

BOARD MEETING DATE: July 11, 2014

AGENDA NO. 6

PROPOSAL: Approve Truck Projects under “Year 4” Proposition 1B-Goods Movement Program

SYNOPSIS: At its April 4, 2014 meeting, the Board approved a list of heavy-duty truck projects under the “Year 4” Proposition 1B-Goods Movement Program, subject to CARB’s final approval. Some truck projects were not included in the recommended list either because of missing information for completion of evaluations or for not furnishing the campaign contribution disclosure forms on time. Since then staff has continued working with these applicants and more truck projects have become eligible. These actions are to augment the list of truck projects, previously approved by the Board, with additional truck projects as outlined in Table 1, subject to CARB’s final approval. These additional projects will not delay the program implementation schedule, as the final approval will be subsequent to completion of compliance checks by CARB, after which contracts will be executed.

COMMITTEE: Technology, June 20, 2014; Recommended for Approval

RECOMMENDED ACTION:

Approve additional truck projects as outlined in Table 1, to augment the projects previously approved by the Board, subject to CARB’s final ranking and compliance check approval under the Proposition 1B-Goods Movement Program.

Barry R. Wallerstein, D.Env.
Executive Officer

Background

At its April 4, 2014 meeting, the Board approved goods movement truck projects under the second solicitation phase of the “Year 4” Proposition 1B-Goods Movement Program. Some truck projects were not included in staff’s recommended list either because of missing information for completion of evaluations or for not furnishing the campaign contribution disclosure forms on time. Since then staff has worked with these applicants and more truck projects have become eligible.

Outreach

Relative to the Proposition 1B-Goods Movement Program projects, and in accordance with SCAQMD’s Procurement Policy and Procedure, a public notice advertising the RFP/RFQ and inviting bids was published in the Los Angeles Times, the Orange County Register, the San Bernardino Sun, and Riverside County Press Enterprise newspapers to leverage the most cost-effective method of outreach to the South Coast Basin.

Additionally, potential bidders may have been notified utilizing SCAQMD’s own electronic listing of certified minority vendors. Notice of the RFP/RFQ has been e-mailed to the Black and Latino Legislative Caucuses and various minority chambers of commerce and business associations, and placed on the Internet at SCAQMD’s website (<http://www.aqmd.gov>). Information is also available on SCAQMD’s bidder’s 24-hour telephone message line (909) 396-2724.

Proposal

This action is to approve additional truck projects, as outlined in Table 1, to augment the projects previously approved by the Board on April 4, 2014, all of which are subject to CARB’s final ranking and compliance check approval under the Proposition 1B-Goods Movement Program. These truck projects have now become eligible because they either provided missing information and/or furnished campaign contribution disclosure forms.

Benefits to SCAQMD

The successful implementation of these truck projects will reduce NO_x, PM and other pollutant emissions in a cost-effective and expeditious manner, which will help achieve the goals of the AQMP. The new equipment/vehicles funded under this program are expected to operate for many years, providing long-term emission reduction benefits in the region.

Resource Impacts

On February 7, 2014, the Board recognized revenue from CARB into SCAQMD’s Proposition 1B-Goods Movement Program Fund (81), as part of the “Year 4” Proposition 1B-Goods Movement Program, including a minimum of \$11,809,524 for second phase project funding. Funding for the truck projects listed in Table 1, as well as

the ones previously approved, shall not exceed \$11,809,524, in addition to any unused funds from the first phase of the “Year 4” Proposition 1B truck projects, from the Proposition 1B-Goods Movement Program Fund (81).
