

BOARD MEETING DATE: August 1, 2025

AGENDA NO. 22

REPORT: California Air Resources Board Monthly Meeting

SYNOPSIS: The California Air Resources Board held Board meetings on June 26, 2025 and July 24, 2025. The following is a summary of the meetings.

RECOMMENDED ACTION:
Receive and file.

Patricia Lock Dawson, Member
South Coast AQMD Governing Board

ft

The June 26, 2025 and July 24, 2025 Board meetings of the California Air Resources Board (CARB or Board) was held in Sacramento, California at the California Environmental Protection Agency Headquarters Building. The key items presented are summarized below.

June 26, 2025

CONSENT ITEM

25-4-1: Public Hearing to Consider the Proposed Repeal of the In-Use Locomotive Regulation

The Board approved the repeal of the In-Use Locomotive Regulation (Regulation). In April 2023, the Board adopted the Regulation, and staff submitted an authorization request to the United States Environmental Protection Agency (U.S. EPA) in November 2023. Due to inaction from U.S. EPA on the authorization request, CARB withdrew the request in January 2025. Without authorization, CARB will not have the authority to enforce the Regulation. To avoid confusion and uncertainty for California locomotive operators, the Board approved the repeal of the Regulation to remove it from the California Code of Regulations.

DISCUSSION ITEM

25-4-2: Public Meeting to Consider CARB Staff Recommendations for Appointment of Members to the Community Air Protection (AB 617) Consultation Group

The Board appointed members to the Community Air Protection (Assembly Bill (AB) 617 (C. Garcia, Chapter 136, Statutes of 2017)) Consultation Group. AB 617 requires CARB to prepare, and update every five years, a statewide strategy to reduce emissions of toxic air contaminants and criteria air pollutants in communities affected by a high cumulative exposure burden. AB 617 also requires CARB to develop and update this strategy in consultation with “the Scientific Review Panel on Toxic Air Contaminants, the districts, the Office of Environmental Health Hazard Assessment, environmental justice organizations, affected industry, and other interested stakeholders.” In January 2018, CARB first convened a 25-member Consultation Group which was dissolved in March 2024 due to attrition. Since then, CARB staff have worked to fulfill its commitment in Blueprint 2.0 “to reinvigorate the Consultation Group” and expand representation to include local government and consistently nominated communities. CARB staff conducted a robust recruitment and outreach plan to ensure a balanced representation across all stakeholder categories and geographic diversity in the expanded Consultation Group. The appointed 26 nominees and nine alternates to the Consultation Group will serve a four-year term as set out in the Board resolution and the draft Consultation Group Charter.

July 24, 2025

DISCUSSION ITEMS

25-5-1: Public Hearing to Consider the Proposed Amendments to the Advanced Clean Trucks Regulation and the Zero-Emission Powertrain Certification Test Procedure

The Board approved the proposed amendments to the Advanced Clean Trucks regulation and the Zero-Emission Powertrain Certification test procedure. The Board adopted the Advanced Clean Trucks regulation in 2020 as part of a comprehensive strategy to reduce emissions from medium- and heavy-duty vehicles in California. The Advanced Clean Trucks regulation amendments meet commitments made under the Clean Truck Partnership agreement and provide additional flexibilities to the regulated manufacturers. The amendments to the Zero-Emission Powertrain Certification regulation modify the communication protocols with respect to the zero-emission vehicle connector criteria.

25-5-2: Public Meeting to Hear an Update on Community Air Protection Program Annual Progress

The Board heard an annual update on the implementation progress of the Community Air Protection Program, implementation Assembly Bill 617. This law requires air districts to prepare an annual implementation report for each community emissions reduction program. CARB staff has reviewed these reports and synthesized the findings in the accompanying *Community Air Protection Program Annual Progress Report*. The update described progress of 15 communities implementing community emission reduction programs for more than six months as of December 2024. The report also highlights progress in supporting consistently nominated communities through the three new pathways identified in Blueprint 2.0 (the program guidance document): the use of Community Air Grants to develop Local Community Emissions Reduction Plans, community-focused enforcement, and increased flexibility in the use of Community Air Protection Incentives.

South Coast AQMD Staff Comments/Testimony: Staff highlighted how the Community Engagement & Air Programs (CEAP) Division supports Assembly Bill 617, discussed initiatives like the Critical Community Conversations for Purposeful Outreach (C3PO), Think Tanks, and book clubs that build community capacity, and shared outcomes from community engagement and outreach efforts with Consistently Nominated Communities.

Opportunity for Members of the Board to Comment on Matters of Interest

Board members may identify matters they would like to have noticed for consideration at future meetings and comment on topics of interest; no formal action on these topics will be taken without further notice.

Open Session to Provide an Opportunity for Members of the Public to Address the Board on Subject Matters within the Jurisdiction of the Board

Although no formal Board action may be taken, the Board is allowing an opportunity to interested members of the public to address the Board on items of interest that are within the Board's jurisdiction, but that do not specifically appear on the agenda. Each person will be allowed a maximum of two minutes to ensure that everyone has a chance to speak. The public will also have an opportunity to [submit written comments](#) for open session the morning of the Board Meeting.
