

# 2018 AB 617 Community Emissions Reduction Plan (CERP) Process

The diagram below shows the CERP process for the 2018 designated communities.

## CSC Input Throughout CERP Development Process<sup>iii</sup>

i. See back for examples and details of the Development phase of the CERP

ii. Two drafts were released for CSC input prior to the Final CERP

iii. CSC input gathered through CSC meetings, workshops, technical advisory group meetings, one-on-one meetings, and comment letters

# Examples of Strategies, Actions, and Goals

Strategies	Actions	Metrics/Goals
 <p><b>Rules &amp; Regulations</b></p>	<p><b>Commit to amend or develop rules/regulations to address AQ priority</b></p> <ul style="list-style-type: none"> <li>e.g., rule to address emissions from refineries</li> </ul>	<p><b>Reduce emissions by a percentage of existing levels</b></p>
 <p><b>Enforcement</b></p>	<p><b>Focused enforcement in CSC identified areas or non-compliant facilities</b></p> <ul style="list-style-type: none"> <li>e.g., conduct truck idling sweeps at locations identified by the CSC</li> </ul>	<p><b>Increase South Coast AQMD and CARB compliance and enforcement activities in the community</b></p>
 <p><b>Incentives</b></p>	<p><b>Seek opportunities to provide funding for cleaner technology or air pollution controls</b></p> <ul style="list-style-type: none"> <li>e.g., fund the replacement of older diesel trucks with newer and cleaner models</li> </ul>	<p><b>Increase incentive funding in the community</b></p>
 <p><b>Public Information &amp; Outreach</b></p>	<p><b>Conduct outreach to residents or facilities/operators</b></p> <ul style="list-style-type: none"> <li>e.g., host training sessions on South Coast AQMD's rules and regulations</li> </ul>	<p><b>Increase outreach to residents, small businesses, and owners/operators in the community</b></p>
 <p><b>Collaboration</b></p>	<p><b>Collaborate with local agencies to identify funds, provide outreach, or develop policies</b></p> <ul style="list-style-type: none"> <li>e.g., work with the local health department on asthma programs at school</li> </ul>	<p><b>Form partnerships with local health departments, land use agencies, and community-based organizations to address AQ priorities</b></p>
 <p><b>Air Monitoring</b></p>	<p><b>Conduct air monitoring to identify potential sources of air pollution</b></p> <ul style="list-style-type: none"> <li>e.g., deploy low-cost sensors in the community</li> </ul>	<p><b>Collect data from advanced monitoring technologies to provide new, purposeful data</b></p>
