

BOARD MEETING DATE: September 4, 2020

AGENDA NO. 24

REPORT: Mobile Source Committee

SYNOPSIS: The Mobile Source Committee held meeting remotely on Friday, August 21, 2020. The following is a summary of the meeting.

RECOMMENDED ACTION:
Receive and file.

Dr. William A. Burke, Chair
Mobile Source Committee

PF:ak

Committee Members

Present: Dr. William Burke/Chair
Supervisor Lisa Bartlett
Mayor Larry McCallon
Council Member Judith Mitchell
Council Member Carlos Rodriguez

Absent: Supervisor V. Manuel Perez

Call to Order

Chair Burke called the meeting to order at 9:01 a.m.

INFORMATIONAL ITEM:

Update to the Attainment Plan for the 24-hour PM2.5 Standard for South Coast Air Basin

Dr. Philip Fine, Deputy Executive Officer/Planning, Rules Development and Area Sources, provided a briefing on the proposed attainment plan for the 2006 24-hour PM2.5 standard for the South Coast Air Basin.

Council Member Rodriguez requested clarification on the number of monitoring sites in the Basin. Dr. Fine responded that the sites used for determining attainment status are listed in slides 5 and 6 (19 stations). The sites were primarily chosen to reflect population exposure while capturing the highest PM2.5 levels experienced in the Basin. Council Member Rodriguez inquired about the implications of fireworks for the two stations at Compton and Mira Loma. Dr. Fine explained that fireworks are eligible to be considered as exceptional events and can be excluded from attainment determination calculations based on the U.S. EPA guidelines. Dr. Fine added that very high PM2.5 levels were observed during the last July 4-5 period because of a combination of stagnant weather and increased local neighborhood fireworks likely resulting from reduced municipal firework displays due to COVID. He added that firework emissions are considered a regional problem because of the extensive amount of fireworks especially around July 4. Mayor McCallon commented that firework activity started much earlier this year before July 4 and continued until July 10 throughout the whole Basin.

Dr. Burke inquired about the ethnic breakdown in the Compton area. Mr. Wayne Nastri, Executive Officer, responded that Compton has a higher Latino population than African American. Mayor Mitchell commented that 66.8 percent of the population in the City of Compton is Hispanic and 30.4 percent is African American.

Dr. Burke asked about the fireworks from Disneyland and if they are still smokeless fireworks. Dr. Fine explained that in the past there were air quality concerns over the nightly firework shows at Disneyland. While smoke is inevitable when the fireworks explode in the air, Disneyland has been using pneumatic launch systems which eliminates smoke at the ground level.

WRITTEN REPORTS:

- 1. Rule 2202 Activity Report: Rule 2202 Summary Status Report**
This item was received and filed.
- 2. Monthly Report on Environmental Justice Initiatives: CEQA Document Commenting Update**
This item was received and filed.

OTHER MATTERS:

- 3. Other Business**
There was no other business.

4. Public Comment Period

There were no public comments.

5. Next Meeting Date:

The next regular Mobile Source Committee meeting is scheduled for Friday, September 18, 2020.

Adjournment

The meeting adjourned at 9:28 a.m.

- Notes:**
1. ECRP Compliance Option.
 2. ECRP Offset (combines ECRP w/AQIP). AQIP funds are used to supplement the ECRP AVR survey shortfall.
 3. ERS with Employee Survey to get Trip Reduction credits. Emission/Trip Reduction Strategies are used to supplement the ECRP AVR survey shortfall.
 4. Totals may vary slightly due to rounding.

DRAFT

BOARD MEETING DATE: September 4, 2020

AGENDA NO.

REPORT: Lead Agency Projects and Environmental Documents Received

SYNOPSIS: This report provides a listing of CEQA documents received by the South Coast AQMD between July 1, 2020 and July 31, 2020, and those projects for which the South Coast AQMD is acting as lead agency pursuant to CEQA.

COMMITTEE: Mobile Source, August 21, 2020, Reviewed

RECOMMENDED ACTION:
Receive and file.

Wayne Nastri
Executive Officer

PF:SN:JW:LS:AM:MC

CEQA Document Receipt and Review Logs (Attachments A and B) – Each month, the South Coast AQMD receives numerous CEQA documents from other public agencies on projects that could adversely affect air quality. A listing of all documents received during the reporting period July 1, 2020 and July 31, 2020 is included in Attachment A. A list of active projects for which South Coast AQMD staff is continuing to evaluate or prepare comments for the July reporting period is included as Attachment B. A total of 60 CEQA documents were received during this reporting period and 30 comment letters were sent.

The Intergovernmental Review function, which consists of reviewing and commenting on the adequacy of the air quality analysis in CEQA documents prepared by other lead agencies, is consistent with the Board's 1997 Environmental Justice Guiding Principles and Environmental Justice Initiative #4. As required by the Environmental Justice Program Enhancements for FY 2002-03, approved by the Board in October 2002, each attachment notes proposed projects where the South Coast AQMD has been contacted regarding potential air quality-related environmental justice concerns. The South Coast AQMD has established an internal central contact to receive information on projects with potential air quality-related environmental justice concerns. The public may contact the South Coast AQMD about projects of concern by the following means: in writing via fax,

email, or standard letters; through telephone communication; and as part of oral comments at South Coast AQMD meetings or other meetings where South Coast AQMD staff is present. The attachments also identify, for each project, the dates of the public comment period and the public hearing date, if applicable. Interested parties should rely on the lead agencies themselves for definitive information regarding public comment periods and hearings as these dates are occasionally modified by the lead agency.

At the January 6, 2006 Board meeting, the Board approved the Workplan for the Chairman's Clean Port Initiatives. One action item of the Chairman's Initiatives was to prepare a monthly report describing CEQA documents for projects related to goods movement and to make full use of the process to ensure the air quality impacts of such projects are thoroughly mitigated. In response to describing goods movement, CEQA documents (Attachments A and B) are organized to group projects of interest into the following categories: goods movement projects; schools; landfills and wastewater projects; airports; general land use projects, etc. In response to the mitigation component, guidance information on mitigation measures was compiled into a series of tables relative to: off-road engines; on-road engines; harbor craft; ocean-going vessels; locomotives; fugitive dust; and greenhouse gases. These mitigation measure tables are on the CEQA webpages portion of the South Coast AQMD's website at:

<http://www.aqmd.gov/home/regulations/ceqa/air-quality-analysis-handbook/mitigation-measures-and-control-efficiencies>. Staff will continue compiling tables of mitigation measures for other emission sources.

Staff focuses on reviewing and preparing comments for projects: where the South Coast AQMD is a responsible agency; that may have significant adverse regional air quality impacts (e.g. special event centers, landfills, goods movement); that may have localized or toxic air quality impacts (e.g. warehouse and distribution centers); where environmental justice concerns have been raised; and which a lead or responsible agency has specifically requested South Coast AQMD review. If staff provided written comments to the lead agency as noted in the column "Comment Status," there is a link to the "South Coast AQMD Letter" under the Project Description. In addition, if staff testified at a hearing for the proposed project, a notation is provided under the "Comment Status." If there is no notation, then staff did not provide testimony at a hearing for the proposed project.

During the period of July 1, 2020 and July 31, 2020, the South Coast AQMD received 60 CEQA documents. Of the 82 documents listed in Attachments A and B:

- 30 comment letters were sent;
- 23 documents were reviewed, but no comments were made;
- 27 documents are currently under review;
- 0 document did not require comments (e.g., public notices);
- 0 document were not reviewed; and
- 2 documents were screened without additional review.

(The above statistics are from July 1, 2020 and July 31, 2020 and may not include the most recent “Comment Status” updates in Attachments A and B.)

Copies of all comment letters sent to lead agencies can be found on the South Coast AQMD’s CEQA webpage at the following internet address:

<http://www.aqmd.gov/home/regulations/ceqa/commenting-agency>.

South Coast AQMD Lead Agency Projects (Attachment C) – Pursuant to CEQA, the South Coast AQMD periodically acts as lead agency for stationary source permit projects. Under CEQA, the lead agency is responsible for determining the type of CEQA document to be prepared if the proposal for action is considered to be a “project” as defined by CEQA. For example, an Environmental Impact Report (EIR) is prepared when the South Coast AQMD, as lead agency, finds substantial evidence that the project may have significant adverse effects on the environment. Similarly, a Negative Declaration (ND) or Mitigated Negative Declaration (MND) may be prepared if the South Coast AQMD determines that the project will not generate significant adverse environmental impacts, or the impacts can be mitigated to less than significance. The ND and MND are written statements describing the reasons why projects will not have a significant adverse effect on the environment and, therefore, do not require the preparation of an EIR.

Attachment C to this report summarizes the active projects for which the South Coast AQMD is lead agency and is currently preparing or has prepared environmental documentation. As noted in Attachment C, the South Coast AQMD continued working on the CEQA documents for one active project during July.

INCOMING CEQA DOCUMENTS LOG
July 1, 2020 to July 31, 2020

SOUTH COAST AQMD LOG-IN NUMBER	PROJECT DESCRIPTION	TYPE OF DOC.	LEAD AGENCY	COMMENT STATUS
PROJECT TITLE				
Goods Movement LAC200714-06 Pier B On-Dock Rail Support Facility Project	The project consists of reconfiguration and expansion of the Pier B on-dock rail support facility to move cargo via on-dock rail with a capacity of handling up to 35 percent of cargo containers by on-dock rail. The project is located on the northwest corner of Interstate 710 and Ocean Boulevard in the community of Wilmington-Harbor City. Reference LAC190705-04, LAC180112-01, LAC170127-01, and LAC161216-06 Comment Period: 7/9/2020 - 8/24/2020 Public Hearing: 7/28/2020	Notice of Availability of a Draft Environmental Impact Statement	United States Department of Transportation, Maritime Administration	** Under review, may submit written comments
Warehouse & Distribution Centers LAC200728-01 Panattoni Project	Staff provided comments on the Mitigated Negative Declaration for the project, which can be accessed at: http://www.aqmd.gov/docs/default-source/ceqa/comment-letters/2020/July/LAC200626-02.pdf . The project consists of construction of a 292,400-square-foot industrial building with warehousing use on 14.3 acres. The project is located on the southwest corner of East 223rd Street and Tesoro Campus Drive. Reference LAC200626-02 Comment Period: N/A Public Hearing: N/A	Response to Comments	City of Carson	** Under review, may submit written comments
Warehouse & Distribution Centers ORC200728-04 Sycamore Hills Distribution Center Project	The project consists of construction of two warehouses totaling 603,100 square feet on 11.6 acres. The project is located on the northeast corner of East Alessandro Boulevard and Barton Street. Comment Period: 7/28/2020 - 8/27/2020 Public Hearing: 8/12/2020	Notice of Preparation	City of Riverside	** Under review, may submit written comments
Warehouse & Distribution Centers RVC200708-03 Placentia Logistics Project	The project consists of construction of a 274,190-square-foot warehouse on 11.80 acres. The project is located on the northwest corner of Placentia Avenue and Harvill Avenue. Comment Period: 6/25/2020 - 7/20/2020 Public Hearing: N/A	Notice of Intent to Adopt a Mitigated Negative Declaration	County of Riverside	Document reviewed - No comments sent for this document received

*Sorted by Land Use Type (in order of land uses most commonly associated with air quality impacts), followed by County, then date received.

- Project has potential environmental justice concerns due to the nature and/or location of the project.

** Disposition may change prior to Governing Board Meeting

Documents received by the CEQA Intergovernmental Review program but not requiring review are not included in this report.

ACTIVE SOUTH COAST AQMD LEAD AGENCY PROJECTS
THROUGH JULY 31, 2020

PROJECT DESCRIPTION	PROPONENT	TYPE OF DOCUMENT	STATUS	CONSULTANT
Quemetco is proposing to modify existing South Coast AQMD permits to allow the facility to recycle more batteries and to eliminate the existing daily idle time of the furnaces. The proposed project will increase the rotary feed drying furnace feed rate limit from 600 to 750 tons per day and increase the amount of total coke material allowed to be processed. In addition, the project will allow the use of petroleum coke in lieu of or in addition to calcined coke, and remove one existing emergency diesel-fueled internal combustion engine (ICE) and install two new emergency natural gas-fueled ICEs.	Quemetco	Environmental Impact Report (EIR)	A Notice of Preparation/Initial Study (NOP/IS) was released for a 56-day public review and comment period from August 31, 2018 to October 25, 2018, and 154 comment letters were received. Two CEQA scoping meetings were held on September 13, 2018 and October 11, 2018 in the community. South Coast AQMD staff received a preliminary Draft EIR on December 20, 2019 which is undergoing review.	Trinity Consultants
