

From Human Resources

An open recruitment is currently underway to create an eligible list from which we expect to fill several vacancies for **Assistant Air Quality Specialist / Air Quality Specialist** in Advanced Monitoring Technologies in Science and Technology Advancement. The list established may also be used to fill other vacancies at these levels should they occur during the life of the list. Current and anticipated vacancies are in the following programs. (See job flyer for details on each program).

Program
AQ-SPEC
Rule 1180 Implementation / Optical Remote Sensing
Special Monitoring / AB 617

This recruitment will close at 5:00 p.m. on **Tuesday, August 27, 2019**, OR when a sufficient number of qualified candidates have applied. Detailed information about this job posting and the required on-line application may be accessed on the Careers page of our website at <http://www.aqmd.gov/careers>.

A couple of reminders:

- It is recommended that you start your application early, to allow yourself enough time to resolve any problems you may encounter when using the system, since your application must be received by the 5:00 p.m. deadline on the specified closing date.
- For South Coast AQMD employees, it is required that you begin your application from your South Coast AQMD workstation. Once saved, your application may then be easily accessed from any location.
