emissions is viewed as an important strategy to help reach the attainment requirements for air quality. The specifics of the program will be implemented by the SCAQMD. The MSRC staff will have a relatively limited role in doing the day-to-day administration. As far as the actual constructs of the program, some of them are still in the works. They are trying to make this as flexible as possible, but because this is a pilot demonstration, there will probably need to be some mid-course corrections as we go through. Therefore, the MSRC will be kept apprised, not only how the program is being received, but also of any modifications that have been made to it.

Today's request by the SCAQMD is to partner with the MSRC in the amount of \$500,000 to implement a Residential EV Charging Incentive Program. The base incentive will be \$250. Disadvantaged households will earn up to a maximum of \$500. The total program value is \$1 million, equally shared between the two agencies. The \$500,000 will come from the MSRC's unallocated balance, which is currently approximately \$15.7 million.

[MSRC Member Michael Antonovich arrived during the discussion of this item, at approximately 2:27 p.m.]

MSRC Vice Chair Larry McCallon asked if Southern California Edison is participating or contributing. Mr. Gorski indicated that there are some utilities that do have incentive programs, for example, L.A. Department of Water and Power has had incentive programs. Some of the smaller municipal utilities do in fact have programs. To the best of his knowledge, Southern California Edison, at this time, does not have any program.

MSRC Member Erik White indicated that the CARB and SCAQMD have pilot programs for EV deployments in disadvantaged communities and for low income consumers. Can this money be packaged with that to help make home charging more affordable for low income consumers who may be participating in the EFMP program, for instance? Mr. Hogo replied that it will complement the EFMP. The SCAQMD has had consumers purchasing full electric vehicles, as well as plug-ins and they can access State funding for electric charging stations, but some of the consumers do not qualify, even though they participating in the EFMP, because they do not live in a disadvantaged community. This program will complement that. Therefore, we have told those consumers to wait until we start our program and apply for funding. Regarding Edison, we are covering all the territory that Edison has for which they are not offering a rebate. Mr. Hogo responded to other questions relating to the EFMP program.

MSRC Member Steve Veres is wondering how SCAQMD is handling multi-family rental scenarios. Mr. Hogo said they will be testing the waters and we have been looking at this closely, along with CARB and the Energy Commission on what to do with Multi-Unit Dwellings (MUDs), and how to get charging into the units. We have to work with the landlords of those multi-family units to see if they are willing to put that in. In addition, we have been discussing with the building associations about putting in electric charging as part of our review under CEQA when new developments occur. Mayor Yates, SCAQMD Governing Board Vice Chair, has pushed for changes in the city's building codes to require stubouts for natural gas home refueling units, in the past. We have been looking at whether cities can modify their codes to have some requirements that during construction of the multifamily units, that there be stubouts for charging stations. Those are things we are pursuing.

ON MOTION BY MSRC MEMBER MICHELE MARTINEZ, AND SECONDED BY MSRC ALTERNATE ADAM RUSH, THE MSRC VOTED UNANIMOUSLY TO APPROVE PARTNERING WITH THE SCAQMD ON A RESIDENTIAL EV CHARGING PILOT PROGRAM FOR WHICH THE SCAQMD WILL PROVIDE \$500,000 IN FUNDING AND THE MSRC WILL MATCH THIS WITH A \$500,000 CONTRIBUTION FROM THE MSRC DISCRETIONARY FUND.

AYES: ANTONOVICH, MARTINEZ, VERES, WHITE, WINTERBOTTOM, RUSH, MCCALLON.

NOES: NONE.

ACTION: Staff will include this item for consideration by the SCAQMD Board at its September 4, 2015 meeting.
