AGENDA

Members of the public may address this body concerning any agenda item before or during consideration of that item (Gov't. Code Section 54954.3(a)). All agendas for regular meetings are posted at South Coast AQMD Headquarters, 21865 Copley Drive, Diamond Bar, California, at least 72 hours in advance of the regular meeting. Speakers may be limited to three (3) minutes each.

CALL TO ORDER

ACTION ITEMS (Items 1 through 3):

- 1. Call to Order/Opening Remarks *(No Motion Required)*
- Approval of January 15, 2021 Meeting Minutes (Motion Required) [Attachment 1]
- Review of Follow-Up/Action Items
 (No Motion Required)
 Staff will review the follow-up/action items identified in the previous
 meeting.

DISCUSSION ITEMS (Items 4 through5):

4. Update on recent Air Quality Management Plan (AQMP) Related Activities
Staff will provide an update of the South Coast Air Basin Attainment Plan for the 2006 24-hour Particulate Matter_{2.5} (PM_{2.5}) Standard and the Coachella Valley Extreme Area Plan for the 1997 8-hour Ozone Standard. Staff will also provide a brief update on the 2022 AQMP development. (No Motion Required) [Attachment 2]
Zorik Pirveysian Planning and Rules Manager Planning, Rule Development & Area Sources

5. Compliance & Enforcement (C&E) Programs Staff will provide information on C&E programs, including information on inspections, enforcement actions, and the Facility Information Detail (FIND) online tool.

OTHER MATTERS:

7. Other Business

Any member of this body, or its staff, on his or her own initiative or in response to questions posed by the public, may ask a question for clarification, may make a brief announcement or report on his or her own activities, provide a reference to staff regarding factual information, request staff to report back at a subsequent meeting concerning any matter, or may take action to direct staff to place a matter of business on a future agenda. (Gov't. Code Section 54954.2)

8. Public Comment Period

At the end of the regular meeting agenda, an opportunity is provided for the public to speak on any subject within the Local Government and Small Business Assistance Committee's authority that is not on the agenda. Speakers may be limited to three (3) minutes each.

9. Next Meeting Date - Friday, March 12, 2021 at 11:30 a.m.

ADJOURNMENT

Document Availability

All documents (i) constituting non-exempt public records, (ii) relating to an item on an agenda for a regular meeting, and (iii) having been distributed to at least a majority of the Committee after the agenda is posted, are available by contacting Elaine Hills at (909) 396-2945 or send the request to <u>ehills@aqmd.gov</u>.

Americans with Disabilities Act and Language Accessibility

Disability and language-related accommodations can be requested to allow participation in the Local Government and Small Business Assistance Advisory Group meeting. The agenda will be made available, upon request, in appropriate alternative formats to assist persons with a disability (Gov't Code Section 54954.2(a)). In addition, other documents may be requested in alternative formats and languages. Any disability or language-related accommodation must be requested as soon as practicable. Requests will be accommodated unless providing the accommodation would result in a fundamental alteration or undue burden to the South Coast AQMD. Please contact Elaine Hills at (909) 396-2945 from 7:00 a.m. to 5:30 p.m., Tuesday through Friday, or send the request to <u>ehills@aqmd.gov</u>.

INSTRUCTIONS FOR ELECTRONIC PARTICIPATION

Instructions for Participating in a Virtual Meeting as an Attendee

As an attendee, you will have the opportunity to virtually raise your hand and provide public comment.

Before joining the call, please silence your other communication devices such as your cell or desk phone. This will prevent any feedback or interruptions during the meeting.

Please note: During the meeting, all participants will be placed on Mute by the host. You will not be able to mute or unmute your lines manually.

After each agenda item, the Chair will announce public comment.

A countdown timer will be displayed on the screen for each public comment. If interpretation is needed, more time will be allotted.

Once you raise your hand to provide public comment, your name will be added to the speaker list. Your name will be called when it is your turn to comment. The host will then unmute your line.

Directions for Video ZOOM on a DESKTOP/LAPTOP:

• If you would like to make a public comment, please click on the **"Participants"** button on the bottom of the screen.

• A list of participants will appear on the right side of the screen. At the bottom of the list, please click on the grey **"Raise Hand"** button.

• This will signal to the host that you would like to provide a public comment and you will be added to the list.

Directions for Video Zoom on a SMARTPHONE:

• If you would like to make a public comment, please click on the "**Participants**" button on the bottom of your screen.

• A new screen will pop up with the list of participants. Look for the **"Raise Hand"** button on the screen and click the button.

• This will signal to the host that you would like to provide a public comment and you will be added to the list.

Directions for TELEPHONE line only:

• If you would like to make public comment, please **dial *9** on your keypad to signal that you would like to comment

SOUTH COAST AQMD STAFF:

Derrick Alatorre, Deputy Executive Officer Naveen Berry, Assistant Deputy Executive Officer Daphne Hsu, Senior Deputy District Counsel Lisa Tanaka O'Malley, Senior Public Affairs Manager Vicki White, Technology Implementation Manager Scott Epstein, Ph.D., Program Supervisor Anthony Tang, Information Technology Supervisor Van Doan, Air Quality Specialist Elaine-Joy Hills, Air Quality Specialist Paul Wright, Senior Information Technology Specialist

Agenda Item #1 - Call to Order/Opening Remarks

Chair Ben Benoit called the meeting to order at 11:30 a.m.

Chair Benoit announced that the reappointment of LGSBA members was approved by the Administrative Committee.

<u>Agenda Item #2 – Approval of December 11, 2020 Meeting Minutes/Review of Follow-Up/Action</u> <u>Items</u>

Chair Benoit called for approval of the December 11, 2020 meeting minutes. The minutes were approved unanimously.

Agenda Item #3 – Review of Follow Up/Action Items

Mr. Alatorre provided a response to the action items from the previous meeting and indicated that Legal confirmed it is acceptable to provide information to the members and the requested information was provided on January 5, 2021. Engineering & Permitting (E&P) retrieved one policy memo regarding ultraviolet (UV) and electron beam (EB) coatings, which is publicly accessible through E&P's Permitting Policies webpage. South Coast Air Quality Management District (South Coast AQMD) currently has 108 active permits issued under permit unit codes that specifically identify UV drying. There are some limitations to the data as most codes used in E&P's database do not provide this level of detail regarding the coating materials used, and certain equipment using UV/EB under a certain amount may be exempt from a written permit. Mr. Alatorre stated that the Advisory Group may adopt formal recommendations shall be placed on the Advisory Group's agenda and shall become effective upon a vote by no less than a quorum. The recommendation shall be presented to the Administrative Committee of the Advisory Group.

Ms. Rita Loof asked for confirmation that an email regarding UV/EB coatings was sent on January 5, 2021. Mr. Alatorre replied yes.

<u>Agenda Item #4 – Adoption of Local Government & Small Business Assistance Advisory Group</u> 2020 Accomplishments and 2021 Goals & Objectives

Mr. Alatorre called for approval of the updated 2020 Accomplishments and 2021 Goals & Objectives. The item was approved unanimously.

<u>Agenda Item #5 – Air Quality in 2020: Smog, Wildfire Smoke and Emission Changes from the</u> <u>COVID-19 Response</u>

Dr. Scott Epstein provided information on the anomalous air quality measurements and evidence for the factors influencing poor air quality in 2020.

Ms. Loof referenced slide #26 regarding the 1-hour ozone standard and asked how South Coast AQMD plans to overcome this setback. Dr. Epstein indicated that the information was based on preliminary data and must wait for validation and that the question would be better answered by Dr. Philip Fine or Dr. Sarah Rees. Dr. Epstein suggested that staff provide a more comprehensive response later, to which Ms. Loof agreed.

Action item: Provide information on how South Coast AQMD plans to attain the 1-hour ozone standard.

Mr. Bill LaMarr stated that based on the presentation, nonattainment of one pollutant and problems with others were due to exceptional events. Mr. LaMarr indicated that events, such as the pandemic, droughts, and wildfire, are beyond the control of South Coast AQMD and asked if there is anything the business community could do to provide support. Dr. Epstein indicated that the Environmental Protection Agency (EPA) does not consider drought, abnormal weather and possibly the pandemic as exceptional events, but does consider wildfires. If the data for days which wildfires occurred were excluded, South Coast AQMD would still be in nonattainment with the 1-hour ozone standard; however, the 24-hour particulate matter (PM_{2.5}) standard could be attained. As for how the business community could help, public participation, feedback, and suggestions during demonstrations are beneficial. Mr. LaMarr commented on restaurant business operations during the pandemic. Dr. Epstein clarified that his previous response was to explain how the business community could help in demonstrating to EPA what data should be excluded due to exceptional events. During the public process of writing the events and making demonstrations to EPA that certain events are exceptional, the business or any community could help by participating and providing the strongest evidence that the events were exceptional and meet the EPA definition.

Mr. Geoffrey Blake indicated that there has been a reduction in vehicular traffic and fuel usage compared to previous years and asked how that impacts the overall picture. Dr. Epstein replied that there was an 80% reduction of light-duty vehicle traffic and 25% reduction of heavy-duty vehicle traffic resulting from the Safer-at-Home order in March. However, the reduction of heavy-duty vehicle traffic rapidly decreased to 10% and now it is back to normal. Nitrogen oxide (NO_x) levels impact ozone levels and light-duty vehicles account for 5% and on-road heavy-duty vehicles account for 35% of the overall NO_x emissions. The roads were empty of cars, but trucks were still operating; therefore, there wasn't a high reduction of NO_x as it appeared to be.

Mr. Todd Campbell commented that the 1-hour ozone standard may not be attained by 2022 and asked if South Coast AQMD would be faced with a Federal Implementation Plan (FIP) and other sanctions. Dr. Epstein deferred the question to Dr. Fine and indicated that it would trigger a plan requirement. Mr. Campbell asked if it could be fixed by an Air Quality Management Plan (AQMP) update. Dr. Epstein replied that there may be other actions needed and deferred the questions to Dr. Fine.

Chair Benoit suggested to invite Dr. Fine to the next meeting. Mr. Campbell agreed as he would also like clarification on the potential FIP requirement in 2023.

Action item: Invite Dr. Fine or staff to the next LGSBA meeting to address questions relating to Dr. Epstein's presentation on Air Quality in 2020: Smog, Wildfire Smoke and Emission Changes from the COVID-19 Response.

Ms. Loof indicated that several members are on the AQMP Advisory Committee and the topic of 1-hour ozone standard were in other staff presentations and speculated that committee might be meeting soon to discuss. The industry is very concerned as one of the remedies includes stationary sources getting penalized for nonattainment.

<u> Agenda Item #6 – Update on South Coast AQMD Incentive Programs</u>

Ms. Vicki White presented an update on South Coast AQMD incentive programs.

Ms. Loof referenced slide #8 and asked if the Community Air Protection Program (CAPP) funding is restricted to mobile sources and for an update on Assembly Bill (AB) 74 and Senate Bill (SB) 856. Ms. White replied that this program is still in the developmental stage. In the first year, CAPP incentives funding was based on direction from legislators to be used for mobile source projects submitted under existing programs, including Proposition 1B and Carl Moyer Program. Before any AB 617 communities were identified, 80% of those funds had to be used in disadvantaged and low-income communities. In year two, under SB 856, California Air Resources Board (CARB) included additional categories and allowed for funding of school air filtration systems and hexavalent chromium emissions reductions from plating facilities. In year three, in addition to mobile sources and existing categories, CARB added community-identified projects and stationary sources. If an identified action is part of the Community Emissions Reduction Plan (CERP), but not part of an existing guideline, then a project plan needs to be developed with input from communities and submitted to CARB for approval.

Mr. Campbell mentioned that he doesn't think that South Coast AQMD is moving forward with any taxrelated legislation and asked if South Coast AQMD is considering alternatives to increase its ability to address mobile sources. Mr. Alatorre replied that there is no plan to seek another legislation, but there has been discussion regarding a possible statewide ballot to address climate change, including incentivizing mobile sources. South Coast AQMD is not leading this and has not taken any position, but is continuing to actively seek funding from the state and federal government.

Mr. Campbell commented that nonattainment impacts everyone economically, in the form of a FIP or other measures. Mr. Campbell discussed Assembly member Rudy Salas letter to the Legislative Analyst's Office (LAO) regarding to the Governor's Executive Order phasing out the sale of passenger cars by 2035 and heavy-duty trucks by 2045. Mr. Alatorre indicated that South Coast AQMD consultants have provided comment to the Governor's Office regarding this topic.

Mr. David Rothbart mentioned South Coast AQMD is not pursuing legislation and funding is needed and stated that incentives funding was specified in the 2016 AQMP to achieve emissions reductions and asked if it would be a problem if that plan is not fulfilled. Mr. Alatorre stated that a plan was submitted to EPA in 2020 for approval.

Ms. Loof expressed support for incentives for manufacturing to remain in the South Coast AQMD region.

Agenda Item #7 – Monthly Report on Small Business Assistance Activities No comments.

Agenda Item #8 - Other Business

Mr. John DeWitt asked for clarification when the LGSBA will meet in person. Mr. Alatorre replied that the earliest in-person meeting would likely be at the end of the summer, depending on when coronavirus disease (COVID-19) vaccines are available. In the future, it is possible that two meeting options would be available: in-person and Zoom webinar and teleconference.

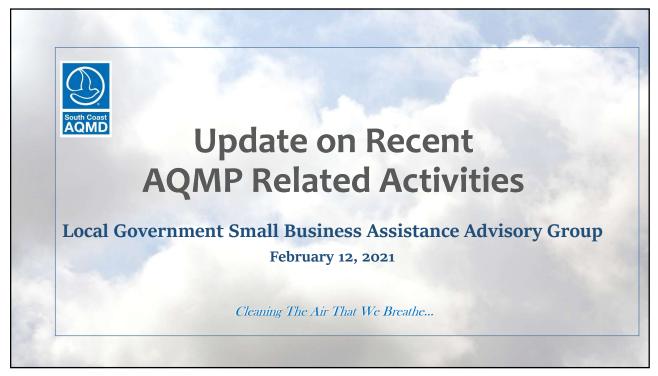

Mr. Campbell thanked Chair Benoit for his service and for making a statement at a previous meeting.

Agenda Item #9- Public Comment

No comments.

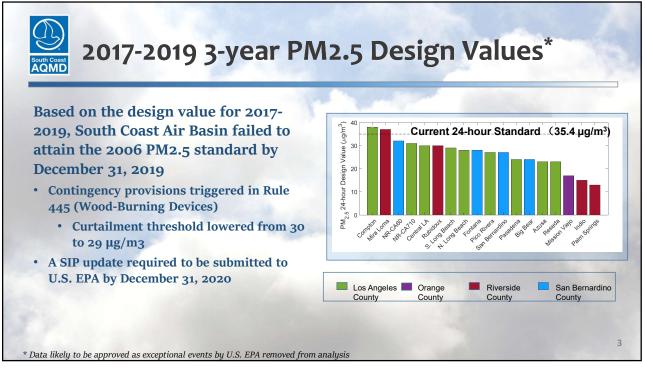

<u>Agenda Item #10 – Next Meeting Date</u> The next regular Local Government & Small Business Assistance Advisory Group meeting is scheduled for Friday, February 12, 2021 at 11:30 a.m.

Working Group Update - Mobile Sources

- Introductory Working Group meeting held in conjunction with
 CARB staff on December 16, 2020
- Topics covered
 - Air quality challenges in South Coast Air Basin
 - Establishment of Working Groups for specific categories: heavy-duty trucks, construction & industrial equipment, ocean-going vessels, and aircraft
 - Overview of CARB's 2020 Mobile Source Strategy
 - Update on South Coast AQMD Facility Based Mobile Source Measures
 - Zero-emission charging infrastructure needs

First Working Group Meetings for HD Trucks and Construction & Industrial Equipment

- First meetings held on January 26 and January 27, respectively
- Topics covered
 - CARB strategies for reducing emissions
 - South Coast AQMD incentive programs update
 - HD Trucks working group also covered
 - HD Vehicle Inspection and Maintenance Program
 - Advanced Clean Fleets Regulation
 - Infrastructure needs for MD and HD Zero-Emission Vehicles (ZEVs)
 - ZEV market development strategy

15

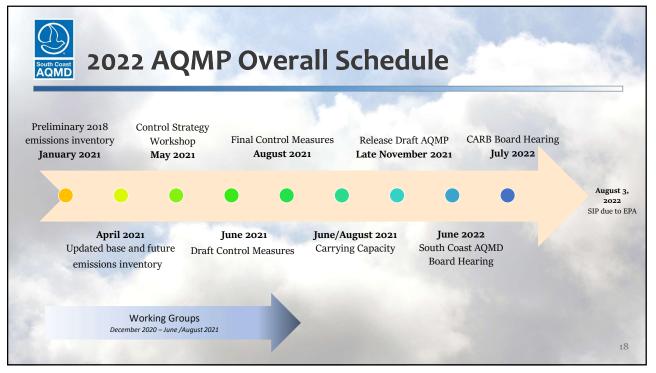

First Working Group Meetings for Ocean Going Vessels (OGV) and Aircraft

- First meetings held on February 3 and February 4, respectively
- Topics covered
 - OGV and aircraft operations and emissions
 - CARB strategies for reducing emissions
 - Pacific-Rim Initiative for Maritime Emission Reductions
 - Update on national and international standards
 - Federal initiatives addressing aviation emissions

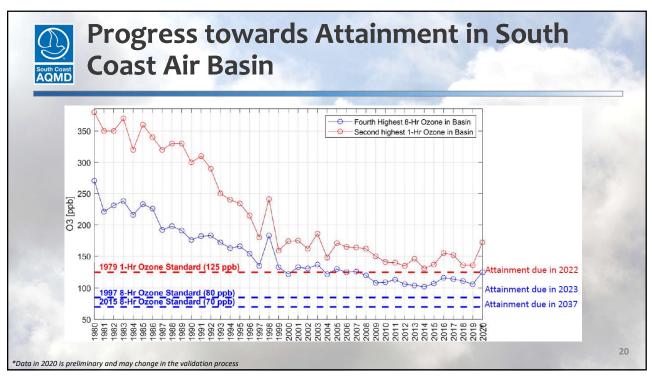

Overall Control Approach for Attaining 2015 8-hour Ozone Standard

- Extensive transition to near-zero (NZE) and zero-emissions (ZE) technologies in mobile and stationary sources, where feasible
- Transition to cleanest available technologies if NZE/ZE not feasible
- Regulatory measures; Incentive programs
- Eliminate/minimize reliance on 182(e)(5) measures
- Seek legislative authority where applicable
- Seek new sources of funding for new/existing incentive programs
- Work closely with state and local governments to maximize reductions from residential and commercial buildings

1979 1-hour Ozone Standard for South Coast Air Basin

- Attainment deadline is December 31, 2022
- 2018 SIP Update approved by EPA
- Attainment based on 3-year design values of 2020 to 2022
 - Three exceedances allowed over three years at each monitoring station
- Based on 2020 preliminary data, had more than 3 exceedances
 - Standard can not be met by the deadline but attainment deadline can be extended by one year if have only one exceedance in 2022 (up to two extensions allowed)
- If have more than one exceedance in 2022, EPA will issue a failure to attain notice
 - A new SIP will be required

1997 8-hour Ozone Standard for South Coast Air Basin

- Attainment deadline is June 15, 2024 which continue to represent a major challenge for the Basin
- Attainment based on 3-year design values (2021 to 2023)
- 2016 AQMP and 2016 State SIP Strategy (approved by EPA)
- 2019 Contingency Measure Plan (pending EPA actions)
 - Without federal action and/or funding to address federal sources, attainment is not likely
- Regulations/programs adopted since 2016 AQMP fall significantly short of needed reductions
- Sanctions and Federal Implementation Plan (FIP) could potentially go into effect if committed reductions are not achieved
