

BOARD MEETING DATE: June 6, 2025

AGENDA NO. 13

PROPOSAL: Appoint Regular and Alternate Public and Medical Members to South Coast AQMD Hearing Board for July 1, 2025 to June 30, 2028 Term

SYNOPSIS: The terms of office for the two Hearing Board Public Members and the Medical Member, as well as their alternates, will expire on June 30, 2025. In November 2024, South Coast AQMD posted a recruitment to solicit applications for the new term beginning July 1, 2025 through June 30, 2028. There were two applicants for the medical member positions and 42 applicants for the public member positions. As required by state law, an Advisory Committee appointed by five members of the Governing Board reviewed the applicants. The Advisory Committee scored and ranked the Public Member applicants and recommended that the Administrative Committee interview the top eight applicants. Both Medical Member applicants were recommended for interviews with the Administrative Committee. On May 9, 2025, the Administrative Committee interviewed nine of the ten candidates submitted by the Advisory Committee and recommended that the full Board reappoint the incumbents to the new term.

COMMITTEE: Administrative, May 9, 2025; Recommended for Approval

Background

The Hearing Board is a quasi-judicial panel established by state law to provide temporary relief from South Coast AQMD rules, regulations, and permit conditions under certain circumstances. Hearing Board members are appointed by, but act independently of the South Coast AQMD Governing Board. The Hearing Board membership consists of a licensed physician, an attorney, a professional engineer, and two public members. Hearing Board members serve a staggered three-year term to maintain continuity. Alternates serve the same length of term as the regular members.

The current term for the Medical Member and two (2) Public Members expires on June 30, 2025. South Coast AQMD initiated a recruitment on November 21, 2024 to January 10, 2025 to solicit candidates for the new term that commences July 1, 2025 through June 30, 2028. Recruitment efforts included advertising on the South Coast AQMD's website, social media platforms, job boards, and medical associations. During the recruitment period, two applications were received for the Medical Member positions and 42 applications for the Public Member positions. The incumbents for these positions are seeking reappointment.

Pursuant to the California Health and Safety Code, an Advisory Committee appointed by five members of the South Coast AQMD Governing Board is responsible for reviewing candidates for Hearing Board appointments and making recommendations to a designated Governing Board committee. The Advisory Committee is composed of one representative appointed by each of the Governing Board members representing the Counties of Los Angeles, Orange, Riverside and San Bernardino, and the City of Los Angeles. Currently, there is one vacant position on the Advisory Committee.

The Advisory Committee members individually reviewed the applications and resumes. The 42 applicants for the public member positions were assigned scores based on an established criteria. At the request of the Advisory Committee, three South Coast AQMD executive staff members also evaluated and scored the public member applicants. The staff scores were intended only for cross-reference and comparison. Scores from each Advisory Committee member were compiled and used to rank the public member applicants.

On March 14, 2025, the Advisory Committee met to discuss the scores and rankings and unanimously recommended the top eight Public Member applicants for interviews with the Administrative Committee. The two applicants for the Medical Member positions were recommended for interviews, without scoring. The ten applicants recommended for interviews are listed below in alphabetical order. One applicant, Frank Tavakoli, was no longer interested in the position.

SOUTH COAST AQMD AND JOB OVERVIEW

ABOUT SOUTH COAST AQMD

South Coast Air Quality Management District (South Coast AQMD) is one of the largest and most technologically sophisticated environmental regulatory agencies in the Nation. We serve a four-county region that includes large areas of Los Angeles, Orange County, Riverside and San Bernardino counties, including the Coachella Valley, which is home to more than 17 million people. South Coast AQMD's headquarters is located in Diamond Bar, 30 miles east of downtown Los Angeles, at the junction of the 57 and 60 freeways. With a highly diverse "Clean Air Team" of over 850 employees, an annual budget of \$211.4 million, and a state-of-the-art air quality laboratory, our mission is to ensure clean air and a healthy environment. South Coast AQMD is an organization you can be proud to work for -- we make a difference in the quality of life in Southern California!

South Coast AQMD's mission requires diverse perspectives, talents, and life experiences to solve some of the most complex technical air quality issues. We are committed to creating and maintaining a work environment that appreciates the unique contributions of our employees and fosters professional development and growth. South Coast AQMD respects the distinct ideas and perspectives of our stakeholders and works to bring them together toward the common goal of clean air.

ABOUT HEARING BOARD

To ensure fairness in our regulatory actions, a separate, quasi-judicial Hearing Board was chartered under Division 26 of the California Health and Safety Code to provide an appellate process for companies and public agencies that are subject to South Coast AQMD rules and regulations. The Hearing Board has authority to grant variances for South Coast AQMD rules, revoke and suspend South Coast AQMD operating permits, and issue Orders of Abatement. As state law requires, Hearing Board members are appointed by, but act independently of, South Coast AQMD's Governing Board.

Currently, we are seeking to make the following appointments to the South Coast AQMD's Hearing Board: two Public Members and two alternates, and one Medical Member and one alternate.

EXAMPLE OF DUTIES

HEARING BOARD RESPONSIBILITIES

After hearing all sides of a case in which individuals or companies come into conflict with South Coast AQMD rules and regulations, the Hearing Board weighs the evidence and reaches a decision. The Hearing Board is authorized to hear:

- Petitions by companies for variances

- Petitions for abatement orders (an abatement order requires a company operating out of compliance to take specific actions or to shut down its operation, a severe remedy normally reserved for serious violators)
- Appeals by companies from the granting of permits, permit conditions, permit denials and suspensions, denials of emission reduction credits and denials of pollution control plans
- Appeals by third parties

The Hearing Board is not authorized to modify South Coast AQMD rules; exempt a business from complying with a rule; grant a variance from a violation of the public nuisance law, such as one that creates an odor problem or threatens public health or property; or review a violation notice in any way.

TERMS AND CONDITIONS OF HEARING BOARD APPOINTMENTS

The term of appointment to the Hearing Board is three years. The terms of office for the incumbent Public and Medical Members, and their Alternate Members, will terminate on June 30, 2025. South Coast AQMD is seeking candidates for appointment to the new term, from July 1, 2025 through June 30, 2028. Hearing Board Members are required to be available, Tuesday through Thursday, from 9:30 a.m. to 4:00 p.m. The Member-elected Chair is required to be available four days per week, Tuesday through Friday, to handle ex parte variances, pre-hearing conferences, and single-member hearings.

In addition, with reasonable notice, members must be available on occasional evenings and weekends, to accommodate public participation on issues of strong community interest.

Alternate Members serve in the absence of the Regular Member, on an as-needed, per diem basis.

COMPENSATION

Non-Medical Members

Non-Medical Hearing Board Members (Attorney, Engineer, and Public Members) are compensated at a rate of \$7,500 per month. However, for each day absent, monthly compensation shall be reduced by \$585.07 for non-Medical Members.

Alternate non-Medical Hearing Board Members are compensated at the rate of \$585.07 per day when the Regular Member is unavailable.

Medical Member

The Medical Member of the Hearing Board is compensated at the rate of \$12,500 per month. However, for each day absent, monthly compensation shall be reduced by \$974.97 for Medical Members.

The Alternate Medical Hearing Board Member is compensated at the rate of \$974.97 per day when the Regular Member is unavailable.

In addition, the member elected as Chair of the Hearing Board shall be compensated at a rate of \$9,750 per month; and each Member or Alternate Member shall receive reimbursement for travel, meals, and lodging as prescribed by South Coast AQMD's Administrative Code when performing his/her official functions or attending approved conferences, in an amount not to exceed \$8,000 per year. No other compensation or benefits are provided.

NEW MEMBER ORIENTATION FOR REGULAR AND ALTERNATE MEMBERS

Newly appointed Regular Members or Alternate Members having no prior experience on South Coast AQMD's Hearing Board are expected to participate in an orientation period not to exceed 15 days or until the Alternate sits in the place of a Regular Member, whichever occurs first, at a compensation of \$198 per day, or \$330 per day for the Alternate Medical Member. The orientation period is to develop familiarity with South Coast AQMD Hearing Board methods and procedures.

MINIMUM AND DESIRABLE QUALIFICATIONS

PUBLIC MEMBERS REQUIREMENTS: Demonstrate knowledge and understanding of environmental/air quality issues; participation in matters relating to the environment and/or air pollution control in the South Coast Basin; and community activity and/or public service experience.

MEDICAL MEMBER REQUIREMENTS: Must be a licensed physician with two or more years of practical experience, preferable in the fields of epidemiology, physiology, toxicology, or related fields.

Note: Candidates who reside within the South Coast Basin, which includes all of Orange County and parts of Los Angeles, Riverside, and San Bernardino Counties are preferred, but local residency is not a requirement for these positions.

JERRY P ABRAHAM, MD MPH CMQ

Ms. Faye Thomas
Clerk of the Board

South Coast Air Quality Management District AQMD
21865 Copley Drive
Diamond Bar, CA 91765

1st January 2025

Dear Ms. Faye Thomas:

I am writing to express my interest in the South Coast Air Quality Management District Hearing Board Medical Member position. As a seasoned medical professional with extensive experience in climate change, health equity, medical justice, and epidemiology, I believe that I would be an ideal candidate for this role.

Throughout my career as a family and community medicine physician, I have remained committed to improving public health outcomes by addressing environmental issues such as air pollution, clean water, and other environmental toxins. The South Coast Air Quality Management District is a crucial regulatory body that plays a pivotal role in reducing air pollution levels in Southern California, and I am excited at the prospect of contributing my expertise to its mission.

As a Medical Quality Specialist, I have honed my skills in problem-solving, critical thinking, and decision-making. I understand the importance of analyzing complex data and information from various sources to make informed decisions that benefit public health.

Furthermore, my experience in medical justice has enabled me to develop a deep understanding of the intersection between environmental health and social justice. I am confident that I can provide valuable insights into the disproportionate impact of air pollution on marginalized communities and support efforts to promote a more equitable distribution of environmental benefits and burdens.

I am deeply passionate about the work of the South Coast Air Quality Management District and would be honored to serve as the Medical Member of the Hearing Board. Thank you for considering my application. I look forward to discussing my qualifications further.

Respectfully submitted,

Jerry P Abraham, MD MPH CMQ
Family & Community Medicine Physician
Global Injury Epidemiologist
Medical Quality Specialist

Clerk of the Boards:

It is my great pleasure to apply to serve as a Public Member on the South Coast Air Quality Management District's (SCAQMD) Hearing Board. It would be both a great joy and an honor to continue to serve the constituents of SCAQMD with the very diligence, robust experience and commitment to community well-being that the work of the Board requires.

I am in deep appreciation for the nearly five years I have had the honor of serving, both as an alternate and as a permanent Board member, and I was honored that my colleagues had the confidence to select me as chair starting July, 1, 2024. It has been a pleasure to deepen my understanding of SCAQMD's work and issues of consideration when deliberating cases. Specifically, the Baker, Booster Fuels, Inc., Chiquita Canyon, Hyperion and Sunshine Canyon Landfill cases which I co-deliberated, truly magnified my regard for the work of Board. It also expanded my long-held passion for protecting our environment.

I was born and reared in an environmentally and air-quality-impacted community. As such, ensuring the quality of the air and natural resources vital to the well-being of communities across our nation has long been of great importance to me. I fully appreciate SCAQMD's processes which aim to ensure that decisions impacting the wellbeing of communities are governed by the interaction of individuals of diverse backgrounds coming together in transparent processes guided by sound policies. Such an approach is well aligned with my own values and interests.

I am grateful for the opportunity to continue to support both the Hearing Board's efforts and how it conducts those efforts. If selected, I will serve with the utmost integrity and look forward to building on my previous experience and continuing to help the Hearing Board fulfill its mission of ensuring that our region has clean and healthy air and preserves clean, healthy environments for future generations.

Sincerely,

Micah Ali

Dear Human Resources Manager,

I am writing in reference to the vacancies for the SCAQMD Hearing Board members, specifically the Public Member Alternate. I believe my work experience and my record of community involvement positions me to be a contributor to the SCAQMD's goal of ensuring clean and healthful air in the South Coast basin.

Currently I am the Senior Manager of Global Chemical Policy & Strategy in the Global Enterprise Sustainability organization for The Boeing Company. In this role I am responsible for executing the enterprise-wide advocacy strategy for emerging chemical regulations. In previous roles I was responsible for environmental compliance at Southern California Boeing sites with operations that included engineering, test and evaluation, research, and manufacturing of aerospace and military products. All of my roles have focused on maintaining compliance with environmental regulations and each of them has exposed me to varying types of regulations and methods to comply. This experience, including experience working directly with the SCAQMD on compliance matters, certainly provides a valuable perspective for the Hearing Board.

I have taken an active leadership role in my community and strive to be a good representative of the community members. First elected in 2017, I continue to serve on the City of Signal Hill City Council. This position has provided experience interacting with the public to understand their concerns and work with them and city staff to help resolve issues and improve my community. It has also provided me valuable experience in deliberating openly and honestly in a public forum. In addition, it has been my pleasure to serve as a Public Member Alternate on the SCAQMD Hearing Board since my first appointment to the position in 2012.

I am very interested in the Public Member Alternate position and look forward to an opportunity to speak with you. Thank you for your time and consideration.

Respectfully yours,

Robert D. Copeland

Diamond Bar, CA 91765

12/10/2024

Dear Hiring Manager,

I am writing to express my interest in the position on the South Coast Air Quality Management District's (South Coast AQMD) Hearing Board. With a strong background in environmental advocacy and policy development, coupled with extensive experience in stakeholder engagement and regulatory processes, I am excited about the opportunity to contribute to South Coast AQMD's mission of ensuring clean air and a healthy environment for Southern California.

As a seasoned professional with over a decade of experience in the environmental sector, I have developed and executed engagement strategies that have consistently delivered results. My tenure as Director of Government Affairs at Climate Nexus involved leading stakeholder engagement at the federal level, interacting with over 70 member offices in Congress on critical issues such as clean energy and climate change. I monitored and reported on legislation, ensuring our team was informed and prepared to advocate effectively.

In my role as an Environmental Advocacy Consultant, I designed political advocacy strategies for a diverse range of clients, emphasizing energy and environmental policy. My work on successful campaigns, such as the Transition to Clean Energy at Inglewood Oilfield and California Legislature Clean Energy Bills SB 350 and AB 197, underscores my capability to drive impactful policy initiatives that align with South Coast AQMD's goals.

My experience extends to supervisory roles where I have managed teams and coordinated efforts across various levels of government. As California Political Director for climate investor Tom Steyer's presidential campaign, I led a team of six Deputy Directors in executing a strategic engagement plan that garnered widespread support from elected officials and stakeholders.

Additionally, my tenure with the Obama Administration provided me with a solid foundation in federal regulatory processes and interagency collaboration. As Special Assistant to the Deputy Secretary of Energy, I oversaw briefing preparations and served as a spokesman for a program to train veterans for clean energy jobs.

I am particularly drawn to South Coast AQMD because of its commitment to creating and maintaining a diverse and inclusive work environment. My leadership skills, coupled with my passion for environmental justice, align perfectly with the values and mission of South Coast AQMD.

I am eager to bring my skills and experience to the South Coast AQMD's Hearing Board, where I can contribute to making informed decisions that ensure fairness in regulatory actions and support the goal of clean air for all. Thank you for considering my application. I look forward to the opportunity to discuss my candidacy further.

Sincerely,

Steve Dunwoody

Re: Hearing Board Member (Public Member Appointment)

Dear Administrator:

I am writing in response to the opening for a Hearing Board Member (permanent and alternate) with the Air Quality Management District in Diamond Bar, California, posted on your website. I have an extensive and solid legal background, highlighted on the attached resume, which I believe illustrates that I have the skill, experience, and knowledge to serve and that I would be an excellent choice for you to consider for this position.

I currently serve as the Alternative Attorney Member for the past four years. In that capacity I have sat for numerous hearings and volunteered to work with outside board counsel to establish hearing protocol and procedures. I believe that working together and fostering open dialogue with the community is essential to the work performed as hearing board members. We are not only to protect the community interests, but to ensure services are provided that meet the environmental standards set forth by our state and county.

In addition, for more than three decades, I have served as a lawyer, general counsel, hearing officer and certified mediator/dispute resolution professional. I have served as an Administrative Law Judge for the State of California, and as a hearing officer for numerous public agencies, including the City of Los Angeles. I am a graduate of U.C. San Francisco College of Law (formerly Hastings College of Law) and I am licensed to practice law in the state of California, the United States Central District Court and before the United States Supreme Court.

In my capacity as an Administrative Law Judge II, I routinely ascertained and reviewed pertinent evidence, weighed evidence, prepared summaries of fact, and rendered decisions. I was also assigned to analyze difficult and complex legal problems in state taxation cases and applied legal principles and precedents to particular sets of facts concerning federal and state law, regulations to render a decision and adopt a decisive course of action.

Prior to my work as an Administrative Law Judge, I served as a hearing officer and settlement officer for various public agencies, presiding over quasi-judicial hearings as provided under the Administrative Procedure Act and other state and federal statutes. I was responsible for conducting fair and impartial hearings while controlling the course of the hearing in a manner that would secure confidence and respect. I was also responsible for applying principles of law, ruling on the relevance or admissibility of evidence as provided by law, issuing subpoenas, receiving, and reviewing evidence, examining testimony, preparing decisions containing findings of facts and conclusions of law and advising administrative agencies on the application of law, policies, and regulatory compliance with issued decisions.

As the General Counsel for several public agencies, I have significant experience in establishing and maintaining cooperative relations with those with whom I work. My former position(s) allowed me to develop an administrative skill set applicable to developing and ensuring levels of efficiency. In addition to my legal and adjudication skills, I have served as a school board president and member for over 11 years. This position is also relevant to the skill set needed to serve as an Attorney Board Member, as I am often required to interface with the public, hear issues and complaints and administer opinions while working in concert with other board members.

I have the temperament, communication skills and patience to interact with members of the public who appear. My strong work ethic is evidenced by my work history and references which are indicated on the application as requested. As a dedicated public servant, I believe I would make a solid addition to the board as the Attorney Member or Alternate.

ADRIENNE KONIGAR-MACKLIN, ESQ.

[REDACTED]

I welcome the opportunity to further discuss the possibility of becoming the newest attorney board member (or alternate) and I am available for an interview at your convenience. Thank you for your time and attention.

Sincerely,

Adrienne Konigar-Macklin

Faye Thomas,
Clerk of the Boards
South Coast Air Quality Management District
21865 Copley Drive
Diamond Bar, CA 91765

Dear Ms. Thomas:

Thank you for the opportunity to submit my application, resume and list of references for consideration in seeking reappointment, as the regular Public Member, to the South Coast Air Quality Management District's Hearing Board. I possess over 30 years of air pollution control experience. Initially by volunteering on several AQMD technical committees and advisory groups, from 1993 to 2000. As a result of my service, I earned the agency's prestigious Clean Air Award for Environmental Stewardship. In 2000, as a result of my work with the AQMD, I was appointed by Governor Gray Davis, to the AQMD's Governing Board, as the Air Pollution Control Specialist. I was unanimously confirmed by both the Senate Rules Committee and the full legislature, becoming the first Hispanic to be appointed to that position and the first to be confirmed in 11 years. I remained on the Governing Board during the Schwarzenegger administration and was reappointed serving as Governor Schwarzenegger's appointee. While serving in his administration, I gained additional technical experience as he appointed me to several Fuel Cell and Hydrogen Advisory committees.

While on the Governing Board, I represented the South Coast AQMD, as a member and eventually Chairperson of the California Fuel Cell Partnership, the Governor's Hydrogen Hwy Advisory Committee, and the Department of Energy's International Partnership for a Hydrogen Economy. I served as Vice Chair and Chair on several AQMD standing committees.

While serving the South Coast AQMD's Governing Board, I gained tremendous insight regarding how the rules and regulations are developed and deployed. Serving as a Hearing Board Member has given me an additional dimension to my air pollution control experience, by learning how the cases are adjudicated. It has also enabled me to make knowledgeable and prudent decisions when cases come before us. since we have the authority to grant variances and Orders of Abatement. I have gained a better awareness of the effect the South Coast AQMD rules and regulations have on jobs, the business sectors and public health, in the South Coast basin. Serving on the Hearing Board has allowed me to appreciate a different side of the agency, while observing how the rules and regulations are adjudicated, some of which I helped develop and how they affect the regulated community. Just as important is public testimony and how the Hearing Board decisions can affect public health.

In addition, I have over 30 years of energy efficiency/utility experience and over 28 years as a small business owner. I also have over 21 years of non-profit experience in public education regarding the effects of poor air quality on public health. I have been involved with non-profit, respiratory health related organizations such as the Asthma & Allergy Foundation. I served as Vice-President, then President of this organization, which provides doctors and medication for children K to 12. As a result, I was awarded the National Hydrogen Association's Public Outreach & Education Award.

My leadership qualities have also been helpful. My fellow Hearing Board members recognized those qualities, by electing me as their chairperson three times. I served as chairperson from. July 2021 to July 2024. I believe my knowledge, experience and expertise in the fields listed above, as well as my leadership qualities continue to be an asset to the South Coast AQMD Hearing Board. It would be an honor to continue to serve this agency and continue to be involved in the regulatory process. Especially knowing what a tremendous benefit this agency is to the protection of public health, as well as an encouragement to our business community.

With my extensive experience, knowledge and expertise in air quality/air pollution control, rulemaking and the adjudication of the South Coast AQMD's rules and regulations, I feel I am a worthy candidate for reappointment to the Hearing Board. Air Quality is truly my passion. Please do not hesitate to contact me, if further information is required.

Sincerely,
