Minutes

At its September 18, 2014 meeting, the MSRC unanimously approved the minutes of their June 19, 2014 meeting. These minutes are included as *Attachment 1*.

Joint MSRC & MSRC-TAC Annual Offsite Retreat

On September 18, 2014, the MSRC conducted its annual offsite retreat with its Technical Advisory Committee to initiate development of its upcoming FYs 2014-16 AB 2766 Discretionary Fund Work Program, for which an unprecedented \$44 million will be available for projects. A few highlights from the retreat include the following.

A luncheon keynote was presented by John O'Dell, Senior Editor of Edmunds.com, an award-winning journalist covering the automotive industry for the past 20 years, who discussed the broad passenger vehicle outlook from the perspective of Edmunds.com analysts and economists. He also touched on facts from the National Research Council's

2013 study “Transitions to Alternative Vehicles and Fuels” which for the first time forecasts alternative vehicle and fuel technology through 2050. He was a contributor to the study compiling the chapter on consumer behavior. This document can be downloaded from the National Academies Press website at: http://www.nap.edu/download.php?record_id=18264.

The guest speaker was Levi Tillemann whose book “The Great Race: The Global Quest for the Car of the Future” will be released by Simon & Schuster in January 2015. Dr. Tillemann, currently a Senior Fellow at the New America Foundation, was previously an advisor to the US Department of Energy’s Office of Energy Policy and Systems Analysis (EPSA) where he chaired the department’s Autonomous and Connected-vehicles Energy (ACE) Working Group. He provided some interesting historical facts and a unique perspective of the automotive race amongst the three largest auto manufacturing countries in the world (U.S., China and Japan).

Additionally, CEC and CARB staff provided the MSRC an update on their agencies’ respective activities and priorities in relation to the MSRC’s goals and mission. Furthermore, SCAQMD staff reviewed the scope and purpose of the 2016 AQMP, our region’s air quality challenges and attainment mandates, and the need for and proposed projects to achieve cleaner combustion engines and zero emission technologies for the goods movement sector. Finally, the MSRC’s Outreach Coordinator, the Better World Group, summarized the results and analysis of six regional “mini-workshops” held throughout the basin during the summer to launch the development process of the upcoming work program and solicit direct feedback from past, current and potentially future project participants.

At its next meeting the MSRC will continue discussing parameters and priorities for the upcoming FYs 2014-16 Work Program.

Additional Funds for Alternative Fuel School Buses

The MSRC allocated \$2 million under the FYs 2012-14 Work Program for an Alternative Fuel School Bus Incentives Program, providing incentives ranging from \$15,000 to \$45,000 per bus, depending on model. At its September 18, 2014 meeting, the MSRC unanimously approved a request from A-Z Bus Sales for an additional \$93,000 to provide incentives for three full-sized CNG buses for Orange Unified School District as well as a request from BusWest for a \$434,000 to provide incentives for 14 full-sized CNG buses from Tumbleweed Transportation and Hemet and Hacienda La Puente Unified School Districts. These awards will be considered by the SCAQMD Board at its October 3, 2014 meeting.

Alternative Fuel Infrastructure Program Award

As part of the FYs 2012-14 Work Program, the MSRC allocated \$7.5 million for the implementation of new and expanded CNG and LNG refueling stations as well as modification of maintenance facilities to accommodate gaseous-fueled vehicles. The MSRC previously considered 14 applications and awarded a total of \$1,653,000 for those projects. One additional application, from Midway City Sanitary District, has been received and after being evaluated was deemed compliant with the Program requirements. At its September 18, 2014 meeting, the MSRC unanimously approved funding for the additional application, awarding a contract to Midway City Sanitary District in an amount not to exceed \$250,000 for installation of a limited-access CNG fueling station and modifications to their vehicle maintenance facility. This award will be considered by the SCAQMD Board at its October 3, 2014 meeting. Additional applications are anticipated before the Program Announcement #PA2014-05 closes September 26, 2014.

Received and Approved Final Report

The MSRC received and approved only one final report for U-Haul Company of California Contract #MS12026, which provided \$500,000 towards the purchase of 15 medium-duty on-road vehicles.

Contract Modification

The MSRC considered only one contract modification for the City of Riverside Contract #ML11036, which provides \$670,000 towards the purchase of nine heavy-duty natural gas engines and installation of a CNG station, and approved vehicle substitutions and a 26-month contract term extension.

A long construction dispute delayed completion of the station. During April 2014, the station finally became operational. CSULA requests a contract term extension sufficient to allow for five years' operation, which equates to a 34-month contract term extension. The MSRC-TAC unanimously recommended approval.

ACTION CALENDAR (Items 8 through 10)

Agenda Item #8 – Consider FY 2014-15 Administrative Budget

John Kampa, Financial Analyst, presented this item on behalf of Henry Hogo. Mr. Kampa referred to page 57 in the agenda packet, the FY 2014-15 Proposed Administrative Budget. He indicated that staff is proposing an Administrative Budget of \$682,719, against a projected cap of \$755,000, leaving approximately \$72,000 under the cap. This proposed budget reflects the same level of staffing and miscellaneous costs as in the past fiscal year, with the increase of \$16,622 due mainly to increases in the overhead rate, mostly in the areas of building maintenance, and slight increases to the retirement rates. As in previous fiscal years, the proposed budget shows miscellaneous direct costs. Those will be reflected in the SCAQMD's budget.

The current year administrative budget estimate is projected to be at least \$131,000 under the cap and \$58,000 under the adopted administrative budget. Administrative costs directly related to the Work Program have actually been spread out over two years, so

there have been some savings due to that fact. However, this proposal is built on a one-year Work Program, if that is the route the MSRC chooses to go.

MSRC Member Greg Winterbottom asked if the MSRC goes to a two-year Work Program, can the administrative budget become a two-year plan, as well. Mr. Kampa replied, yes, but the difficulty in that is the uncertainty of the timing of when the direct costs would be occurring. This administrative budget does not roll over year-to-year. It is capped fiscal year to fiscal year, so anything that is not spent moves directly into undesignated fund balance and can be used to fund the Work Program.

MSRC Alternate April McKay asked if the \$120,000 is basically surplus or under spent potential money, and whether some of that money can be utilized for more resources to help get things done faster. Mr. Kampa replied yes, it is projected that the administrative costs are going to come in under the legally mandated cap. This is the adopted budget so if there is any extraordinary thing that comes to light during the fiscal year, it will come to the Committee, and the MSRC can be informed that there is this space in the cap that can be utilized to afford one of these administrative expenses. This is the best projection of what is going to be spent during the next fiscal year.

Ms. McKay asked that if there was something that came up and things were really running behind and extra help was needed, could someone be hired part time, or someone's hours be doubled, without any problem? Mr. Kampa replied affirmatively.

MSRC Member Earl Withycombe commented that, in looking at the expenditures, compared to the adopted budget for 2013-14, he noticed that the number of hours for the Procurement Manager was set at 300; 176 hours were used in the previous year; and 300 are proposed to be devoted in the upcoming year. He asked to know why the Procurement Manager did not work up to the 300 hours, while all of the other hourly figures are much closer. Mr. Kampa replied that basically with the RFPs and things of that nature that the Procurement Manager reviews, since the MSRC has been on a two-year work program, the work has been spread out over those two years. If everything had fallen into one fiscal year, he might have had more work to do. Just looking at the projection, it is spread over those two years, and since the MSRC has been on a two-year work program, that work area came under budget.

ON MOTION BY MSRC ALTERNATE ADAM RUSH AND
SECONDED BY MSRC MEMBER EARL WITHYCOMBE, AS A
COMMITTEE OF THE WHOLE, THE MSRC UNANIMOUSLY
APPROVED THE FY 2014-15 ADMINISTRATIVE BUDGET. A
QUORUM WAS ACHIEVED UPON THE ARRIVAL OF MSRC
MEMBER MICHAEL ANTONOVICH.

AYES: MCCALLON, WINTERBOTTOM, WITHYCOMBE, MCKAY,
RUSH, ANTONOVICH.

NOES: NONE.

ACTION: Staff will include this item for consideration by the SCAQMD Board at its July 11, 2014 meeting.

FYs 2012-14 WORK PROGRAM**Agenda Item #9 – Consider Work Plan Received under Signal Synchronization Program**

Ray Gorski, MSRC Technical Advisor, indicated that Kelly Lynn, Chair/TCM Subcommittee, was unable to attend today's meeting, and asked that staff present this item on her behalf. This is the continuation and conclusion of the FYs 2012-14 MSRC Traffic Signal Coordination Program. The MSRC set aside a total of \$5 million which was distributed equally amongst the four County Transportation Commissions (CTCs). The purpose was to identify traffic coordination and signalization programs within their jurisdiction which could help alleviate traffic congestion. A total of \$1.25 million was allocated to each of the four CTCs to implement this program on behalf of the MSRC. The Riverside County Transportation Commission (RCTC) had originally submitted a proposal for \$939,625 to do signal coordination in the cities of Eastvale, Moreno Valley and Riverside. The MSRC approved that allocation back in April. However, there was still a funding reserve for RCTC in the amount of \$310,375. The Coachella Valley Association of Governments (CVAG) recently had a call for projects in which they solicited programs to implement signal synchronization. RCTC is recommending that the remaining balance be allocated towards those projects which were identified in the Coachella Valley portion of Riverside County to have traffic mitigation benefits. Superpage 60 lists the signals along the Highway 111 corridor. This is a multijurisdictional program which is going to provide signal synchronization and coordination along the Highway 111 corridor through the cities of Palm Springs all the way down to Coachella. Based upon the evaluation of the project which was completed by CVAG, it looks like this is going to be extraordinarily beneficial in reducing delays. That will take the remaining balance of the RCTC allocation and, if approved, the 2012-14 signal synchronization for the MSRC will be completed.

MSRC Alternate Adam Rush said that RCTC appreciates the assistance with the Eastvale project and that they also have another project out to bid for contract right now and will be asking for more money in the future. For Agenda Item #9, he does not have a financial interest, but is required to identify for the record that he is the Commissioner of the RCTC, which is involved in the item.

ON MOTION BY MSRC MEMBER EARL WITHYCOMBE, AND
SECONDED BY GREG WINTERBOTTOM, AS A COMMITTEE OF
THE WHOLE, THE MSRC UNANIMOUSLY APPROVED AN
AWARD IN THE AMOUNT OF \$310,375 TO RCTC FOR TRAFFIC
SIGNAL COORDINATION IN THE COACHELLA VALLEY. A
QUORUM WAS ACHIEVED UPON THE ARRIVAL OF MSRC
MEMBER MICHAEL ANTONOVICH.
AYES: MCCALLON, WINTERBOTTOM, WITHYCOMBE, MCKAY,
RUSH, ANTONOVICH.
NOES: NONE.

ACTION: Staff will include this item for consideration by the SCAQMD Board at its July 11, 2014 meeting.

FY 2014-15 Work Program**Agenda Item #10 – Consider Duration of Next MSRC Work Program**

Cynthia Ravenstein, MSRC Contracts Administrator, indicated that the last Work Program covered two fiscal years. This item is to determine whether the next Work Program should cover one or two fiscal years. Some of the reasons on the positive side are: there were lower administrative costs associated with doing the two-year work program, such as, mailing, workshops, retreats, outreach, fewer solicitations, reduced the administrative costs. Also, having longer application windows on a lot of these programs allowed potential bidders more time to structure their projects and work on forming partnerships. Having a larger pot of money enabled the MSRC to consider bold, regionally-significant programs that might not be feasible with one-year's worth of money. More money can generate more buzz, more interest; and there is more time to structure the more complex programs.

As far as the negatives of having a two-year Work Program: There are some entities that have been used to dealing with the MSRC and they are used to having an opportunity every year. In terms of how things line up with when they are doing their procurements, having only one solicitation instead of two in those two years might not line up so well for them. If there is something that comes up that hadn't really been thought of earlier, but there is an opportunity that emerges, it may be a little more difficult to respond to those opportunities in the time frame that they are coming up, unless the MSRC leaves some of the money unallocated, just in case.

MSRC Vice Chair Larry McCallon asked if something does come up, can't the MSRC modify the Work Program and redistribute money? Ms. Ravenstein replied yes, if there is something that hasn't been used, then the MSRC can look at potential money that has been turned back. That has often been a source that the MSRC has looked to when there has been a higher-than-anticipated demand in a program, or a new program. Vice Chair McCallon commented that he likes two-year Work Programs; two-year budgets. That's what they do in their city. They establish a Work Program and out of that comes a two-year budget. If need be, budget adjustments can be made if something comes along; or they can subtract from or add to the Work Program. He likes the concept of two-years, personally.

MSRC Member Greg Winterbottom commented that at the Workshop yesterday, he took a poll of more than 25 people present and everyone was in favor of the two-year plan, for the reasons mentioned. One of the issues is that things are getting more and more complicated. All the low-hanging fruit is gone. The MSRC is getting more of the involved-type of requests, so they take longer. They have had years where the MSRC has spent basically $\frac{3}{4}$ of the budget. They put a quarter of it back into the bank, so he thinks it's a great plan. It doesn't preclude anything shorter than two years. If something is ready in 90 days, it can still be considered. He thinks it is a good plan for the future of the MSRC, and he supports it wholeheartedly.

MSRC Member Earl Withycombe stated that when the MSRC discussed the one versus two-year budget cycle at a retreat two years ago, one of the reasons for supporting a two-

year program was to reduce stress on staff and give them some breathing space to formulate additional ideas for future programs, etc., instead of keeping them always on the procurement treadmill. He asked if, in fact, the two-year budget cycle achieved that goal.

Ms. Ravenstein replied that administratively, it is certainly easier for her to get things done rather than just spending time going through doing another version of the same RFP. Ray Gorski added that overall they have evolved towards requiring longer time. Staff has had discussions with other stakeholders, including the Air Resources Board, and those discussions will continue. There are a lot of other funding programs available; however, they all have their certain specifics and strings attached. The MSRC has historically endeavored to make sure that they establish what their role is in the overall funding scheme. They certainly do not want to appear to be duplicating anyone's effort, but again, they do want to develop synergies. At least, from his experience, in developing some of the programs, having more time to forge the partnerships and most importantly ensure that they are on safe ground relative to the regulatory environment, it is really beneficial. That said, they always act in accordance with the schedule that the MSRC puts forward. If there is a program that needs to be implemented immediately, that the MSRC believes is valuable, staff is of course ready and able to do that, but from a longer term, planning the additional time allows them to do it right, as opposed to right away.

MSRC Alternate April McKay said she agreed with Mr. Withycombe. She was looking for the same answer.

Mr. Withycombe stated that, on the basis of that information, he supports the two-year budget cycle, also.

[At this point in the meeting MSRC Member Michael Antonovich arrived at 2:34 p.m. and a quorum was achieved. MSRC Vice Chair Larry McCallon informed Mr. Antonovich that his attendance achieved the quorum, and of the actions taken, thus far. Mr. Antonovich ratified the actions that were taken, and added his aye vote to all the items. He did not have any comments to add regarding Agenda Item #10.]

ON MOTION BY MSRC MEMBER EARL WITHYCOMBE, AND
SECONDED BY MSRC MEMBER GREG WINTERBOTTOM, THE
MSRC UNANIMOUSLY APPROVED REMAINING ON A TWO-
YEAR WORK PROGRAM CYCLE FOR FYS 2014-16. A QUORUM

OTHER BUSINESS**Item #11 – Other Business**

- MSRC Vice Chair Larry McCallon asked if the MSRC was agreeable to going dark in July, meaning that there would be no MSRC-TAC or MSRC meeting during the month of July. The SCAQMD Board will not be meeting in August. Accordingly, any items needing SCAQMD Board approval would not go to the Board until September 5, 2014.

The consensus of the MSRC members was to go dark in July.

- MSRC Alternate Tim Shaw announced that he serves on the City Council in La Habra, as well as the OCTA Board, and the MSRC was instrumental in helping them purchase some clean-burning buses. They will be starting a bus circulator route in La Habra. They are having a ribbon cutting event on Thursday, July 31, at 2 p.m., at the La Habra Community Center (located on the corner of Euclid Avenue and La Habra Boulevard). Everyone is invited. Formal invitations have not been finalized yet, but he wanted to get the event on everyone's calendar. Invitations are forthcoming.
- MSRC Member Earl Withycombe said that when MSRC Member Michael Antonovich constituted the quorum he was asked to vote on the action items. Mr. Withycombe wanted to be certain that that statement included the consent agenda. MSRC Vice Chair McCallon replied yes, it did include action items under consent, as well as discussion items. Mr. Withycombe just wanted clarification for the purpose of the minutes.
