Application for Renewal Package
Laboratory Approval Program
Application for Renewal

1. Name of Laboratory

2. Street Address

3. P.O. Box

4. City

5. State

6. Zip

7. County

8. Phone No.

9. Fax No.

10. Contact Name/ E-Mail Address

11. Individual Owner’s Name (if applicable)

12. Name of Parent Company (if applicable)

13. Authorized Representative responsible for ensuring that the laboratory complies with the conditions and criteria for testing approval

14. Technical Director or Manager of Laboratory

15. Reason for renewal: (Check all that apply)
   □ Change in signatory (no fee required)
   □ Change in responsible laboratory staff (no fee required)
   □ Annual renewal (fee per method required)
16. If there is any change in the signatory or responsible laboratory staff, please provide a revised personnel organization chart of the laboratory where the work will be performed. Identify the “new” signatory or responsible laboratory staff who will sign reports.

17. List the method(s) for which approval/renewal is being sought. (Refer to LAP Form No. 070 - Specified Laboratory Method Approval Fee Structure.)

18. Please include a renewal fee of $208.55 per method with the check made payable to: South Coast Air Quality Management District.

19. You will be notified by the South Coast Air Quality Management District should an on-site audit/observation or audit sample analysis be necessary. (Refer to LAP Form No. 070 - Specified Laboratory Method Approval Fee Structure for associated fees).

I certify that the conditions under which the latest Letter of Approval was granted for the above methods have not changed. These conditions include but are not limited to ownership, management, organizational chart, LAP duties and procedures performed by personnel, facility site or configuration, number of sub-facilities or mobile laboratories, equipment and major instruments, methods, and quality assurance, as described in the latest General and Method-specific Applications.

__________________________________________  __________________

Note: If changes have been made in operations that would affect Approval conditions, please request the relevant General and/ or Method-specific applications and describe these changes.
To become approved and maintain approval, the test facility must:

- Be legally identifiable.
- Have an authorized contact.
- Have a technical manager.
- Submit information required by LAP, including applications, organization charts and facility descriptions, test reports, etc.
- Agree to be assessed and evaluated initially, and on a periodic basis.
- Pay all relevant fees.
- Meet and maintain LAP conditions for all reports issued under LAP approval, as identified by LAP letterhead or a LAP logo.
- Maintain records of complaints and actions taken in response to complaints for at least one year.
- Maintain an independent decisional relationship between itself and its clients, affiliates, or other organizations, so that the laboratory’s capacity to render test reports objectively and without bias is not adversely affected.
- Have policies to ensure that its personnel are free from commercial, financial, or other undue pressure that might adversely affect the quality of their work.
- Limit the representation of the scope of its Approval to only those tests or services for which Approval is granted.
- Limit the advertising of its approved status to letterhead, test reports, brochures, and technical, trade or professional publications.
- Inform its clients that approval of its test reports in no way constitutes or implies product certification, or guarantee of results.
- Report to LAP within 60 days any major changes involving location, facility, management, staff, procedures, equipment, or QA.
- Return to LAP the Letter of Approval for possible revision or other action if:
  - requested by LAP,
  - test facility withdraws from LAP,
  - test facility becomes unable to conform to these criteria and related technical requirements.

I agree to the above conditions

Conflict of Interest Statement

1. The test facility shall have no financial interest in the company or facility being tested, or in the parent company or any subsidiary thereof.
2. The company or facility being tested, or parent company or subsidiary thereof, shall have no financial interest in the test facility.
3. Any company or facility responsible for the emission of significant quantities of pollutants to the atmosphere, or parent company or subsidiary thereof, shall have no financial interest in the test facility.
4. The test facility shall not be in partnership with, own or be owned by, in any part or in full, the contractor who has provided or installed equipment (basic or control), or monitoring systems, for the company being tested.

I certify that the above information is true to the best of my knowledge and belief:

M = Mandatory    O = South Coast AQMD Option

A facility or site inspection may be required as part of the Laboratory Approval. The cost for this is $156.44/hr up to $458.58 additional.
Inspections/visits may be conducted concurrently for more than one method.
Audit sample analysis may also be required, and the costs are $208.55/hr up to $611.41 additional (per analysis).

*Method 100.1 system audits are mandatory for approval (may also be required subsequently for renewal). The cost is $208.55/hr up to $611.41 additional (per analyzer).
