FYs 2018-2021 Work Program

FYs 2018-21 Programmatic Outreach

At their June 20, 2019 meeting, the MSRC approved a proposal from their Programmatic Outreach Coordinator, Better World Group Advisors (BWG), to perform additional research and outreach in support of development of the FYs 2018-21 Work Program. The MSRC authorized the work at a cost not to exceed \$25,165, to be met through a combination of reallocation from other tasks under BWG's Contract #MS16030 and the allocation of an additional \$15,000. Following modification of the contract, a task order was issued in the amount of \$25,165 to authorize the work. In coordination with MSRC staff, BWG has proceeded to participate in meetings and workshops, reach out to potential project partners, and investigate collaborative opportunities. Given staff direction and the potential project partners' schedules, BWG's work has not proceeded as rapidly as originally anticipated. Contract #MS16030 expired on December 31, 2019. BWG requests that their current Contract #MS21002 be increased by \$15,079, the unexpended balance of the task order, so that they can complete this work. The MSRC approved a value augmentation of \$15,079 to BWG's contract #MS21002.

UCLA Luskin Center for Innovation

As directed by MSRC, the UCLA's Luskin Center provided a summary of the MSRC-supported project to identify multi-unit dwelling (MUD) and workplace locations across Southern California where there is particularly high latent demand for plug-in vehicle (PEV) charging. By identifying locations where installed infrastructure has a high

likelihood of being used, the project is intended to support the growth of PEV use and electric vehicle miles traveled.

Update on MSRC's Regional Goods Movement Program

In June 2019, the MSRC established four subject matter areas for the Regional Goods Movement Program of its FYs 2018-21 Work Program. For the Zero & Near-Zero Emission Truck Maritime Ports, in December 2019 the Market Acceleration Program (MAP) NZE HD Truck Program in Partnership with SCAQMD & Implementation Partner Clean Energy® was launched. This program targets the near zero natural gas 0.02-gram/bhp-hr trucks. Staff will be bringing further near-zero deployment opportunities forward for discussion. Meanwhile, the second Zero/Near Zero Emission Truck Working Group Meeting will convene in February 2020; the focus will be on zero-emission truck demonstration. For the Inland Ports, a program opportunity notice has been released. Finally, the Last Mile Program will be the primary focus for the new year. Discussions with SCAG's Goods Movement staff have been underway and other stakeholders are being encouraged to participate.

Contract Modification Request

The MSRC considered seven contract modification requests and took the following actions:

1. For the County of Los Angeles, Contract #ML14030, which provided \$425,000 for Bicycle Racks, Outreach and Education, a two-month term extension;
2. For the City of Bellflower, Contract #ML12091, which provided \$100,000 to increase the number of EV charging stations to be installed from five to eleven and install all stations at the new City parking lot, with no change to the project cost;
3. For the City of Covina, Contract #ML18156, which provided \$63,800 to purchase four light-duty zero emission vehicles and to substitute one dual-port charging station for two charging, and a nine-month term extension, due to unforeseen delays in the delivery of the vehicles;
4. For the County of Los Angeles, Contract #ML14027, which provided \$500,000 to install New CNG Stations in Canyon Country and La Puente, an eighteen-month term extension;
5. For the Los Angeles County Metropolitan Transportation Authority (Metro), Contract #MS14057, which provided \$1,250,000 to implement Various Signal Synchronization Project, a three-year term extension;
6. For the County of Los Angeles, Contract #ML14096, which provided \$150,000 for San Gabriel Bike Trail Underpass Improvements, remove the tunnel lighting from the project and reduce the contract value by \$75,814; and
7. For the City of Eastvale, Contract #16040, which provided \$110,000 to install EV charging infrastructure, with no change to the project cost. The MSRC approved the request with these conditions: 1) approval of the substitution of twelve Level III chargers for twenty Level II chargers; and 2) that MSRC funds only be used for nonproprietary EVSE project components. This means that the

City could select to use a nonproprietary charger technology. Or, they could choose to install the Tesla chargers but apply the funding to elements other than the charging equipment itself, including but not limited to site work and permitting.

Received and Approved Final Reports

The MSRC received and unanimously approved three final reports this month as follows:

1. Rialto Unified School District, Contract #MS14076, which provided \$225,000 to construct new public access CNG station;
2. Orange County Transportation Authority, Contract #MS16029, which provided \$836,413 for the TCM Partnership Program; and
3. Orange County Transportation Authority, Contract #MS18005, which provided \$834,222 for the Clean Fuel Bus Service to OC Fair.
