*Release Date: January 7, 2009*

**NEW SOURCE REVIEW STAKEHOLDERS MEETING**  
**January 21, 2009**  
**1:00 to 3:00 PM**  
**SCAQMD Headquarters, Auditorium**  
**21865 Copley Drive**  
**Diamond Bar, CA**

The South Coast Air Quality Management District (SCAQMD) staff would like to invite you to participate in a kick-off meeting to discuss near- and long-term solutions to recent issues affecting the SCAQMD's New Source Review (NSR) program. Issues surrounding NSR such as availability of credits and recent litigation have impacted businesses in our Basin. The SCAQMD staff is seeking new and innovative ideas to address the availability and price of NSR credits. The purpose of this first meeting is to share background information and establish the framework and process for the subsequent meetings to develop potential solutions to address these and other NSR issues. The resolution of these issues is important to ensure that businesses can continue to modernize their facilities.

The NSR Stakeholders Meeting will be held on January 21, 2009, from 1:00 PM to 3:00 PM at the SCAQMD Headquarters, in the auditorium. This will be the first of a series of meetings to address issues surrounding the SCAQMD's NSR program. We look forward to your participation on this important topic. For more information on this meeting please visit our website at [www.aqmd.gov](http://www.aqmd.gov). Detailed meeting agenda will be posted on our website this week. If you have any questions, please call Susan Nakamura at (909) 396-3105.
