

BOARD MEETING DATE: November 2, 2018

AGENDA NO. 2

PROPOSAL: Set Public Hearings December 7, 2018 to Consider Adoption of and/or Amendments to SCAQMD Rules and Regulations

A. Certify the Final Environmental Assessment and Adopt Rule 1118.1 - Control of Emissions from Non-Refinery Flares  
Proposed Rule 1118.1 applies to RECLAIM and non-RECLAIM facilities that operate non-refinery flares located at landfills, wastewater treatment plants, oil and gas production facilities, organic liquid loading stations, and tank farms. The proposed rule will implement, in part, the 2016 AQMP Control Measure CMB-03 - Emission Reductions from Non-Refinery Flares and facilitate the transition of the NO<sub>x</sub> RECLAIM program to a command-and-control regulatory structure. Proposed requirements include NO<sub>x</sub> and VOC emission limits that reflect BARCT standards and a capacity threshold. Additionally, Proposed Rule 1118.1 establishes provisions for source testing, monitoring, reporting, recordkeeping, and provides exemptions for low-use and low-emitting flares. This action is to adopt the Resolution: 1) Certifying the Final Environmental Assessment for Proposed Rule 1118.1 - Control of Emissions from Non-Refinery Flares, and 2) Adopting Proposed Rule 1118.1 - Control of Emissions from Non-Refinery Flares. (Reviewed: Stationary Source Committee, October 19, 2018)

B. Certify the Final Subsequent Environmental Assessment and Amend Rules 1146, 1146.1, 1146.2 and Adopt Rule 1100  
The adoption Resolution of the 2016 AQMP directed staff to achieve additional NO<sub>x</sub> emission reductions and transition the RECLAIM program to a command-and-control regulatory structure as soon as practicable. Proposed Amended Rules 1146, 1146.1 and 1146.2 update NO<sub>x</sub> emission limits for boilers, heaters, and steam generators applicable to these rules. The revised NO<sub>x</sub> emission limits represent BARCT and apply to RECLAIM and non-RECLAIM facilities. Proposed Rule 1100 establishes the compliance schedule for equipment at RECLAIM facilities that are subject to Proposed Amended Rules 1146 and

1146.1. PAR 1146.2 includes the compliance schedule for equipment regulated under this rule. This action is to adopt the Resolution: 1) Certifying the Final Subsequent Environmental Assessment for Proposed Amended Rules 1146 - Emissions of Oxides of Nitrogen from Industrial, Institutional and Commercial Boilers, Steam Generators, and Process Heaters; 1146.1 - Emissions of Oxides of Nitrogen from Small Industrial, Institutional, and Commercial Boilers, Steam Generators, and Process Heaters; 1146.2 - Emissions of Oxides of Nitrogen from Large Water Heaters and Small Boilers and Process Heaters; and Proposed Rule 1100 - Implementation Schedule for NO<sub>x</sub> Facilities; 2) Amending Rules 1146, 1146.1, and 1146.2; and 3) Adopting Rule 1100. (Reviewed: Stationary Source Committee, April 20 and October 19, 2018)

The complete text of the proposed rules and amendments, staff reports and other supporting documents will be available from the SCAQMD's Public Information Center, (909) 396-2001 and on the Internet ([www.aqmd.gov](http://www.aqmd.gov)) as of November 7, 2018.

**RECOMMENDED ACTION:**

Set Public Hearings December 7, 2018 to Adopt Rules 1100 and 1118.1 and Amend Rules 1146, 1146.1 and 1146.2.

Wayne Natri  
Executive Officer
