

Assembly Bill 617 (AB 617) Meeting Summary Southeast Los Angeles Community Kick-off Meeting

Meeting Date: January 9, 2020

Meeting Time: 6:00 pm to 8:30 pm

Location: Sale Lake Park Recreation Center in Huntington Park

Staff organized and held the community kick-off AB 617 meeting in Huntington Park at Salt Lake Park. The purpose of the meeting was to provide the community and interested stakeholders with information on the AB 617 program and to explain how to participate as a member of the Community Steering Committee. Staff explained to meeting attendees how the CSC will provide input and guidance to design actions for the community, for integration into the Community Emissions Reductions Plan (CERP) as well as the Community Air Monitoring Plan (CAMP).

Community members had an opportunity to fill out an Interest Form during the kick-off meeting to express their interest in being a CSC member, and staff explained that attendees will be notified by email or by phone once the selection process is complete. In addition to receiving information about AB 617, attendees were invited to visit a variety of booths, which provided information about some existing South Coast AQMD programs, community monitoring, community air measurement efforts, and incentive programs.

Public Comment was then received from meeting attendees.
