BOARD MEETING DATE: December 2, 2022 AGENDA NO. 22

REPORT: Stationary Source Committee

SYNOPSIS: The Stationary Source Committee held a remote meeting on

Friday, November 18, 2022. The following is a summary of the

meeting.

RECOMMENDED ACTION:

Receive and file.

Ben J. Benoit, Chair Stationary Source Committee

JA:cr

Committee Members

Present: Mayor Ben J. Benoit, Committee Chair

Supervisor Sheila Kuehl, Committee Vice Chair

Senator Vanessa Delgado (Ret.)

Board Member Veronica Padilla-Campos

Supervisor Janice Rutherford

Absent: Vice Mayor Rex Richardson

Call to Order

Chair Benoit called the meeting to order at 10:30 a.m.

For additional information of the Stationary Source Committee Meeting, please refer to the Webcast.

INFORMATIONAL ITEMS:

1. Summary of Proposed Amended Rule 1106 – Marine and Pleasure Craft Coatings and Proposed Amended Rule 1107 – Coating of Metal Parts and Products

Heather Farr, Planning and Rules Manager/Planning, Rule Development and Implementation, provided a summary of Proposed Amended Rules 1106 and 1107 that will address U.S. EPA's proposed limited State Implementation Plan (SIP) disapproval due to the inclusion of an unapproved test method. Board Member

Padilla-Campos asked for clarification on the limited SIP disapproval and staff explained that with the exception of the test method the rules can be approved.

There were no comments received from the public. For additional details, please refer to the Webcast beginning at 1:11.

2. Summary of Proposed Amended Rule 1118 – Control of Emissions From Refinery Flares

Michael Krause, Assistant Deputy Executive Officer/Planning, Planning, Rule Development and Implementation, presented a summary of Proposed Amended Rule 1118 to specifically address U.S. EPA's limited disapproval by including U.S. EPA and CARB as part of the approval process for test methods not specified in the rule.

There were no comments received from Committee members or from the public. For additional details, please refer to the Webcast beginning at 7:11.

WRITTEN REPORTS:

3. Monthly Update of Staff's Work with U.S. EPA and CARB on New Source Review Issues for the Transition of RECLAIM Facilities to a Command-and-Control Regulatory Program

The report was acknowledged by the committee.

4. Notice of Violation Penalty Summary

The report was acknowledged by the committee.

OTHER MATTERS:

5. Other Business

There was no other business to report.

6. Public Comment Period

Several public comments were raised regarding the Revised Draft 2022 AQMP:

Sarah Wiltfong, BizFed, Nayiri Baghdassarian, San Gabriel Valley Economic Partnership, Bill LaMarr, California Small Business Alliance and Elias Garcia, Los Angeles Chamber of Commerce, raised concerns on the electrification strategy and urged fuel and technology neutrality. They also commented on the capacity and resilience of the electric grid to support the proposed zero emission strategy and requested to include the costs associated with upgrading infrastructure in the 2022 AQMP's socioeconomic analysis. Mr. LaMarr requested to delay the adoption of the 2022 AQMP to perform an in-depth socioeconomic analysis including the costs for infrastructure and the possibility of an economic recession in 2023.

Michael Carroll, Latham and Watkins representing WSPA, stated an AQMP is a legally binding document with repercussions of economic penalties in case of failure to attain; therefore, it should contain a contingency plan if the assumptions used to develop the 2022 AQMP are no longer valid.

Wayne Nastri, Executive Officer, responded that the 2022 AQMP's socioeconomic analysis reflects the best available information and that quantifying all costs related with infrastructure is not possible, because some information is not available. Mr. Nastri clarified that the 2022 AQMP is technology neutral, and any fuel can be used that meets a zero emissions standard. Dr. Sarah Rees, Deputy Executive Officer/Planning, Planning, Rule Development and Implementation, stated that the federal CAA requires South Coast AQMD to identify specific technologies three years prior to the attainment due date for the emission reductions accounted for under Section 182(e)(5).

Supervisor Rutherford stated that it is challenging for a policymaker to vote on the 2022 AQMP because there are uncertainties with its implementation such as electrical grid capacity and associated costs. She also questioned if additional time would allow staff to address those uncertainties.

Mr. Nastri responded that a few extra months would not change the results of the analysis and explained that while it is difficult to plan the next 15 years with certainty, there will be technological progress over time and the CAA allows flexibility to rely on future technologies to achieve attainment. Dr. Rees commented on the difficulty of quantifying the cost for infrastructure upgrades even with additional time, since the costs needs be borne not only by South Coast AQMD, but also by other state and federal agencies. She also emphasized a legal obligation to develop the AQMP and submittal due date, which has passed already.

Supervisor Kuehl stated that there could be more generation of electricity locally over the next 15 years and electricity demand could be managed differently. For example, electricity used to bring water to the region could be spared by water recycling and water conservation. She emphasized the importance of adopting the AQMP.

For additional details, please refer to the Webcast beginning at 11:16.

7. Next Meeting Date

The next Stationary Source Committee meeting is scheduled for Friday, January 20, 2023 at 10:30 a.m.

Adjournment

The meeting was adjourned at 11:02 a.m.

November 2022 Update on Work with U.S. EPA and CARB on New Source Review Issues for the RECLAIM Transition

At the October 5, 2018 Board meeting, the Board directed staff to provide the Stationary Source Committee with a monthly update of staff's work with U.S. EPA regarding resolving NSR issues for the transition of facilities from RECLAIM to a command-and-control regulatory structure. The table below summarizes key activities with U.S. EPA and CARB since the last report.

Item	Discussion			
Video Conference with U.S. EPA and CARB – November 3, 2022	 Reviewed presentations for the upcoming November RECLAIM and Regulation XIII working group meetings
