Commercial Electric Lawn and Garden Equipment Incentive and Exchange Program

PROGRAM GOALS:

Improve air quality by exchanging older, polluting gasoline- or diesel-powered commercial lawn and garden equipment for new zero emission, battery electric commercial grade equipment for operation within South Coast AQMD's four-county region. Priority will be given to environmental justice (EJ) or disadvantaged communities which will be identified using the CalEnviroScreen mapping tool, but all users within the South Coast AQMD jurisdiction are eligible.

ELIGIBILITY:

Commercial gardeners and landscapers, local government agencies, school districts and colleges, and non-profit organizations are eligible to participate. One equivalent operable gasoline- or diesel-powered piece of lawn and garden equipment must be scrapped to qualify for incentive funding towards battery-electric replacement equipment. Funding is not available to purchase gasoline-powered equipment under this new exchange program.

MANUFACTURERS:

There are six participating manufacturers offering multiple dealer locations throughout South Coast AQMD's four-county region. Simply visit one of these participating locations and bring the operable gasoline or diesel equipment to be exchanged.

PROCESS:

The participating dealers will test the old lawn and garden equipment for operability before responsibly draining all fluids and permanently destroying the old equipment through a licensed dismantler.

NEW EQUIPMENT

There will be the opportunity to select from a wide variety of available makes and models of commercial-grade electric lawn and garden equipment, including handheld trimmers, chainsaws, pruners, backpack and handheld blowers and ride-on, stand-on, walk-behind and robotic lawn mowers.

INCENTIVE FUNDING:

This exchange program reduces the purchase price of the commercial electric lawn and garden equipment. While South Coast AQMD will prioritize funding in EJ or disadvantaged communities to the extent possible, the program is available to all eligible participants who work or reside in the broader geographic area within South Coast AQMD's jurisdiction.

Pursuant to state law, sales tax will be charged on the full retail value of each new piece of equipment.

This exchange program is funded through South Coast AQMD's Air Quality Investment Program and U.S. EPA Targeted Air Shed Grant.

Please check South Coast AQMD's website for the latest qualifying equipment and dealer locations.

Qualified Electric Lawn and Garden Equipment

	Equipment, Battery and Charger (bundle)	Purchaser Cost (plus tax)
1	Lawn mower CLM-58V4AH, 58V4AH battery, and 58VA charger	\$100
2	String trimmer CST-58V2AHCV, 58V2AH battery, and 58VA charger	\$50
3	Handheld blower CPLB-58V2AH, 58V2AH battery, and 58VA charger	\$46
4	Chainsaw CCS-58V4AH, 58V4AH battery, and 58VA charger	\$60
5	Hedge trimmer CHT-58V2AH, 58V2AH battery, and 58VA charger	\$54

LaVn & Garden
EQUIPMENT
Incentive & Exchange Program

Programa de incentivo para intercambio de maquinaria eléctrica comercial de césped y jardinería

OBJETIVOS DEL PROGRAMA:

El mejorar la calidad del aire intercambiando maquinaria comercial vieja de césped y jardinería contaminante, de gasolina o diesel, por maquinaria comercial de césped y jardinería nueva, con batería eléctrica de alto grado, para operar dentro la región de la Administración de la calidad del aire de South Coast AQMD abarcando cuatro condados. Habrá especial enfoque para identificar comunidades con desventaja ambiental o con necesidad de justicia ambiental (EJ) por medio de un sistema llamado CalEnviroScreen.

LA ELEGIBILIDAD:

Jardineros y paisajistas profesionales, agencias locales gubernamentales, distritos escolares y colegios, y organizaciones no lucrativas son elegibles para participar. Cada pieza equivalente de césped y jardinería operable de gasolina o diésel debe ser desechada para calificar a un incentivo hacia el reemplazo a maquinaria con batería eléctrica de alto

grado. No habrá fondos disponibles para maquinaria de gasolina bajo este nuevo programa de intercambio.

LOS FABRICANTES:

Hay seis fabricantes participantes ofreciendo varios lugares de intercambio en toda el área de la agencia de South Coast AQMD. Visite uno de estos lugares de los fabricantes participantes y traiga su maquinaria operable de gasolina para intercambiar.

EL PROCESO:

Los fabricantes participantes probarán la maquinaria vieja de césped y jardinería para verificar operatividad, vaciarán los flúidos responsablemente antes de enviarla a ser destruida permanentemente por medio de un desmantelador profesional.

LA MAQUINARIA NUEVA:

Habra la oportunidad de seleccionar de una amplia variedad de marcas y modelos en maquinaria eléctrica de alto

grado comercial de césped y jardinería incluyendo podadoras de mano, motosierras, despuntadoras, sopladoras de mano y de mochila, cortacéspedes de monte, de empuje y robóticas.

FONDOS DE INCENTIVO:

Este programa de intercambio reduce el precio de la maquinaria eléctrica comercial de césped y jardinería. Mientras que de South Coast AQMD dará prioridad en fondos a comunidades con desventaja ambiental al nivel más extenso posible, el programa estará disponible a todos los participantes elegibles que trabajen o residan en el área geográfica extensa dentro la jurisdicción de South Coast AQMD.

En cumplimiento con la ley estatal, los impuestos serán cobrados basados en el precio total de menudeo por cada pieza nueva.

South Coast Air Quality Management District Incentive Programs

Residential Electric Lawn Mower Rebate Program

Help clean the air by replacing your old gasoline lawn mower with a battery electric model and receiving a rebate based on the purchase price of your new mower.

www.aqmd.gov/lawnmower

Residential EV Charging Incentive Pilot Program

The program will provide an incentive to buy-down the cost of residential chargers. The program is on a first come, first served basis and will provide up to \$250 for the cost of hardware for Level 2 residential chargers.

www.aqmd.gov/home/programs/community

Replace Your Ride

Qualified applicants could receive up to \$9,500 to replace their existing vehicle with a newer, cleaner model or other clean modes of transportation.

www.replaceyourride.com

Carl Moyer Program

Grants from the Carl Moyer Program for helping replace older heavy-duty diesels with cleaner technologies. The program includes on-road and off-road projects.

www.aqmd.gov/moyer

Lower-Emission School Bus Program

Incentives to public school districts to purchase new clean buses in order to retire their highest-polluting buses.

www.aqmd.gov/schoolbus

On-Road Heavy-Duty Voucher Incentive Program

Help for fleets with 10 or fewer vehicles to replace high-polluting vehicles with lower-emission ones, or to install retrofit devices.

www.aqmd.gov/VIP

CLEANair Furnace Rebate Program

This program provides an incentive to residents within the SCAQMD's jurisdiction who purchase and install a compliant furnace that meets the South Coast AQMD Rule 1111 Nitrogen Oxide (NOx) emission limit.
