Meeting Minutes Approved

The MSRC approved the minutes of the April 15, 2021 meeting. The approved minutes are attached (Attachment 1).

FYs 2018-21 Inland Ports Zero and Near-Zero Emission Cargo Handling

In March 2021, the MSRC approved several awards for on- and off-road goods movement projects associated with the “Inland Ports”—warehouse and distribution facilities located in Riverside and San Bernardino Counties. Among these was a \$3,000,000 award to ITS Technologies and Logistics, LLC dba ITS ConGlobal to procure and deploy up to 12 zero-emission electric yard tractors and associated charging infrastructure. Subsequent to the award, clarification was obtained that the charging infrastructure would be owned and operated by property owner Burlington Northern Santa Fe Railway Company (BNSF). In order to enhance accountability in administration of the project, it was recommended that the award be bifurcated into a \$1,686,900 award to ITS Technologies and Logistics, LLC and a \$1,313,100 award to BNSF. The MSRC considered and approved the bifurcation. No other aspects of the project would be changed.

MSRC Technical Advisor Services

The MSRC retains a Technical Advisor for programmatic and technical assistance. At their August 19, 2021 meeting, the MSRC approved release of an RFP #P2022-05 to

solicit Technical Advisor services for an initial two-year period beginning January 1, 2022, with a two-year option term to extend. The purpose of the Technical Advisor is to provide independent, objective assistance and advice to the MSRC and the MSRC's Technical Advisory Committee. The RFP establishes the following scoring criteria: Technical Qualifications/Experience; Technical Approach; Proposed Cost; Past Performance; and DVBE/Local Business/Small Business status. As long as expertise and qualifications meet the requirements, individually or collectively, proposals may be submitted by 1) a single independent contractor; 2) two or more independent contractors submitting a joint proposal; or 3) a consulting firm designating a team of key personnel. Proposals are due by October 14, 2021.

Contract Modification Requests

The MSRC considered six contract modification requests and took the following actions:

1. For the City of Santa Ana, Contract #ML12014, which provides \$338,000 to purchase nine CNG & LPG trucks and install EV charging stations, a three-month no-cost term extension;
2. For the City of Baldwin Park, Contract #ML12045, which provides \$400,000 to install a new CNG station, an eighteen-month no-cost term extension;
3. For Waste Resources, Contract #MS14079, which provides \$100,000 to install a new CNG station, an eight-month no-cost term extension;
4. For Hacienda La Puente Unified School District, Contract #MS14083, which provides \$175,000 to install a new CNG station, a 15-month no-cost term extension;

ACTION ITEM (Item 9):

9. Consider Opportunities to Expand the MSRC's Social Media Impact

In support of implementing the Programmatic Outreach Strategy previously approved by the MSRC, the Better World Group proposes to develop regular communications assets for distribution to members of the MSRC and MSRC-TAC and appropriate project partners to facilitate their sharing and amplifying on their social platforms to help grow the visibility of the MSRC's digital platforms and content.

Chair McCallon asked Legal to remind Members about the Brown Act requirements regarding social media. Daphne Hsu stated that last year AB 992 was passed and noted the following points about specific information relevant to social media: 1) Members can use social media to provide information to the public, 2) Members cannot have a majority of themselves discussing MSRC business on social media, 3)

Members cannot respond directly to each other's posts, including a "Like" or any type of emoji.

MSRC Member Sydney Vergis commented that she's very supportive of Mr. Aronin's efforts and encouraged him to reach out to the communications teams directly for details about obtaining partners from other agencies.

Brian Berkson thanked Mr. Aronin for his outreach efforts. He also noted this three-year program has brand new elements and believes it is important to keep the message out and advertise this program to those that can take advantage of it.

Jed Leano thanked Mr. Aronin for his efforts and suggested that when highlighting the work that has been completed to add a note about when the next round of funding will be available and how to apply. He noted that if people like the results of the project, then they can be informed of what is the next step and it gives the proactive involvement back to the user.

Sydney Vergis suggested to make an amendment to the item. She asked that since Better World Group is looking for partnerships, that they be able to work directly with the Member agencies' communications departments.

Moved by Berkson with an amendment that Better World Group will work directly with the Member agencies' communications departments regarding partnerships; seconded by Benoit; item unanimously approved.

Ayes: Benoit, Berkson, Dutrey, Leano, McCallon, Shaw, Vergis, Yamarone

Noes: None

Action: The Better World Group will reach out to the communication departments of the MSRC and MSRC-TAC member agencies.

OTHER BUSINESS:

10. Other Business

Jed Leano inquired about starting discussions on conducting meetings in-person. Chair McCallon responded that staff has been working on that and he will have further information as they move along.

Ray Gorski commented that the South Coast AQMD was notified that they had been ranked number one for the joint CARB/CEC project to demonstrate zero emission Class 8 tractors. He noted that in December, the MSRC made an award to South Coast AQMD and the original partnership in the amount of \$8 million and it will be moving forward to the Governing Board for approval. He added that he had a meeting with District staff, and they may be able to present some additional

highlights of this very ambitious project at the next MSRC meeting. He concluded by saying the \$8 million that the MSRC is investing in this program will be utilized to purchase 100 zero emission Class 8 tractors and it will add to the overall efforts that the MSRC has pursued under the Regional Goods Movement program in deploying over 400 near-zero and zero emission Class 8 tractors.

Ben Benoit inquired about a letter coming from the South AQMD to the body. Chair McCallon confirmed staff has not received anything yet.
