

Electric Lawn Mower Rebate Program

Over the past 14 years, the South Coast AQMD has held events throughout Los Angeles, San Bernardino, Orange and Riverside counties to implement its electric lawn mower exchange program for residents living within our four-county region. This year, we are introducing a year-round rebate program, where consumers will have the choice to purchase a cordless, battery-electric lawn mower from a list of eligible lawn mower manufacturers. The program application is available on-line and the rebate process includes easy steps which are listed below.

Simple Rebate Process

Step 1

Purchase an eligible new electric lawn mower.

Step 2

Within 60 calendar days from the date of purchase, take your old gasoline lawn mower and your Dismantler Verification Form to a participating dismantler. The Dismantler will visually inspect the old mower and sign on your Dismantler Verification Form.

Step 3

Complete the on-line rebate application at www.aqmd.gov/lawnmower and submit it to the SCAQMD along with a copy of the receipt or invoice for the new lawn mower and Dismantler Verification Form.

Eligible Rebate Amount

The rebate is based on the purchase price of the battery electric lawn mower and does not include additional costs such as taxes, fees, accessories and delivery charges. Rebates are:

Purchase Price	Eligible Rebate Amount*
\$250 or less	\$150
\$251 to \$400	\$200
\$401 or more	\$250

**Rebate amount cannot be greater than the purchase price. Allow approximately 4 weeks for payment from the time the South Coast AQMD receives your completed rebate application. First-come, first-served until program funds are exhausted.*

Program Requirements and Eligibility

- The participant must reside at the address identified on the application.
- The participant must reside within the South Coast AQMD's four-county jurisdiction.
- The participant must currently own and operate the existing gasoline lawn mower in the South Coast AQMD.
- Limit one (1) rebate per address every three (3) consecutive years.
- The new mower may be purchased from a manufacturer, retailer, including hardware and home improvement stores or on-line.
- Participant must turn in a fully functional old gasoline or diesel-powered lawn mower to an approved dismantler for permanent destruction. Find an authorized dismantler here: www.aqmd.gov/lawnmower
- The participant must intend to own and operate the new replacement cordless, zero-emission electric lawn mower within the SCAQMD for a minimum of thirty-six (36) months from the date of purchase.

New lawnmower must:

- Include battery and charger
- Be new, not used or previously owned or factory reconditioned
- Be zero-emission electric (battery-powered)
- Be a push or self-propelled mower specified for residential use
- Have a minimum one (1) year manufacturer warranty

Lawnmowers that are not eligible:

- Corded electric mowers
- Reel mowers
- Riding lawn mowers
- Tractors used to pull mowing equipment
- Tow-behind mowers
