

BOARD MEETING DATE: August 7, 2026

AGENDA NO. 26

REPORT: Mobile Source Air Pollution Reduction Review Committee

SYNOPSIS: The Mobile Source Air Pollution Reduction Review Committee held a hybrid meeting on Thursday, June 18, 2026. The following is a summary of the meeting.

RECOMMENDED ACTION:
Receive and file.

Michael Cacciotti
South Coast AQMD Representative
to MSRC

AK:CR:me

Contract Modification Request

The MSRC considered a contract modification request and took the following action:

1. City of Mission Viejo, Contract #ML18068 to purchase two light-duty zero-emission vehicles and install two Level Two electric vehicle charging stations. Approved six-month term extension.

Project with Los Angeles Cleantech Incubator

In August 2023, the MSRC approved an award to Los Angeles Cleantech Incubator in an amount not to exceed \$3,000,000 to implement zero-emission truck refueling at the Port of Los Angeles (POLA). The award was conditioned upon successful selection of a site developer and operator and securing co-funding commitments. A site developer, Prologis, was selected by POLA, but ultimately Prologis and POLA did not enter into an agreement. A new solicitation is scheduled for release in July to identify a new site developer. The MSRC directed that the item be brought back for further consideration in three months.

MOU with Port of Long Beach

In August 2024, the MSRC approved MOUs with POLA and the Port of Long Beach (POLB) that allow the two ports to provide their Clean Truck Fund rate proceeds to particular heavy-duty zero-emission drayage truck charging infrastructure projects that would be administered by the MSRC. The MSRC and Board approved modifications to the MOUs in November and December 2025, respectively, to reflect project changes.

Following the above MOU modifications, it was noted that the number and type of charging units planned for each of the two 4 Gen Logistics locations had changed. Given advances in technology and changes in the expectations of fleets, a lower total number of megawatt charging systems can provide a greater charging capacity than the original number of combined charging system chargers. Both locations would have fewer chargers than originally specified but would be able to charge a greater number of trucks per day. The proposed MOU modifications would account for these changes. Due to a slight difference in language between the POLA and POLB MOUs, these changes only require amendments to the approved POLB MOU. The MSRC considered and approved the proposed MOU modifications, contingent on receiving approval(s) required by POLB.

Funding Allocation to Pilot Travel Center

In January 2024, the MSRC approved a funding allocation to partner with Pilot Travel Center in their application under the South Coast AQMD Carl Moyer Program for a project to install a hydrogen fueling station in Rialto. The MSRC made an award of \$3,000,000, with funding conditioned on successful project selection by South Coast AQMD. The application was successful. Subsequently, an opportunity arose for the project to receive co-funding from the CalSTA Port and Freight Infrastructure Program (PFIP) award to South Coast AQMD instead of the original Carl Moyer funding. There would be no change to the project or the MSRC's funding contribution. The MSRC considered and approved the change in co-funding source from Carl Moyer to CalSTA PFIP.

MSRC Website Hosting and Maintenance

The MSRC's www.CleanTransportationFunding.org website is a critical tool for the operation of the MSRC's programs. Under Contract #MS27003, Exemplifi, LLC provides routine maintenance and minor revisions to the site. The website is currently operating on a Drupal 8 content management system, which no longer receives security patches or module and theme updates. In addition, the outdated software is preventing upgrades recommended by the MSRC's Programmatic Outreach Coordinator. As a result, the platform faces increasing risks related to security vulnerabilities, reduced stability, and potential functionality issues. Exemplifi has provided a quote of \$30,000 to update the site from Drupal 8 to the fully supported Drupal 10.6 platform. The MSRC approved a \$30,000 contract increase for these efforts as part of the FYs 2024-27 Work Program.

FY 2026-27 Administrative Budget

Every year the MSRC adopts an Administrative Budget for the upcoming fiscal year to ensure costs remain within the limitation, currently 6.25 percent. For FY 2026-27, the MSRC adopted an Administrative Budget in the amount of \$1,031,034, which is \$12,031 below the 6.25 percent cap. Administrative expenditures such as postage and office supplies are not directly drawn from the MSRC fund account, but instead from South Coast AQMD's budget. To cover these expenses, the MSRC approved a fund transfer of up to \$56,000 from the AB 2766 Discretionary Fund, Special Fund 23, to South Coast AQMD.

Contracts Administrator's Report

The MSRC AB 2766 Contracts Administrator's report provides a written status report on all open contracts from FY 2011-12 to the present. The Contracts Administrator's Report for April 30, 2026 through May 30, 2026 is attached.

Attachment

1. April 30, 2026 through May 30, 2026 Contracts Administrator's Report

MSRC CONTRACT STATUS HIGHLIGHTS

Covering Period: April 27 to May 27, 2026

Status Changes

	Contractor	Project Description	Value
Contracts Executed:	None		
Contracts Moved to Open/Complete Status:	None		
Contracts Closed:	City of Anaheim	ML18038 - Purchase 5 LD ZEVs & Install EV Chrg Infrastructure	\$ 151,630.00
	City of Indian Wells	ML18036 - Install EV Chrg Infrastructure	\$ 50,000.00
Unexecuted Awards Declined:	None		

Total Invoices Paid \$ 54,853.60

Contracts of Concern

Contractor	Project Description	Value	Comments
LA Co Metropolitan Transportation Authority	MS14057 - Implement Various Signal Synch. Projects	\$1,250,000.00	Watching. Metro anticipates timely completion. As safeguard against any delays, MSRC approved split of final project.
City of Mission Viejo	ML18068 - Purchase 2 Lt Dty ZEVs & Install EVSE	\$86,940.00	City anticipates timely completion. Safeguard extension request on June 2026 agenda
City of South Pasadena	MS24002 - Procure ZE Vehicles & Infrastructure	\$499,789.00	Vehicles in operation. City to request extension for Level III charger.
Pilot Travel Center, LLC	Install Hydrogen Fueling in Rialto	\$3,000,000.00	Partnership w/SCAQMD; request to change co-funding from Carl Moyer to CalSTA on June 2026 agenda for consideration
Los Angeles Cleantech Incubator	MS24013 (proposed) - Implement Truck Recharging Facilities	\$3,000,000.00	Operating firm selected by site owner has withdrawn, necessitating new procurement. Report on June 2026 agenda
Enevate Corp.	MS27998 (proposed) - Dev & Demonstrate Fst Chrg Btty Pck for Md Dty	\$250,000.00	Entity listed assets for auction but attests they weren't critical to this project. Continued to August MSRC-TAC.
Evolectric	MS27997 (proposed) Integrate & Demonstrate Btty Pck & Fst Chrg w/Md Dty	\$250,000.00	Unable to proceed due to issues with related Enevate contract. August MSRC-TAC.

Administrative Scope Changes

None
