Community Air Initiatives

Wilmington, Carson, West Long Beach
Community Steering Committee
Meeting #10

October 23, 2019
Carson Community Center
Meeting Objectives

• Community Updates & CSC Member Roster
• Governing Board Meeting Recap and Next Steps for CARB
• Truck Idling Locations Activity
• AB 617 Incentive Fund Projects
• Community Air Monitoring Highlights
Community Updates
iHeart Wilmington Community Wellness Festival

August 24, 2019
Community Tour Recap

August 9, 2019
CSC Member Roster

- If you would like to continue as a CSC Member, complete an Interest form and check the “Recommit” box

- Please return the form to staff or send to AB617@aqmd.gov

- If you are no longer interested in being a CSC Member, please recommend someone in your community or organization who would like to participate

Please submit your form by November 1, 2019

Thank You to the CSC Members for your hard work and commitment in developing the CERPs!!
Governing Board Meeting Recap and Next Steps for CARB
Meeting was held on September 6, 2019

Staff presented all 3 AB 617 Year 1 CERPs

Each CERP was adopted by the Governing Board

The Governing Board agenda (i.e., CERP, presentation, etc.) is available at: [http://www.aqmd.gov/home/news-events/meeting-agendas-minutes](http://www.aqmd.gov/home/news-events/meeting-agendas-minutes)

The meeting can be viewed at: [http://www.aqmd.gov/home/news-events/webcast](http://www.aqmd.gov/home/news-events/webcast)
October 2019

- South Coast AQMD staff will submit CERPs to CARB for review

January 2020

- CARB staff will hold a community meeting to hear from the community as staff develop recommendations on the CERP

February 2020

- CARB staff will recommend approval of the CERP if it meets the criteria of the Final Community Air Protection Blueprint

March 2020

- The CARB’s Board will vote on the recommendations in the staff report
CERP Implementation: Idling Truck Sweeps

AB 617 WCWLB Community Steering Committee
October 23, 2019
California’s Commercial Vehicle Idling Regulation

• Airborne Toxic Control Measure (ATCM) adopted by CARB in 2004 [Title 13, CCR, Section 2485]

• Purpose: To reduce public exposure to diesel particulate matter and other air contaminants by, among other things, limiting the idling of diesel-fueled commercial motor vehicles

• Can be enforced by CARB, peace officers in CA, and local air districts (e.g., South Coast AQMD)
What Is Covered by the Anti-Idling Rule?

• On-road, diesel-fueled commercial motor vehicles with a gross vehicle weight rating of at least 10,000 pounds

• Vehicles operating in California, whether or not registered in the state

• Diesel-fueled auxiliary power systems (APS), such as for air conditioners, heaters, or other equipment that allow resting in a sleeper berth
What Is Not Covered?

- Pickup trucks and other personal vehicles
- Motorhomes and trailers
- Non-diesel fueled trucks (e.g., gasoline or natural gas)
- Off-road vehicles, such as tractors, cranes, and bulldozers
- Transport Refrigeration Units (TRUs)
Idling Restrictions

1. Without a “Certified Clean Idle” sticker, no idling anywhere for over five minutes
   • 2007 and newer model-year diesel engines that meet the low NOx limit (30 g/hr)

2. Even with a “Certified Clean Idle” sticker, special prohibition on idling within 100 feet of schools, residences, hotels, or other restricted areas for more than five minutes

3. Diesel-fueled auxiliary power systems (APS) also may not be operated for over five minutes within 100 feet of any restricted area
The Queuing Exception

• “Queuing” refers to waiting to perform work in a line of vehicles that is repeatedly starting and stopping, when shutting off the vehicles’ engines is not possible

• Does not include waiting in line before the start of a workday or the opening of a work location

• Queuing vehicles must at all times be beyond 100 feet from any restricted area for this exception to apply
Upcoming Enforcement Efforts

- Quarterly idling truck sweeps, with follow-up enforcement actions
  - At locations identified by CSC and staff as having frequent idling
  - Will be conducted by both CARB and South Coast AQMD
  - Inspection results and input from the community will determine next steps
Truck Idling Location Prioritization Activity

1) Provide location details (address, cross streets, facilities, etc.)
2) Provide time and day(s) of week
3) Add a ✓ next to your top 5 areas
Truck Idling Location Worksheet

Example

<table>
<thead>
<tr>
<th>Location</th>
<th>Location Details</th>
<th>Time(s) and Day(s) of Week</th>
</tr>
</thead>
<tbody>
<tr>
<td>Example</td>
<td>1269 N. Avalon St. Cross street is East M Street. 2 trucks regularly seen idling near a daycare center.</td>
<td>Wednesdays 5:00 am - 7:00 am</td>
</tr>
<tr>
<td>A</td>
<td></td>
<td></td>
</tr>
<tr>
<td>B</td>
<td></td>
<td></td>
</tr>
<tr>
<td>C</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*Please submit worksheet by 5:00 pm, November 1, 2019 to ab617@aqmd.gov
To Report a Truck Idling Complaint

Call South Coast AQMD or CARB and please provide the following information:

• Location of the incidence (address or nearest cross streets)
• Time of the incidence (when it was observed)
• Whether the incidence is still happening or not
• Whether the incidence is happening within 100 feet from a sensitive receptor (e.g., schools, daycares, hospital)
• License plate of the truck (if possible)

Update on AB 617 Incentive Projects

Vicki White
Technology Implementation Manager
South Coast AQMD
In 2017, Governor signed AB 134
- $250M statewide for early actions to reduce emissions in disadvantaged and low-income communities
- $107.5M allocated to South Coast AQMD (6.25% for administrative costs)
- Eligible projects are those submitted through Carl Moyer and Proposition 1B - Goods Movement Programs
- Spending deadline: June 30, 2021

South Coast AQMD has awarded all AB 134 funds to projects, now in various stages of deployment
Priority given to projects domiciled or operated a majority of time in the AB 617 communities (under consideration for approval)

Background – SB 856 (Year 2)

In 2018, Governor signed **SB 856**

- $245M statewide to continue supporting the goals of AB 617
- $85.57M allocated to South Coast AQMD (6.25% for administrative costs)
- Spending deadline: June 30, 2022

Mobile source projects submitted under this year’s Carl Moyer Program may be considered for Year 2 incentives

Funding requests far exceeded the amount of available funds
Enhanced Outreach

In addition to regular outreach for Carl Moyer Program, staff conducted additional outreach targeting sources in AB 617 communities:

• Program funding information/staff support at community steering meetings
• Coordination with Ports to provide funding information to drayage truck owners/operators and terminal operators
• Emails to over 16,000 subscribers to Carl Moyer listserv
• Emails to warehouse facilities
• Enhanced outreach to agricultural communities
• Truck survey
Additional Outreach in CERP Actions

- **Ports (Chapter 5c)**
  Action 3 – Identify additional incentive funding opportunities for cleaner port equipment & drayage trucks

- **Neighborhood Truck Traffic (Chapter 5d)**
  Action 2 – Continue to identify additional incentive funding opportunities to replace & accelerate adoption of cleaner heavy-duty trucks

- **Railyards (Chapter 5f)**
  Action 1 – Work with local utilities & state agencies to encourage infrastructure for zero emission vehicles and equipment

Upcoming Funding Opportunities

Proposition 1B – Goods Movement Program:
• Program Announcement opened October 4
• Open until all funds are fully committed (or by 12/30/20)
• Funding for Class 5-8 heavy-duty trucks
• Approximately $30M available
• Program Announcement now open
• Class 7/8 - $200k for zero emission, $100k for near-zero emission
• Considering a “plus-up” for small fleets
Upcoming Funding Opportunities

Volkswagen Mitigation Program:

<tr>
<td>Combustion Freight and Marine Projects (e.g., waste haulers, dump trucks, concrete mixers, switcher locomotives, ferries, tug/tow boats)</td>
<td>Low NOx engine, Tier 4, or Tier 4 equivalent</td>
<td>$60</td>
<td>South Coast AQMD</td>
</tr>
<tr>
<td>Light-Duty Zero Emission Vehicle Infrastructure</td>
<td>Electric charger or hydrogen fueling station</td>
<td>$10</td>
<td>BAAQMD</td>
</tr>
<tr>
<td><strong>Total:</strong></td>
<td></td>
<td><strong>$360</strong></td>
<td></td>
</tr>
</tbody>
</table>

*1st installment totaling $167 million will be made available starting this year

**Schedule to open this October 2019, First-Come, First-Served
Upcoming Funding Opportunities

Carl Moyer Program:
• Annual Cycle
• 2019 Carl Moyer Program closed in June of this year
• 2020 Carl Moyer Program anticipate a total of $40M available
• New Program Announcement scheduled for release in March 2020, and will close in June 2020
• On- and off-road heavy-duty vehicles/equipment and infrastructure for zero and near-zero emission technologies

Opportunities for Incentives Outreach in the Community

• Small fleets - Independent Owners and Operators:
  - South Coast AQMD looking into providing a “Plus-Up” to increase incentive amount for small fleets
  - Priority ranking for small fleets
• Incentives outreach events
• Build upon and/or improve existing outreach efforts (e.g., warehouses, commercial fleets, etc.)
• Provide information on zero emission vehicles and availability of incentives

Summary

• Elevated levels of benzene were consistently observed downwind of three well sites within and near WCWLB

• Elevated benzene readings were localized near the wells

• In all three instances, sources of emissions were confirmed using a FLIR gas imaging camera

• Mobile ORS surveys are ongoing

**NOTE**: all concentrations are reported as enhancements over the typical background level in the measurement area
Questions & Discussion

South Coast AQMD
CERP Implementation

- CSC Meetings for CERP implementation will:
  - Be held **quarterly**
  - Include updates on enforcement, air monitoring, outreach, incentives, and rule development actions

**Examples of Actions beginning in 2020**

- School prioritization and installation of air filtration systems
- Improve refinery flare notifications
- Conduct surveillance and air measurements to identify potential leaking vessels
Examples of Actions beginning in 2020 (continued)

- Evaluate potential designated truck routes
- Prioritize oil drilling and production wells and conduct mobile air measurements to identify leaks
- Develop Indirect Source Rule (ISR) on railyards
### Future meeting date and location:
- CSC Quarterly Update Meeting #1: Thursday, January 16, 2020 (6:00 p.m. – 8:30 p.m.) at the Wilmington Senior Center

### Likely agenda items for CSC Quarterly Update Meeting #1 and CARB Community Meeting:
- Flare emissions data report (Rule 1118)
- Updates on:
  - Monitoring
  - CARB At-Berth Regulation and Port Incentive Opportunities (e.g., Cargo Handling Equipment (CHE))
  - Truck idling sweeps
  - Division of Oil, Gas, and Geothermal Resources (DOGGR)
  - Departments of Public Health collaboration
  - CARB presentation of CERP and community input

### Important Dates and Deadlines
- Submit CSC Interest forms by November 1, 2019
Thank you for the hard work!
