1.4. AQMD User Forget Password

This feature allows the user to enter his registered Login Id, the system will check if the Login Id is a valid user. If the user's 'Login Id' is valid, then the user's security question will be prompted to the user to enter the security answer. On successful verification of the security answer, a new password is generated by the system and sent across to the user's registered email.

The screenshot shows the 'Change Password' form within the AQMD Web Apps interface. The header includes the AQMD logo and the text 'Web Apps'. Below the header is the slogan 'Cleaning the air that we breathe...'. The form itself is titled 'Change Password' and contains the instruction 'Please enter your current and new password.' followed by three input fields: 'Current Password', 'New Password', and 'Confirm New Password'. Each field has a red asterisk to its right. At the bottom of the form are three buttons: 'Update', 'Reset', and 'Return'. Below the form, there is contact information for the AQMD, including an email address (web.inquiry@aqmd.gov), a website URL (webidfor.aqmd.gov), and a physical address (21865 Capley Drive, Diamond Bar, California 91765) along with phone numbers for the main office and the Customer Information Team (CIT).

The functionalities available on the screen are:

- **Update:** To update the new password into the database
- **Reset:** To reset the fields.

Note: if the user clicks on the '**Update**', the system will encrypt the password entered by the user as the '**Current Password**' and along with the '**User ID**' will be validated from the database. If the user '**Current Password**' fails, an error message will be displayed to the user; else a 'password successfully changed' message will be displayed to the user.

1.5. Update Profile
