November 9, 2006

On behalf of the South Coast Air Quality Management District (AQMD), you are invited to participate on our New or Redevelopment Projects Control Measure Working Group. Our first meeting will be held on Wednesday, November 29, 2006 at 1:30 p.m. in the AQMD Conference Room GB. As a component of our Draft 2007 Air Quality Management Plan (AQMP), the draft control measure for New or Redevelopment Projects listed as EGM-01 is posted on our website at <http://www.aqmd.gov/aqmp/07aqmp/07AQMP.html> (copy attached).

The objective of the working group is to solicit comments and suggestions regarding the draft control measure and to develop an approach for its inclusion in the final draft 2007 AQMP that addresses our public and private stakeholder concerns.

We anticipate that this group will convene monthly through the 2007 AQMP development process. The working group may continue beyond April 2007, depending on the Board action on the 2007 AQMP. Your personal involvement is a key element to developing a successful program and we hope to have your personal participation. Please confirm your availability to serve on this working group by returning the attached response form by November 22, 2006. If you are unable to attend, please identify an alternate representative. Should you have any questions or need additional information, please contact Elaine Chang, Planning and Rules D.E.O., at (909) 396-3186.

Sincerely,

A handwritten signature in black ink, appearing to read "Barry R. Wallerstein", written in a cursive style.

Barry R. Wallerstein, D.Env.
Executive Officer
