

Fred Lurmann

Fred Lurmann is President Emeritus and Manager of Exposure Assessment Studies at Sonoma Technology, Inc. in Petaluma, California. He has 30 years of experience in air quality modeling and data analysis. He is an expert in urban and regional scale photochemical and aerosol model development and applications, as well as short-range dispersion modeling. He has been responsible for the exposure assessment component of more than ten NIH, EPA, and ARB sponsored epidemiologic studies, usually as the Exposure Assessment Principal Investigator or Co-investigator.
