South Coast AQMD Issues Windblown Dust Advisory for Coachella Valley and East Riverside County

Valid Sunday May 26, 2019 and Monday May 27, 2019

This advisory is in effect through Monday morning. South Coast AQMD will issue an update if additional information becomes available.

A PM10 Dust Advisory is in effect for Sunday, May 26 through the morning of Monday, May 27. Strong southwest to west winds with gusts to 55 mph are predicted. Areas of blowing sand and blowing dust are predicted in the afternoon and evening with reduced visibilities at times. These may result in **Unhealthy** air quality in the Coachella Valley (Area 30) and East Riverside County (Area 31) due to blowing dust.

The National Weather Service (NWS) has posted a wind advisory for portions of Riverside and San Bernardino Counties including the Coachella Valley. The NWS wind advisory expires at 2 AM Monday. Areas of direct impacts and unhealthy air quality may include portions of:

- Riverside County: Coachella Valley (Area 30), East Riverside County (Area 31)

In areas directly impacted by windblown dust: Limit your exposure by remaining indoors with windows and doors closed and avoiding vigorous physical activity.
