

**AQMD High Cube Warehouse Truck Trip Study
MAY 24, 2012 UPDATE**

Recent Warehouse Trip Rate Study Activities

- 1) WAREHOUSE VISIT
 - a. AQMD staff visited a local high cube warehouse with Majestic Realty to observe onsite operations

- 2) TECHNICAL WORKING GROUP ROSTER UPDATE
 - a. Two traffic engineers have been recommended from Stakeholder Working Group members as additions to the Technical Working Group
 1. Sandipan Bhattacharjee (LSA Associates, Inc.)
 2. Richard Dowling (Kittelson and Associates)

- 3) WAREHOUSE POPULATION DATA
 - a. AQMD staff received summary statistics of basin-wide warehouse population from SCAG. Data table below summarizes warehouse population within SCAQMD from 2009. Dataset has been provided to consultant to guide sampling approach.

County	Building Size (1,000 square feet)				Percent
	100-250	250-500	500-1000	>1000	
LA	881	250	42	12	51%
OR	123	24	1	1	6%
RV	193	118	70	18	17%
SB	292	203	62	15	25%
Total	1489	595	175	46	2305
<i>Percent</i>	65%	26%	8%	2%	

- 4) PLANNED ACTIVITIES OVER THE NEXT MONTH
 - a. Contractor will begin identifying warehouses that will receive business surveys using population data above as a guide.
 - b. AQMD staff will set up a meeting of the Technical Working Group to bring them up to date on study activities since the last TWG meeting (3/8/12).
 - c. Hold Stakeholder Working Group meeting (either in person or via conference call) on June 6. Details will follow in a future email.
