

South Coast Air Quality Management District

Request for Proposals - P2021-09

AB 617 Community Emissions Reduction Plan

A Request for Proposals (RFP) is currently available to solicit qualified organizations to implement projects within environmental justice communities to address specific air quality priorities included in the Community Emissions Reduction Plans (CERPs) for South Coast AQMD's 2018-designated communities in the Assembly Bill (AB) 617 program.

A voluntary, **virtual** Bidders' Conference will be held on:

Friday, December 18, 2020 – 9:00 AM

Zoom Link: <https://scaqmd.zoom.us/j/96394693839>

Zoom Webinar ID: 963 9469 3839

Teleconference Dial In: +1 669 900 6833

Proposals are due on **January 15, 2021, no later than 5:00 PM.**

The following documents are required as part of the application:

- Cover Letter
- Volume I - Technical Proposal
- Volume II - Cost Proposal
- Volume III - Certifications and Representations (Attachment B of the RFP)

Supporting information required in the project summary sheet and for each of the project evaluation criteria should be included in the Technical Proposal. **Failure to submit proposals in the required format will result in elimination from proposal evaluation.**

The RFP (Bid Number P2021-09) can be found on the South Coast AQMD website under Grants & Bids: <http://www.aqmd.gov/nav/grants-bids>

Please feel free to forward this notice along to any interested parties and/or to post on relevant websites where interested parties can view project opportunity. Staff requests that attendees RSVP by close of business on Wednesday, December 16, 2020.
