Meeting Minutes Approved

The MSRC approved the minutes of the January 20, 2022 meeting. The approved minutes are attached (*Attachment 1*).

FYs 2021-24 Work Program

FYs 2021-24 Major Event Center Transportation Program

As part of its FYs 2021-24 Work Program, the MSRC allocated \$3,000,000 for event center transportation programs and released Program Announcement #PA2022-04. The Program Announcement solicits applications from qualifying major event centers and/or transportation providers to provide transportation service for venues not currently served by sufficient transportation service. Applicants are eligible to propose a maximum of two consecutive event seasons and are obligated to continue performing service for an additional two consecutive event seasons. The MSRC considered recommendations concerning an application submitted by Metro. Metro requested the MSRC to consider an award of \$1,200,248 to provide express bus service to Dodger Stadium for the 2023 and 2024 baseball seasons. For the 2023 season, service would be provided for two preseason games, 82 regular season games, two special events and up to ten post-season games. The 2024 season would have approximately 82 regular season

games, two special events and up to ten post-season games. The express bus service would begin at least 90 minutes prior to game/event start time and would utilize “near-zero” CNG buses. Metro and the Los Angeles Dodgers are committed to provide at least \$1,808,500 in co-funding contributions. The MSRC approved a contract award to Metro in an amount not to exceed \$1,200,248 as part of the FYs 2021-24 Work Program for the Dodger Stadium Express bus service.

FYs 2021-24 Publicly Accessible Goods Movement Zero Emission Infrastructure

The MSRC also approved the release of Request for Information (RFI) #RFI2023-01 under the FYs 2021-24 Work Program. The RFI, with a targeted funding amount of up to \$50,000,000, seeks the submittal of information packages which identify the respondent’s potential role and available resources to partner with the MSRC to develop zero emission infrastructure. The RFI has a clear focus on goods movement, but it is also the MSRC’s intention that the infrastructure would be accessible to all compatible zero emission vehicles and vehicle uses. Information packages may be submitted at any time from September 2 to November 30, 2022. Based on information submitted in response to the RFI, the MSRC may issue an RFP, or the MSRC may select one or more respondents and enter into discussions and/or negotiations and may make awards as a result of the RFI.

Update on Work Program Administration

At their June 2022 meeting, the MSRC asked about funding recipients’ extension requests and asked for a report. The MSRC Contracts Administrator provided a status report on administrative ideas previously proposed to the MSRC, discussed reasons for extension requests, outlined additional administrative measures being implemented, and discussed likely impacts.

Contract Modification Requests

The MSRC considered three contract modification requests and took the following actions:

1. City of Santa Monica, Contract # ML18080 to install EV Charging Infrastructure, approval of a two-month term extension;
2. 4 Gen Logistics, Contract # MS21013 to revise project scope, approval to substitute 40 Volvo battery electric zero emission semi-tractors for 40 BYD zero emission electric semi-tractors; and
3. City of Glendora, Contract #ML18089 to purchase a medium-duty zero emission vehicle, approval of a 30-month term extension, with the contingencies that the City must provide documentation of the vehicle order and no additional extensions will be granted for this contract.

Contracts Administrator's Report

The MSRC AB 2766 Contracts Administrator's report provides a written status report on all open contracts from FY 2008-09 to the present. The Contracts Administrator's Report for May 26 through July 27, 2022 is attached (*Attachment 2*).

Long Beach Transit indicated that the authorized vendor working on the repowers intermittently suspended its operations due to the COVID-19 pandemic, thus delaying anticipated work and delivery of vehicles. Long Beach Transit requested a 24-month term extension to allow them to complete the work. The MSRC-TAC

recommended approval contingent upon Long Beach Transit providing quarterly status reports.

ACTION ITEM (Item 6)

MSRC Member Alternate Lisa Bartlett joined the meeting.

FYs 2018-21 Work Program

6. Consider \$6,751,000 Contingency List and 18-Month Term Extension by Southern California Association of Governments (SCAG), Contract #MS21005 (\$10,000,000 – Implement Last Mile Goods Movement Program)

Scott Strelecki with SCAG presented on the Last Mile Freight Program (LMFP) and the selected contingency list projects. In August 2020, the MSRC approved a sole-source contract award to SCAG in an amount not to exceed \$10,000,000 to implement LMFP on behalf of the MSRC. Contract #MS21005 was executed to effectuate the award, and in November 2021, the MSRC approved SCAG's proposed project list awarding the original \$10,000,000 to 26 projects across the region. Fourteen (14) other projects were deemed meritorious by the LMFP Review Panel and were included on a contingency list of projects should more funding be made available. The MSRC had questions relative to the Contingency List, and directed that SCAG address these questions and return with the Contingency List at a future meeting. SCAG is requesting MSRC consideration of the updated \$6,751,000 recommended Contingency List. Additionally, increasing challenges related to supply chain constraints have further impacted procurement delays for near-zero and zero emission vehicles and supporting infrastructure. As such, SCAG is requesting an 18-month term extension for all projects and for Contract #MS21005.

Chair McCallon commented that instead of rolling over the \$6.7 million into the new Work Program, using that for these projects would be more beneficial.

MSRC Member Alternate Mark Henderson supported this recommendation and inquired what the 18-month time frame was based on. Mr. Strelecki stated the 18-month time frame was based on information and feedback received from specific companies, but it was based on a best case scenario and perhaps a 24-month time frame would be more conservative.

MSRC Member Brian Berkson recommended keeping the 18-month time frame.

Chair McCallon asked if there's a progress report required from the recipients. Mr. Strelecki confirmed that there are strict requirements and MOUs in place for each project so they will have to report all their progress on a quarterly basis. Chair McCallon asked if they could get a quarterly update. Mr. Strelecki said yes.

Moved by Benoit; seconded by Bartlett; item unanimously approved.

Ayes: Bartlett, Benoit, Berkson, Buffington, Dutrey, Henderson, McCallon, Yamarone

Noes: None

Action: MSRC Staff will amend the above contract accordingly.
