Agenda Item #3: AB 617 Program Update

Mr. Robert Dalbeck updated the committee on the status of AB 617 efforts.

Ms. Cassie Nguyen asked if AB 617 efforts aimed at school facilities would still be prioritized or if efforts would be redirected in light of quarantines and shutdowns. Mr. Dalbeck stated efforts aimed at schools had already begun and deferred to Mr. Dan Garcia regarding any information on timeline changes. Mr. Garcia stated installation of filters in schools had not been delayed and was continuing as planned.

Ms. Priya Vedula asked what the goals are regarding warehouses. Mr. Dalbeck stated goals could range and vary, including measures like implementing indirect source rules or regulating onsite emissions or upgrading equipment. Ms. Vedula asked whether the corporations connected to the warehouses in question were receptive to efforts or showing contention. Mr. Dan Garcia commented there were always points of contention with regulatory measures, but South Coast AQMD and other parties are committed to negotiating solutions to those points of contention.

Ms. Rae Santora asked whether vulnerable communities were inadvertently being overlooked based on selection criteria such as previous involvement in environmental justice activities and requiring self-nomination. Mr. Garcia stated priority is given to scientific factors such as cancer risk or proximity to major sources. He stated that South Coast AQMD's departments were strongly involved in outreach efforts to vulnerable communities.

Agenda Item #4: Listening Session

SUMMARY OF THE BROWN ACT

California Government Code 54950 et seq.

The express purpose of the Ralph M. Brown Act (Brown Act) is to assure that local government agencies and legislative bodies conduct meetings concerning public business openly and publicly, except when the Brown Act authorizes otherwise. Please note, this is a summary of the Brown Act rather than a detailed overview of its requirements.

I. APPLICATION

The Brown Act applies to all legislative bodies. "Legislative bodies" means:

The "Governing body" of a local agency, or any other local body created by state or federal statute. (§545951-2).

"Governing body" includes, but is not limited to:

- Counties, cities, schools, public districts, political subdivisions, and municipal corporations

The following are **NOT** legislative bodies:

- Advisory committees comprised of less than a quorum;
- Groups advising to a single decision-maker or appointed by staff.

II. ACCESS

All persons shall be permitted to attend any meeting of the legislative body of a local agency except as otherwise provided.

III. MEETINGS

A meeting is any congregation of a majority of the legislative body that meets at the same time and place to hear, discuss or deliberate upon any item within the body's subject matter jurisdiction.

- A "meeting" includes any use of direct communication, intermediaries, or technological devices such as email and teleconferencing.
- Meetings must be noticed and open to the public.
- Majority must *never* discuss topics within their subject matter jurisdiction outside of a meeting.
- No "serial meetings" - Series of communications outside of a meeting that discuss jurisdictional subject matter *directly or by intermediaries* that makes its way to a majority of a legislative body (includes social media and on a seriatim basis).
- Public must be included at informal gatherings/social events if a majority of governing body is present and agency business is discussed.
- Meeting location must be held within jurisdiction, free, and disability friendly
 - If no overflow capacity to accommodate, the meeting must adjourn

Types of meetings:

- *Regular Meeting* - occurs at the dates, times, and location set by resolution, ordinance, or other formal action by the legislative body and are subject to 72-hour posting requirements.
- *Special Meeting* - called by the presiding officer or majority of the legislative body to discuss only discrete items on the agenda under the Brown Act's notice requirements for special meetings and are subject to 24-hour posting requirements.
- *Emergency Meeting* - a limited class of meetings held when prompt action is needed due to actual or threatened disruption of public facilities and are held on little notice.
- *Adjourned Meeting* - regular or special meetings that have been adjourned or re-adjourned to a time and place specified in the order of adjournment, with no agenda required for regular meetings adjourned for less than five calendar days as long as no additional business is transacted.

IV. AGENDAS

Agendas must contain a brief general description of each item of business to be transacted or discussed at the meeting and must be posted in a location at the agency offices that is freely accessible to the public, **and** also on the agency's website.

(Agendas cont'd)

Action:

A legislative body may not take action on an item not appearing on the agenda, except

- To respond questions posed by the public
- To ask questions of staff or the public for clarification;
- To ask staff to report back on an item not appearing on the agenda at a subsequent meeting;
- To make a brief announcement.

Public Comment:

Each regular meeting agenda must provide an opportunity for public comment on any agenda item and on any item of interest to the public within the subject matter jurisdiction of the legislative body. For special meetings, the agenda must provide an opportunity for members of the public to directly address the legislative body concerning any item on the agenda; comments on items not on the agenda need not be allowed.

Inspection:

Writings distributed to all or to a majority of the legislative body by any person for consideration at a public meeting are public records. Documents distributed to all or a majority of the legislative body less than 72 hours before a regular meeting must be made publicly available without delay. Writings given to the Board at the meeting by staff must be available at the meeting, and writings distributed at the meeting by others must be available after the meeting. The terms "writing" and "document" include electronic records such as e-mail.

Additionally, every agenda must state the location of an office at the agency where members of the public may inspect these documents.

V. CLOSED SESSION:

Closed sessions are meetings conducted in private without the attendance of the public. Generally, to preserve the confidentiality of closed sessions, only essential staff should attend a closed session.

Primary Types of Closed Sessions:

- To instruct negotiators on real property transactions.
- To instruct labor negotiators.
- To discuss "pending litigation" with agency attorneys.
- To consider the appointment, employment, evaluation, discipline, or dismissal of a public employee, employee Complaints or Charges.
- Meetings regarding threats to security of public buildings or essential public services

Announcements from Closed Session

After each closed session, the legislative body must report in open session certain actions taken in closed session, and the vote of each member, including:
Approval of an agreement concluding real estate negotiations;
Approval for legal counsel to defend, initiate, or settle litigation;
Disposition of claims;
Action to appoint, employ, dismiss, release, accept resignation of, or affect the status of any employee;
Approval of labor negotiation agreements; and
Reporting out may be deferred under certain circumstances.

Closed Session Confidentiality

No person may disclose confidential information that has been acquired by being present in an authorized closed session to unauthorized persons, unless the legislative body formally authorizes disclosure of confidential information. "Confidential information" means a communication made in a closed session that is specifically related to the basis for the closed session.

Penalties and Enforcement

A member who attends a meeting where action is taken in violation of the Brown Act, and where the member intends to deprive the public of information which the member knows or has reason to know the public is entitled, is *guilty of a misdemeanor*.

Inquiry:

Are we a Legislative Body?

Are we a quorum?

Are we meeting?

Is information re: the jurisdiction being discussed?

If yes to all, there is a Brown Act Meeting
