Active resident (not representing a community organization or a business)
Resident name:
Primary residence address (or nearest intersection):

Why are you interested in becoming a member of the AB 617 steering committee in the selected community?

1. I AM A 65YR RESIDENT OF WILMINGTON
2. I AM A MEMBER OF THE WILMINGTON ENVIRONMENTAL COALITION FOR A SAFE ENVIRONMENT
3. I AM A MEMBER OF THE WILMINGTON ADVISORY COMMITTEE

How would you support outreach to ensure all voices in the community are heard?

1. PREPARE INFORMATION, FLYERS & FACT SHEETS
2. DISTRIBUTE INFORMATION TO RESIDENTS & ORGANIZATIONS
3. BE A SPEAKER AT COMMUNITY ORGANIZATIONS & EVENTS
4. PROVIDE INPUT AT COMMUNITY EVENTS WITH SOUTH COAST

Goals of the AB 617 Community Steering Committee
The purpose of the community steering committee is to support active community involvement and collaboration in the AB 617 implementation process by providing a forum for identifying air pollution issues in the community and potential solutions. Committee members will be responsible for discussing a variety of topics including but not limited to:

- Provide input to define community boundaries;
- Community concerns about emission sources to develop a shared understanding of the community’s air pollution challenge;
- Proposed strategies for the community air monitoring and emissions reduction programs;
- Approaches for additional community outreach; and
- Metrics to track progress.

Information provided by you on this worksheet (including contact or other personal information) is a public record and may be released in response to a California Public Records Act request.

Why are you interested in becoming a member of the AB 617 steering committee in the selected community?
Because I walk through these streets on a daily basis. I want to express all the struggles my community goes through. I see classmates and neighbors that have been affected, so I would like to represent them by having a voice in this committee.

How would you support outreach to ensure all voices in the community are heard?
I'm part of a non-profit organization as well as other clubs that people from this community are part of. I would transmit the information and acknowledge.

Resident name: Ashley Hernandez
Primary residence address (or nearest intersection): 

Why are you interested in becoming a member of the AB 617 steering committee in the selected community?

I am a community resident that has been actively organizing in the area for 7 years. I believe in a transparent, and community process and feel that I can offer a unique perspective of frontline residents. I have lived next to oil drilling / containers, & the only refinery with MHE. Your committee needs my expertise.

How would you support outreach to ensure all voices in the community are heard?

I can assist in outreaching to memberships, allies, & community about meetings & workshops. My goal is to serve my community & inform them on actionable items. I believe that with community representation our local district will feel included in the program & it's process.

Active resident (not representing a community organization or a business)
Resident name: 
Primary residence address (or nearest intersection):

Why are you interested in becoming a member of the AB 617 steering committee in the selected community?

As CBE's Wilmington Community Organizer for adult members, for many years I have spent most of my time in Wilmington working on Environmental Justice. I am very aware of the pollution and health problems here that need a new approach through the AB617 emission reduction plans. The refineries, oil drilling, trucks, ports, and many other sources add up to impact neighbors breathing and much more, as many community members have described vividly to me.

How would you support outreach to ensure all voices in the community are heard?

As a seasoned community organizer, I know how to make community members aware of this process - through social media, phoning, door to door discussions, flyers, through community networks, and through teach-ins. This outreach is my constant work and mission, I am fluent in Spanish and English, and I know the organizations and community members.

Goals of the AB 617 Community Steering Committee
The purpose of the community steering committee is to support active community involvement and collaboration in the AB 617 implementation process by providing a forum for identifying air pollution issues in the community and potential solutions. Committee members will be responsible for discussing a variety of topics including but not limited to:

Why are you interested in becoming a member of the AB 617 steering committee in the selected community?

LBACA has a long time presence in this region, and is very concerned with air quality as it impacts children's health. We want to ensure that environmental projects include health protective policies.

How would you support outreach to ensure all voices in the community are heard?

LBACA staff would reach out to our contacts and our partners in the region.

Goals of the AB 617 Community Steering Committee

Objetivos del Comité Directivo Comunitario AB 617
El propósito del comité directivo de la comunidad es apoyar la participación activa de la comunidad y la colaboración en el proceso de implementación de AB 617, proporcionando un foro para identificar los problemas de contaminación del aire en la comunidad y posibles soluciones. Los miembros del comité serán responsables de discutir una variedad de temas que incluyen, entre otros:

- Proporcionar información para definir los límites de la comunidad;
- Preocupaciones de la comunidad sobre las fuentes de emisión para desarrollar un entendimiento compartido del desafío de la contaminación del aire de la comunidad;
- Estrategias propuestas para los programas comunitarios de monitoreo de aire y reducción de emisiones;
- Enfoques para un alcance comunitario adicional; y
- Métricas para seguir el progreso.

---

**Why are you interested in becoming a member of the AB 617 steering committee in the selected community?**

I live in the west side of Long Beach, and I am on the Los Cerritos Neighborhood Association (LCNA) Board. Our Neighborhood backs up to I-710 and is affected by I-710, the Port and related businesses. Also a member of the La Linda Drive Association Board which is located in the same area, and I am on the board of the Fairfield Family YMCA in north Long Beach. I was also on the I-710 Improvement Project Citizens Advisory Committee for Long Beach District 5. I am also a transportation planner with background in Port issues and freeway planning and understand the environmental review process. I used to live on the west side of Downtown Long Beach when air quality was much worse and Port pollution was much less regulated. While much better now, I know there is still much to do and would like to help shape the policies for our area and get facts out to residents. I believe that residents don't often hear all the issues and facts and project EIRs are too technical and long for most people to have time or ability to read and digest. We need a good open forum to discuss air quality issues that affect West Long Beach.

---

**How would you support outreach to ensure all voices in the community are heard?**

By bringing issues and facts to the LCNA and La Linda Association boards and full membership and soliciting comments as appropriate. Also interfacing with the Council office when needed.

---

**Goals of the AB 617 Community Steering Committee**

The purpose of the community steering committee is to support active community involvement and collaboration in the AB 617 implementation process by providing a forum for identifying air pollution issues in the community and potential solutions. Primary residence address (or nearest intersection):

Why are you interested in becoming a member of the AB 617 steering committee in the selected community?

As the Director of Communications for SBCC I would love to keep informed with what happens in order to better communicate with the community. I feel like there is a lack of community participation and knowledge. By joining the committee I will have the proper information for the residents we serve.

How would you support outreach to ensure all voices in the community are heard?

Since SBCC has strong relationships with community members we are able to pass on information quite quickly. We also count on multiple social media platforms to share information and create events when needed.
