Subject: RE: AB617 Technical Advisory Group Decision

Dear TAG volunteers,

Hope this email finds you well. We're still waiting for your decision on the final list of three TAG members. We discussed options internally and we believe it would be a good idea to have a conference call next Tuesday to discuss. Would 2:30 pm work for everyone? We'll set up a conference call line and I'll send you the details on Tuesday morning. Please let us know if this time doesn't work as soon as possible so we can reschedule for another time this week.

Looking forward to making a decision on this matter.

Your AB 617 team

Subject: FW: AB617 Technical Advisory Group Decision

Dear Technical Advisory Group (TAG) nominees,

We hope you are well. We wanted to send a reminder about reaching a consensus on who will serve on the TAG. We hope that as a group you will be able to discuss and decide what will be best for the group.

As you know, there are 6 nominees from the Wilmington, Carson, and Long Beach community of which a maximum of 3 representatives can be selected from this group. A **suggestion would be to choose one active resident, one agency representative, and one academic or community organization representative** among yourselves. This would ensure a diverse representation in the advisory group

and it would make it easier on you since you would only have to decide with one other person. Here is the suggested breakdown and each party's email. Feel free to contact each other to share phone numbers with one another.

Agencies (select one)	
Tim DeMoss	tdemoss@portla.org
Uduak-Joe Ntuk	uduak.ntuk@lacity.org

Active residents (select one)	
Flavio Mercado	fdj26@aol.com
Joseph Luis Piñon	JosephLPinon@gmail.com

Academia or Community Organization (select one)	
Jill Johnston	jillj@usc.edu
Jesse Marquez	jnm4ej@yahoo.com

The first TAG meeting will be scheduled for **February 27**, and we would like to know which members of this CSC will serve on the TAG before then. Please note that this meeting is open to the public and anyone can participate as a member of the public.

Once again we want to thank you for your participation in the CSC and volunteering to be on the TAG. We look forward to hearing your decision.

Best regards,

AB 617 Team

Subject: RE: AB617 Technical Advisory Group Interest

Dear Technical Advisory Group volunteers,

We would like to follow up on the selection of representatives from the Wilmington, Carson, West Long Beach community to serve in the Technical Advisory Group. We've only gotten a response from one person, and we wanted to emphasize that this decision must be done among all of you. In essence, the SCAQMD would like to ask the nominees to discuss amongst themselves, to **reach a consensus**, and decide which two or three nominees would best serve on the Technical Advisory Group. Please feel free to respond to this email thread since all interested parties are on it. We could also provide phone numbers if you would rather talk to each other on the phone.

Name	Email Address
Tim DeMoss	tdemoss@portla.org
Jesse Marquez	jnm4ej@yahoo.com
Jill Johnston	jillj@usc.edu
Flavio Mercado	fdj26@yahoo.com
Uduak-Joe Ntuk	uduak.ntuk@lacity.org
Joseph Luis Piñon	JosephLPinon@gmail.com

Thank you for your interest and happy holidays!

Dear committee member,

Thank you for your interest in serving on the AB617 Technical Advisory Group. The Technical Advisory Group will be a forum to discuss data and methods for air quality monitoring, emissions inventory, and air quality modeling. The group will include Community Steering Committee members with technical experience and outside experts, including experts from government agencies, universities, and other stakeholders who can provide knowledge on data and methodologies. The Technical Advisory Group is expected to meet quarterly at the SCAQMD Headquarters in Diamond Bar.

We are asking each Community Steering Committee to have 2 to 3 representatives serve on the Technical Advisory Group. The Wilmington, Carson, and West Long Beach community had six CSC members nominated for the Technical Advisory Group. The SCAQMD would like to ask the nominees to discuss amongst themselves and decide which two or three nominees would best serve on the Technical Advisory Group. Members are expected to contribute their technical input and help us report updates at the monthly Community Steering Committee meetings. The interested individuals are listed below:

Name	Email Address
Tim DeMoss	tdemoss@portla.org
Jesse Marquez	jnm4ej@yahoo.com
Jill Johnston	jillj@usc.edu
Flavio Mercado	fdj26@yahoo.com
Uduak-Joe Ntuk	uduak.ntuk@lacity.org
Joseph Luis Piñon	JosephLPinon@gmail.com

Please let us know by **Friday, December 14th at 5 PM** which members you collectively feel would best fulfill the expectations of the Technical Advisory Group.

In partnership,
Maggie
