

**Philip Fine, Ph.D**  
**Atmospheric Measurement Manager**  
**South Coast Air Quality Management District**

Philip Fine, Ph.D. oversees the SCAQMD ambient network of over 35 air monitoring stations. He is also responsible for all field activities of numerous special air monitoring projects focusing on air toxics and the local impacts of air pollution. Prior to joining the AQMD, he was a Research Assistant Professor at the University of Southern California, Los Angeles where he taught courses and conducted extensive research on particulate pollution and its health effects, resulting in over 40 peer-reviewed scientific publications. He received his Ph.D. from California Institute of Technology in Environmental Engineering Science, and his bachelor's degree in Mechanical Engineering from the University of California, Berkeley.
