Southeast Los Angeles - CSC

# SELA Air Quality Priority Identification

## Purpose

To identify the top air quality priorities in Southeast Los Angeles to be addressed in the Community Emission Reductions Plan.

## Instructions

- Please sit at the tables in groups of 6 to 7 Community Steering Committee (CSC) members
- Take turns sharing your top air quality priorities with your group
- You may use the information provided in today's presentation, and materials at the table to help inform your decisions
- Each table will collect their **top 3** air quality priorities
- Choose one representative from your table that is a CSC member to share the top 3 air quality priorities identified by the table
- You may use the space below to list your air quality priorities

## Air Quality Priority List

AIR QUALITY PRIORITY	DESCRIPTION	LOCATIONS
<i>Ex. Construction and near demolition sites</i>	<i>Excess dust and odors coming from construction sites</i>	<i>Main St. and 2<sup>nd</sup> St. Oakwood apartment complex</i>
