

BOARD MEETING DATE: October 7, 2016

AGENDA NO. 2

PROPOSAL: Set Public Hearing November 4, 2016 to Consider Amendments and/or Adoption to SCAQMD Rules and Regulations

Amend Rule 1325 – Federal PM2.5 New Source Review Program and Amend Rule 1302 - Definitions. Amendments to Rule 1325 are proposed to establish appropriate major stationary source thresholds for direct PM2.5 and PM2.5 precursors, including VOC and ammonia, in order to align with the recent reclassification of the South Coast Basin from a “moderate” PM2.5 nonattainment area to a “serious” nonattainment area and with U.S. EPA’s Fine Particulate Matter National Ambient Air Quality Standards implementation rule. Amendments to Rule 1302 are proposed to modify major source SOx threshold definitions and an editorial revision to improve rule clarity and consistency. The proposed amendments are intended to facilitate SIP approval of the regulations. (Reviewed: Stationary Source Committee, September 16, 2016)

The complete text of the proposed amendment, staff report and other supporting documents will be available from the District’s Public Information Center, (909) 396-2550 and on the Internet (www.aqmd.gov) as of October 5, 2016.

RECOMMENDED ACTION: Set public hearing November 4, 2016 to amend Rules 1325 and 1302.

Wayne Nastri
Acting Executive Officer
