

Lori Berard
Air Quality Specialist,
Science and Technology Advancement
South Coast Air Quality Management District

Lori Berard joined the South Coast AQMD in May of 2005 and currently works in the On-Road Section of the Mobile Source Division. Ms. Berard provides assistance with the implementation of AQMD's clean fleet rules and other strategies to reduce emissions from mobile sources, such as the remote sensing program to identify high emitting vehicles. Prior to joining the AQMD, Ms. Berard worked as a permit processing engineer at the Ventura County Air Pollution Control District for ten years, and in mobile source regulatory development at the California Air Resources Board for three years. Ms. Berard holds an M.S. degree in Civil/Environmental Engineering from California Polytechnic State University, San Luis Obispo.
