Background

Since FY 1995-96, staff has provided semi-annual reports to the Board on contract activity. This report identifies five categories of contract awards: 1) New Awards – new contracts for professional services and research projects; 2) Other – air monitoring station leases, Board Assistant agreements, or miscellaneous lease agreements that generate revenue, e.g., lease of SCAQMD space; 3) Sponsorships – contracts funding public events and technical conferences which provide air quality related benefits; 4) Amendments – modifications to existing contracts usually reflecting changes in the project scope and/or schedule; 5) Terminated Contracts – Partial Work Performed – modifications to contracts to reflect termination of a portion or all of the work which result in de-obligation of contract funding. The report further specifies under New Awards, which contracts were awarded competitively and which were awarded on a sole-source basis. Within the first four categories, the level of approval (Board or Executive Officer) is indicated.

Summary

Of the 1,273, contracts and modifications (including terminations) issued during this period New Awards accounted for 852, Other accounted for 26, Sponsorships accounted for 23, and Modifications accounted for 281. The total value for New Awards was \$144,625,498.00. Of that amount, \$140,037,423.00 or 97% was awarded through the competitive process. The total value of all contracts and amendments for this period was \$153,336,489.03 with 886 contracts and amendments totaling \$150,601,059.17 approved by the Board and 296 contracts and amendments totaling \$2,735,429.86 approved by the Executive Officer.
