Meeting Minutes Approved

The Mobile Source Air Pollution Reduction Review Committee (MSRC) approved the minutes of the December 17, 2020 meeting. The approved minutes are attached (*Attachment 1*).

Consider Opportunities to Expand the MSRC's Social Media Impact

In order to increase awareness of MSRC's programs, funding opportunities and project partners, the MSRC's Programmatic Outreach Coordinator. The Better World Group (BWG) proposed to develop regular communications assets for distribution to the MSRC-TAC members, MSRC members, and appropriate project partners so that they can have the opportunity to share and amplify on their social platforms to help grow the visibility of the MSRC's digital platforms and content. South Coast AQMD staff advised MSRC members about Brown Act implications of responding to other members' social media posts. The MSRC approved that BWG proceed and to coordinate with the appropriate communication offices at the MSRC member agencies.

Contract Modification Requests

The MSRC considered five contract modification requests and took the following actions:

1. For the City of Torrance, Contract #ML16039, which provides \$32,000 to install EV Charging Infrastructure, a one-year no-cost term extension;
2. For the City of Moreno Valley, Contract #ML16041, which provides \$20,000 to install EV Charging Infrastructure, a three-month no-cost term extension;
3. For Riverside County Transportation Commission (RCTC), which provides \$500,000 for weekend freeway service patrols, an eighteen-month no-cost term extension;
4. For the City of Aliso Viejo, Contract #ML18128, which provides \$65,460 to procure two light-duty ZEVs and install EV charging infrastructure, increased the total number of charging stations from seven to nine and reallocated costs between the limited access and public access charging categories; and
5. For the City of San Dimas, Contract #ML18148 (proposed), which provides \$50,000 to implement a bike sharing program, substitute the installation of bicycle detection units instead of implementing the originally proposed bike sharing program.

For Approval – As Recommended

5. Consider Three-Month No-Cost Term Extension by City of Bellflower, Contract #ML12091 (\$100,000 – EV Charging Infrastructure)

The City indicates that COVID-19-related complications have delayed their progress. They requested a six-month term extension. Due to the short time between the December MSRC meeting and the contract expiration date, in order to minimize the potential of the contract expiring, a three-month term extension was processed administratively. Therefore, a three-month term extension would fulfill the remainder of the City's request.

Moved by Benoit; seconded by Dutrey; under approval of Consent Calendar Items #1 through #7, item unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Veres, Vergis

Noes: None

6. Consider One-Year No-Cost Term Extension by City of San Fernando, Contract #ML16075 (\$354,000 – Install Class I Bikeway)

The City requests a one-year term extension due to continuing delays associated with obtaining construction approval from the Army Corps of Engineers.

7. Consider One-Year No-Cost Term Extension by City of Redondo Beach, Contract #ML18098 (\$89,400 – Install Six EV Charging Stations)

The City requests a one-year term extension due to delays associated with COVID-19.

Moved by Benoit; seconded by Dutrey; under approval of Consent Calendar Items #1 through #7, item unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Veres, Vergis

Noes: None

Action: MSRC Staff will amend the above contract accordingly.

ACTION ITEMS (Items 8 through 12):

FYs 2016-18 Work Program

8. Consider Modified Project List and Payment Schedule and One-Year Term Extension for Southern California Association of Governments (SCAG), Contract #MS18015 (\$2,000,000 – Future Communities Partnership Program)

SCAG requests to modify the project with the City of Monrovia, substituting a pilot program to encourage bicycle transit for a program to support shared-ride transportation network company trips. SCAG also requests modifications to the Payment Schedule. A reduction in SCAG's co-funding contribution would be more than offset by an increase in the co-funding from cities and counties. Lastly, SCAG requests a one-year contract term extension due to various delays associated with the COVID-19 pandemic.

MSRC Member Brian Berkson asked if SCAG is asking for the same amount of money, but not providing as much of their own money as they were supposed to based on how the contract was written.

Cynthia Ravenstein explained that there wasn't a designation where the money was going to come from (SCAG or project partners) as long as there was a certain amount of match being provided. The total amount of match being provided is proposed to be greater and there is no specification as to where it had to come from.

Moved by Berkson; seconded by Benoit; unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Veres, Vergis

Noes: None

Action: MSRC staff will amend the above contract accordingly.

9. Consider Contract Replacement for the City of Rancho Mirage, Contract #ML18133 (\$50,000 – Traffic Signal Synchronization)

Impacts associated with COVID-19 temporarily shut down some manufacturing plants and delayed their response times, which delayed completion of this project. Due to the expiration of the City's prior contract, the City requests a six-month contract replacement to complete the scope of work for this project.

Moved by Dutrey; seconded by Benoit; unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Veres, Vergis

Noes: None

Action: This item will be considered by the South Coast AQMD Board at its meeting on January 8, 2021.

10. Consider Contract Replacement for Omnitrans, Contract #MS18026 (\$83,000 – Modify Maintenance Facility and Train Technicians)

Impacts of staffing allocations due to COVID-19 delayed progress on this project. Due to the expiration of Omnitrans' prior contract, they request a twelve-month contract replacement to complete the scope of work for this project.

Brian Berkson commented that he's okay with this project, but expressed concern that since this is from FYs 2016-18, he questions the aging funds that may be able to be reallocated somewhere else and giving extensions could be problematic. He asked that this be considered at some point.

Moved by Benoit; seconded by Dutrey; unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Veres, Vergis

Noes: None

Action: This item will be considered by the South Coast AQMD Board at its meeting on January 8, 2021. MSRC Staff to provide a report that outlines any projects that have expired and the status of those funds for future agendas.

FYs 2018-21 Work Program**11. Consider Selection of New MSRC Website Host**

In August 2020, the MSRC authorized the release of RFP #P2021-04, seeking a contractor for the ongoing hosting and maintenance of the MSRC website. The solicitation period commenced on September 4, 2020 and closed on October 9, 2020. A total of three proposals were received.

Ben Benoit commented that \$4,000 is excessive for domain registration, but understands the need for it and highly suggested to buy all domain names related to MSRC.

Cynthia Ravenstein noted that there are several different domains that the MSRC does buy and funding includes minor modifications. Major and moderate modifications would be brought back to the Committee for approval.

Moved by Benoit; seconded by Dutrey; unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Veres, Vergis

Noes: None

Action: This item will be considered by the South Coast AQMD Board at its meeting on January 8, 2021.

12. Consider Proposed Partnership with South Coast AQMD and Regional Partners on Large-Scale Zero Emission Demonstration

In September 2020, the MSRC-TAC heard a preliminary overview of a proposed large scale demonstration project led by South Coast AQMD. The regional team for this zero emission drayage truck project would pursue funding which was expected to be offered by the California Air Resources Board (CARB) and the California Energy Commission (CEC). CARB and CEC have now released the anticipated solicitations, and South Coast AQMD is able to bring forward more specifics and seek the MSRC's support of the endeavor.

Chair McCallon asked if the presenter could elaborate on the solar aspect of this project.

Joseph Impullitti explained that they are doing 1 megawatt of solar at the NFI location and there will also be energy storage, so energy not used from solar would be put into storage. When trucks come in to charge it would supplement what they get from the grid and reduce their cost of charging the vehicles.

Chair McCallon asked if the chargers will be at the two facilities.

Joseph Impullitti commented they are looking into doing remote charging because the fleets want to be able to get more turns per day per truck, so they are looking at doing remote charging as well as having chargers at the facilities.

Naveen Berry added that the solicitation is fairly prescriptive about having those chargers be at the fleet location, but it does allow for one additional location to have consideration for opportunity charging, but the majority of chargers listed in the presentation will be at that fleet location.

John Dutrey asked why the infrastructure at the Ontario location cost double.

Joseph Impullitti explained that infrastructure at NFI will include the microgrid. Schneider's strategy is to see if they can use fewer chargers and have a higher utilization of those chargers by using their logistics system and communication systems and software that determines how much energy a truck will need for the next trip. Whereas NFI wants a microgrid to reduce their cost from the grid through energy storage and solar.

Naveen Berry added that it's also dependent upon the facility's specific duties.

John Dutrey asked how NFI and Schneider were selected.

Joe Impullitti explained that they worked with Gladstein, Neandross and Associates (GNA). Both NFI and Schneider have a strong interest in completely switching to zero emission vehicles. NFI is involved in the Volvo Lights project and Schneider has some experience with trucks in other projects. He added that another thing that's driving this is that a lot of their customers like Amazon and Walmart want goods delivered with zero emissions.

Naveen Berry added that because the solicitation requires 50 trucks deployed at one site location that reduces the number of fleets that would step up. These two fleets are willing to take on the risk to transition their diesel or near-zero emission fleets to full zero emission.

Chair McCallon commented that he's glad that at least one is doing the microgrid. He explained that as more fleets are added they need to isolate from the grid and have a source of power when the grid goes down, especially in the fire season.

Naveen Berry noted that CEC and CARB did a great job of envisioning that type of a need. He added that from South Coast AQMD's perspective, they will have two models to work with, one with a lesser number of chargers and one with a greater number of chargers but with energy management strategies in place, and they will be able to learn from both demonstrations individually and see what may be the best fit

for additional fleets that could replicate this type of model.

Joe Impullitti commented that they have foreseen this need coming and in the last couple of years funding has been added in the Clean Fuels Plan for infrastructure development in the area of microgrids.

John Dutrey asked if the \$8-9 million funding is for a new program or an existing program but has not been awarded.

Ray Gorski explained that the MSRC has an unallocated budget of approximately \$24 million and this funding commitment would come from that unallocated budget.

Moved by Berkson; seconded by Benoit; unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Veres

Abstain: Vergis

Noes: None

Action: This item will be considered by the South Coast AQMD Board at its January 8, 2021 meeting.

OTHER BUSINESS:

13. Other Business

Chair McCallon asked staff to address Brian Berkson's concern on Item #10.

Cynthia Ravenstein explained that it is always subject at the MSRC's discretion whether the Committee wishes to grant extensions or not. She added that there's nothing in the MSRC policy that indicates there is a final date that a contract can't be extended any further.

Brian Berkson asked if they can be provided with a report that outlines any projects that have expired and what those funds look like and they can look to see if those funds can be utilized for future funding.

Cynthia Ravenstein agreed to provide such report.
