November 4, 2022
 - A. Determine That Reclassification of Coachella Valley for the 2008 8-Hour Ozone Standard and Updated Motor Vehicle Emissions Budgets Are Exempt from CEQA and Approve Request to Reclassify Coachella Valley for the 2008 8-Hour Ozone Standard and Updated Motor Vehicle Emissions Budgets **Rees/2856**

The Clean Air Act requires that transportation activities do not interfere with air quality progress for attainment or maintenance of air quality standards. To that end, Motor Vehicle Emissions Budgets (MVEB) are required for each air quality standard for which an area is in nonattainment. Coachella Valley is classified as a “severe” nonattainment area for the 2008 ozone standard. Accordingly, MVEBs were established in the 2016 AQMP and the 2018 SIP Update and were subsequently approved by U.S. EPA in 2020. Since then, an updated on-road mobile source

Cleaning the air that we breathe...

emissions model has estimated emissions which exceed the budget. Because the new emission estimates exceed the budget, new transportation projects are not allowed in the region, impacting projects worth approximately \$26 billion. Reclassifying the Coachella Valley to “extreme” nonattainment provides an opportunity to develop a new SIP and adjust the budgets, resolving this situation. This action is to approve the voluntary reclassification request and the new MVEBs for the 2008 ozone standard and submit them to U.S. EPA. (Reviewed: Mobile Source Committee, August 19, 2022)

- B. Determine That Proposed Amended Rule 1148.2 – Notification and Reporting Requirements for Oil and Gas Wells and Chemical Suppliers, Is Exempt from CEQA and Amend Rule 1148.2** **Krause/2706**

Rule 1148.2 – Notification and Reporting Requirements for Oil and Gas Wells and Chemical Suppliers is a notification rule for facilities that operate oil and gas wells. Proposed Amended Rule 1148.2 (PAR 1148.2) will address notification and reporting concerns raised by Wilmington, Carson, and West Long Beach and South Los Angeles AB 617 communities. PAR 1148.2 adds notification requirements to include both acidizing work for injection wells and diesel-fueled workover rig operations. PAR 1148.2 also includes annual reporting requirements for chemicals used during well operations. This action is to adopt the Resolution: 1) Determining that Proposed Amended Rule 1148.2 – Notification and Reporting Requirements for Oil and Gas Wells and Chemical Suppliers, is exempt from the requirements of the California Environmental Quality Act, and 2) Amending Rule 1148.2 – Notification and Reporting Requirements for Oil and Gas Wells and Chemical Suppliers. (Reviewed: Stationary Source Committee, September 16, 2022)

- C. Certify Final Subsequent Environment Assessment for Proposed Amended Rule 1168 – Adhesive and Sealant Applications; and Amend Rule 1168** **Krause/2706**

Proposed Amended Rule 1168 will delay VOC limit effective dates or increase VOC limits for certain categories where the technology assessment demonstrated the proposed effective dates or limits are not feasible; create further subcategories to better characterize and refine VOC limits; prohibit the use of para-Chlorobenzotrifluoride (pCBtF) and tertiary-Butyl Acetate (t-BAc); and clarify rule language. This action is to adopt the Resolution: 1) Certifying the Final Subsequent Environmental Assessment for Proposed Amended Rule 1168 – Adhesive and Sealant Applications; and 2) Amending Rule 1168 – Adhesive and Sealant Applications. (Reviewed: Stationary Source Committee, September 16, 2022)

- D. Determine That Proposed Rule 1460 – Control of Particulate Emissions from Metal Recycling and Shredding Operations Is Exempt from CEQA, and Adopt Proposed Rule 1460 **Krause/2706**

Proposed Rule 1460 will reduce fugitive dust emissions from metal recycling and metal shredding facilities by requiring housekeeping and best management practice provisions facilities to register with South Coast AQMD. Proposed Rule 1460 addresses an air quality priority identified by the Southeast Los Angeles and South Los Angeles Community Emission Reduction Plans that were developed under the AB 617 program. This action is to adopt the Resolution: 1) Determining that Proposed Rule 1460 - Control of Particulate Emissions from Metal Recycling and Shredding Operations, is exempt from the requirements of the California Environmental Quality Act; and 2) Adopting Proposed Rule 1460 - Control of Particulate Emissions from Metal Recycling and Shredding Operations. (Reviewed: Stationary Source Committee, September 16, 2022)

December 2, 2022

- E. Certify Final Program Environmental Impact Report for 2022 AQMP and Adopt Draft Final 2022 AQMP **Rees/2856**

The 2022 Air Quality Management Plan (AQMP) is the blueprint for how the region will meet the 2015 8-hour ozone national ambient air quality standard. The 2022 AQMP has been developed in partnership with CARB, U.S. EPA, SCAG and stakeholders throughout the region, including input from local government, health and environmental organizations and the business community. It identifies control measures needed to meet the 2015 8-hour ozone standard for the South Coast Air Basin and Coachella Valley by the 2037 deadline. This action is to adopt the Resolution: 1) Certifying the Final Program Environmental Impact Report for the 2022 AQMP and; 2) Adopting the 2022 AQMP. (Reviewed: Mobile Source Committee, February 18, and September 16, 2022; Board Meetings March 4, May 12, and August 5, 2022).

Items 4 through 13 -- Budget/Fiscal Impact

4. Execute Contract to Demonstrate Zero-Emission Port Equipment and Mobile Hydrogen Refueler **Katzenstein/2219**

Toyota Tsusho America, Inc. (TAI) is developing a hydrogen mobile refueler that can be used to support fuel cell powered off-road equipment. Under this project, a mobile hydrogen refueler will be used to support fuel cell powered cargo handling equipment at the Port of Los Angeles. This action is to execute a contract with TAI to develop a hydrogen mobile refueler in an amount not to exceed \$900,000 from the Clean Fuels Program Fund (31). (Reviewed: Technology Committee, September 16, 2022; Recommended for Approval)

5. **Transfer Funds to Assist Small Fleets in Purchasing Low NOx and Zero-Emission Trucks Under the Voucher Incentive Program** **Katzenstein/2219**

South Coast AQMD has implemented the Carl Moyer On-Road Heavy-Duty Vehicles Voucher Incentive Program (VIP) since 2009. The program is experiencing higher demand due to recently increased funding amounts and an upcoming compliance deadline under the CARB Truck & Bus Regulation. Therefore, additional funds are needed to implement truck projects to assist small fleets in purchasing low NOx and zero-emission replacement trucks under the VIP. This action is to transfer up to \$10 million from the Carl Moyer Program AB 923 Special Revenue Fund (80) to the VIP Fund (59) to implement truck projects. (Reviewed; Technology Committee, September 16, 2022; Recommended for Approval)

6. **Adopt Resolution to Authorize Participation as CARB At-Berth Regulation Remediation Fund Administrator, Establish Special Revenue Fund, Recognize Funds, and Reimburse General Fund for Administrative Costs** **Katzenstein/2219**

In May 2022, CARB invited South Coast AQMD to apply to be a Remediation Fund Administrator per the CARB Ocean-Going Vessels At-Berth Regulation. Use of the Remediation Fund supports alternative pathways for compliance with the Ocean-Going Vessels At-Berth Regulation in limited circumstances where operators or ports are otherwise unable to reduce emissions. Monies paid by these entities will be collected into a remediation fund to be managed and distributed by the administrator to fund incentive projects designed to achieve emission reductions. These actions are to: 1) adopt a Resolution authorizing participation in CARB's Remediation Fund Program as a Remediation Fund Administrator, acceptance of the terms and conditions of the Regulation's Remediation Fund administration requirements, and execution of a subsequent MOU with CARB; 2) establish the At-Berth Regulation Remediation Special Revenue Fund (88) upon execution of the MOU; 3) recognize, upon receipt, funds from CARB into Fund (88); and 4) reimburse the General Fund for up to 10 percent from the At-Berth Regulation Remediation Special Revenue Fund (88) for administrative costs to implement funding towards incentive programs.. (Reviewed; Technology Committee, September 16, 2022; Recommended for Approval)

7. **Amend Contracts for Technical Assistance with Incentive Program Implementation and Carl Moyer Program Awards** **Katzenstein/2219**

In April 2021, the Board released an RFQ for technical assistance with South Coast AQMD's Technology Advancement activities and implementation efforts. A contract with Green Paradigm Consulting, Inc. was executed to provide technical assistance with Carl Moyer and Community Air Protection program implementation. Also, in January 2022, the Board approved awards for projects received under Program Announcements for the Carl Moyer and Surplus Off-Road Opt-In NOx (SOON) incentive programs. Staff has identified projects that require adjustments and is requesting Board approval to amend awards under the Carl Moyer and SOON programs. These actions are to: 1) amend a contract with Green Paradigm Consulting, Inc. adding \$100,000 (\$50,000 each) from administrative portions of Carl Moyer Fund (32) and Community Air Protection AB 134 Fund (77); and 2) amend Carl Moyer and SOON program awards approved by the Board in January 2022. (Reviewed; Technology Committee, September 16, 2022; Recommended for Approval)

8. **Issue Purchase Order for Ingres Relational Database Management System Software Support** **Moskowitz/3329**

The Ingres Relational Database Management System is used for the implementation of the Central Information Repository database. This database is used by most enterprise-level software applications at South Coast AQMD and currently supports a suite of client/server and web-based applications known collectively as the Clean Air Support System (CLASS). CLASS applications are used to support all of South Coast AQMD's core activities. Licensing, maintenance, and support for this software expires on November 29, 2022. This action is to obtain approval for a three-year contract with Actian Corporation for a total amount not to exceed \$1,497,024. Funds for the first year's expense are included in the FY 2022-23 Budget and will be included in subsequent fiscal year budget requests. (Reviewed: Administrative Committee, September 9, 2022; Recommended for Approval)

9. **Appropriate Funds for Consultant Services for South Coast AQMD's Environmental Justice Outreach and Initiatives, Clean Air Program for Elementary Students and Why Healthy Air Matters Program** **Alatorre/3122**

At the September 4, 2020 meeting, the Board appropriated funds for the Environmental Justice Outreach and Initiatives and Clean Air Program for Elementary Students (CAPES) at \$360,000 per year in FY 2021-22 and FY 2022-23 and the Why Healthy Air Matters (WHAM) Program to add \$1,000,000 per year in FY 2021- 22 and FY 2022-23. Funding is provided from 20 percent of the annual penalty money received in excess of \$4 million from the General Fund. Sufficient annual penalty funding is not available for the Environmental Justice Outreach and Initiatives and CAPES and WHAM in FY 2022-23 based on this formula, and Board action is required to provide \$1,088,425 from BP ARCO Fund (Fund 46). This action is to appropriate funds for the Board approved contracts. (Reviewed: Administrative Committee, September 9, 2022; Recommended for Approval)

10. **Amend FY 2022-23 Budget By Adding and Deleting Positions Throughout the Agency to Address Operational Needs** **Olvera/2309**

This item is to amend the FY 2022-23 Budget to add and delete positions throughout the agency in order to address operational needs. This action will result in an increased annual cost of \$5.1 million. Funding for the budget will be appropriated into the FY 2022-23 Budget from the Undesignated (Unassigned) Fund Balance and will be requested in future budgets. (Reviewed: Administrative Committee, September 9, 2022; Recommended for Approval)

11. Approve Amendments to MOU with South Coast AQMD Professional Employees Association Regarding Employer Contributions for Health Insurance Premiums **Olvera/2309**

South Coast AQMD management and South Coast AQMD Professional Employees Association, representing the Professional Unit employees, have reached an agreement to address health insurance premium increases effective January 1, 2023. The proposed MOU amendment provides for an additional \$50 per month to be paid directly to health insurance providers on behalf of each employee. This action is to request Board approval of the MOU amendment. Sufficient funds are available in the FY 2022-23 Budget and will be requested in the FY 2023-24 Budget. (No Committee Review)

12. Amend Provisions of South Coast AQMD's Salary Resolution, Teamsters Local 911 MOU and SC-PEA MOU Relating to Vacation Leave Accrual Limitations **Olvera/2309**

Employees whose vacation accrual balances exceed 360 hours by the end of the last pay period beginning in December cannot accrue additional vacation until their balances are lowered to 360 hours. Due to operational needs, staff has been required to restrict the use of vacation leave time and, as a result, a substantial number of employees will exceed the accrual limits on vacation leave balances and will not be able to accrue vacation leave until their balance is below the threshold. This action is to seek approval of amendments to applicable provisions of the South Coast AQMD Salary Resolution, Teamsters Local 911 MOU, and SC-PEA MOU to temporarily increase the vacation leave accrual threshold to 450 hours and to extend the deadline to meet the limitation by two months. (No Committee Review)

13. Approve Contract Modification Approved by MSRC **McCallon**

As part of their FYs 2021-24 Work Program, the MSRC exercised the option clause to extend the contract with the Better World Group Advisors for programmatic outreach services and allocated \$183,100 for the contract extension. At this time, the MSRC seeks Board approval of the contract modification.
