

BOARD MEETING DATE: July 11, 2014

AGENDA NO. 2

PROPOSAL: Set Public Hearings September 5, 2014 to Consider Amendments and/or Adoption to SCAQMD Rules and Regulations:

- (A) Amend Rule 1111 - NOx Emissions from Natural-Gas-Fired, Fan-Type Central Furnaces. PAR 1111 delays the compliance date for condensing (high efficiency) units until April 1, 2015. The proposed amendment would also add a mitigation fee-based compliance option to allow up to three years' delay for residential furnace manufacturers that require additional time to produce furnaces that meet the 14 ng/Joule emission limit. The proposed mitigation fee will be used to mitigate the air emissions impacts of the delay. (Reviewed: Stationary Source Committee, March 21 and June 20, 2014)
- (B) Amend Rule 1151 - Motor Vehicle and Mobile Equipment Non-Assembly Line Coating Operations. In an effort to enhance the understanding of current applicable rule requirements, the proposed amendment seeks to make administrative changes to the rule by removing obsolete rule language, and making minor revisions and editorial corrections. The proposed amendment also adds new definitions to promote clarity and consistency, revises the transfer efficiency equivalency section and adds an exemption for automotive graphic arts operations. (Review: Stationary Source Committee, July 25, 2014)

The complete text of the proposed amendments, staff reports, and other supporting documents are available from the District's Public Information Center, (909) 396-2550, and on the Internet (www.aqmd.gov) as of August 6, 2014.

RECOMMENDED ACTION:

Set Public Hearings September 5, 2014 to amend Rules 1111 and 1151.

Barry R. Wallerstein, D.Env.
Executive Officer
