BOARD MEETING DATE: December 4, 2026 AGENDA NO. 21

REPORT: Mobile Source Air Pollution Reduction Review Committee

SYNOPSIS: The Mobile Source Air Pollution Reduction Review Committee held a hybrid meeting on Thursday, November 19, 2026. The following is a summary of the meeting.

RECOMMENDED ACTION:
Receive and file.

Michael Cacciotti
South Coast AQMD Representative
to MSRC

AK:CR:me

South Pasadena Police Department Fleet EV Transition Project
Sergeant Tony Abdalla presented on the City of South Pasadena Police Department's project, partially funded by the MSRC, to transition their entire police fleet from gasoline to battery electric vehicles. The Department addressed challenges including higher upfront costs, adapting a consumer vehicle to a law enforcement use case, perceptions associated with law enforcement culture, and the technology learning curve. They garnered assistance from project partners such as funding support from the MSRC and Southern California Edison.

To date, the Department has noted a significantly reduced operational cost per mile for the Tesla Model Y patrol vehicles in comparison to their predecessors, comprised of reductions in fuel and maintenance costs. Vehicle performance exceeds that of previous vehicles. The Department recommends that other law enforcement agencies consider the transition carefully and analyze their use case and charging infrastructure.

Consider Responses to Program Opportunity Notice 2026-01 – Electric Vehicle Charging Infrastructure Resiliency Program
The MSRC and South Coast AQMD Board previously approved release of Electric Vehicle Charging Infrastructure Resiliency Program Opportunity Notice (PON)

PON2026-01 targeting $30,000,000 in funding. Eligible resiliency features included onsite low emission power generation, photovoltaic generation, and battery energy storage. Reasons for resiliency placement included providing interim power when grid connection is delayed, supporting continued EV charging during Public Safety Power Shutoff (PSPS) events, leveling power use, and extending infrastructure uptime during outages. The PON set a June 2, 2026 response deadline and received 38 responses. The PON indicated that for each response, the MSRC could choose to request submittal of a full proposal, provide notification that a detailed RFP will be issued later, or provide notification that the proposed concept has been declined from further consideration.

The MSRC considered recommendations from its MSRC-TAC and will request five respondents, with projects totaling $26,406,398, to submit more detailed proposals for possible future sole source funding consideration: Los Angeles County Metropolitan Transportation Authority, Long Beach Container Terminal, L3 Energy 2 LLC – Madison Point, Transportation Commodities, Inc., and City of South Pasadena. The MSRC also directed staff to develop a proposed follow-on RFP for MSRC consideration at an upcoming meeting. The MSRC will then consider allocating additional funding to the Work Program category.

Contracts Administrator's Report

The MSRC AB 2766 Contracts Administrator's report provides a written status report on all open contracts from FY 2011-12 to the present. The Contracts Administrator's Report for August 28, 2026 through October 29, 2026 is attached.

Attachments

1. Minutes of August 20, 2026 MSRC Meeting
2. August 28, 2026 through October 29, 2026 Contracts Administrator's Report

MOBILE SOURCE AIR POLLUTION REDUCTION REVIEW COMMITTEE
THURSDAY, AUGUST 20, 2026 MEETING MINUTES
21865 Copley Drive, Diamond, Bar, CA 91765

MEMBERS PRESENT:

(Chair) Larry McCallon, representing San Bernardino County Transportation Authority (SBCTA)
(Vice-Chair) Brian Berkson, representing Riverside County Transportation Commission (RCTC)
Michael Cacciotti, representing South Coast Air Quality Management District (AQMD)
Mark Henderson , representing Southern California Association of Governments (SCAG)
Patrick Harper, representing Orange County Transportation Authority (OCTA)
William Robertson, representing California Air Resources Board (CARB)
Martin Buford, representing Regional Rideshare Agency

MSRC-TAC MEMBERS PRESENT:

Steven Lee, LA Metro
Mariany Anaya (Alt.), SBCTA
Lijin Sun, SCAG

OTHERS PRESENT:

Daisy Artega
Enny Graham, City of Santa Monica
La Rhonda Staggers
Laura Henkels, Clean Energy
Mark Yamarone, LA Metro
Mauricio Alvarez
Sam Emmersen, Better World Group
Sarah Carey, Santa Clarita Transit
Tina De La Rosa
Polash Mukerjee
Cindy Cho

SOUTH COAST AQMD STAFF & CONTRACTORS PRESENT:

Aaron Katzenstein, Deputy Executive Officer
Aisha Reyes, Sr. Public Affairs Specialist
Alberto Silva, Senior Information Technology Specialist
Brisa Lopez, MSRC Administrative Liaison
Cynthia Ravenstein, MSRC Contracts Administrator
Darren Ha, MSRC Program Supervisor
Debra Ashby, Sr. Public Affairs Specialist
Erika Chavez, Principal Deputy District Counsel
Karen Sandoval, Budget & Grants Manager
Jessica Sosa, MSRC Contracts Assistant
Jose Zavala, Board Assistant
Maria Allen, Administrative Assistant
Marjorie Eaton, Administrative Assistant
Ray Gorski, MSRC Technical Advisor-Contractor
Sam Cao, Planning and Rules Manager

CALL TO ORDER

- Chair McCallon called the meeting to order at 2:00 p.m.

- Roll call was taken at the start of the meeting. MSRC Member Patrick Harper arrived at 2:02 p.m. MSRC Member Michael Cacciotti arrived at 2:04 p.m.

- Status Report

  Cynthia Ravenstein, MSRC Contracts Administrator, gave a status report on the Contracts Administrator's Report. The recent update to this report provided a streamlined view of ongoing contract activities, current challenges, and upcoming decisions.

  The Contracts Administrator's Report covers a two-month period. During this time, a $4 million contract with Orange County Transportation Authority was executed to provide expanded transit mobility services for the 2028 Olympic Games.

  The Contracts of Concern section of the report focuses on contracts that present challenges or which may require decisions in the near term. These included: Los Angeles County Metropolitan Transportation Authority, with whom staff is scheduling a meeting to go over the project's emission benefits; County of Los Angeles, which still has several charging stations that need to be completed; City of South Pasadena, which has an extension request on the agenda today; Los Angeles Cleantech Incubator, whose previously selected operating firm, POLA, has withdrawn, requiring a new procurement solicitation released on July 28, 2026; and Enevate Corp. and Evolectric, whose projects are on the current agenda.

- Chair McCallon asked for public comment on the MSRC Contracts Administrator's Report

  No public comment.

- Chair McCallon asked for disclosures.

  Item No. 6 – MSRC Member Michael Cacciotti said he does not have a financial interest in Item No. 6 but is required to identify for the record that he is a council member for the City of Pasadena, which is involved in this item.

  Item No. 11 – MSRC Member Martin Buford said he must recuse himself from participation in Item No. 11 because of a financial interest in his employment with

the Los Angeles County Metropolitan Transportation Authority, which is involved in this item.

Item No. 11 – MSRC Member Brian Berkson said he does not have a financial interest in Item No. 11 but is required to identify for the record that he is a member of the Board of Directors of the Riverside Transit Agency, which is involved in this item.

Item No. 2 – MSRC Chair Larry McCallon said he does not have a financial interest in Item No. 2 but is required to identify for the record that he is an alternate member of the Board of Directors of Omnitrans, which is involved in this item.

- Chair McCallon asked for public comment on the Consent Calendar for Items Nos. 1 through 4.

No public comment.

1. Minutes of May 21, 2026 MSRC Meeting
May 21, 2026, MSRC meeting minutes were included in the agenda package.

Motion/Votes	**Details**
Motion	Approve minutes of May 21, 2026 MSRC meeting
Moved by	Cacciotti
Seconded by	Robertson
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	Staff will include the MSRC minutes with the MSRC Committee Report for the September 2026 South Coast AQMD Board Meeting.

2. Summary of Final Report by MSRC Contractor
Final report was included in the agenda package for Contract #MS24003 – Bloomington Microtransit Service Expansion.

Motion/Votes	Details
Motion	Approve final report by MSRC contractor
Moved by	Cacciotti
Seconded by	Robertson
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	Staff will release any remaining retention on the contract.

3. Financial Report on AB 2766 Discretionary Fund

A financial report on the AB 2766 Discretionary Fund for July 2026 and results of the 16th biennial AB2766 Audit covering FYs 2021-22 and 2022-23 were included in the agenda package.

Motion/Votes	Details
Motion	Approve financial report on AB 2766 discretionary fund
Moved by	Cacciotti
Seconded by	Robertson
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	No action necessary.

4. Report on Outreach Activities

This report provides summary of outreach communications and policy activities undertaken by the Better World Group on behalf of the MSRC for Fall 2026.

Motion/Votes	Details
Motion	Approve Better World Group activities report
Moved by	Cacciotti
Seconded by	Robertson
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	No action necessary.

ACTION CALENDAR (Items 5 through 11)

5. Consider Adopting Disability Accommodation Procedure

Erika Chavez, Principal Deputy District Counsel, presented that Senate Bill 707, signed into law by Governor Newsom, amends the Ralph M. Brown Act, placing new duties upon legislative bodies with respect to open meetings. Pursuant to SB 707, legislative bodies must implement a procedure for receiving and swiftly resolving requests for reasonable accommodation from members with disabilities. The MSRC considered and adopted a Disability Accommodations Procedure to resolve requests for disability accommodation.

Chair McCallon asked for public comment on Item No. 5.

No public comment.

Motion/Votes	Details
Motion	Approve adoption of disability accommodation procedures
Moved by	Berkson
Seconded by	Cacciotti
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	MSRC staff will include this procedure in the policies and procedures of the MSRC.

FY 2021-24 Work Program

6. Consider Thirteen-Month Term Extension by City of South Pasadena (City), Agreement #MS24002

Darren Ha, MSRC Program Supervisor, presented that the City of South Pasadena indicated delays associated with key staff turnover, including a City Manager, Public Works Director, and Capital Improvement Project Managers, have delayed the installation of the Level III charger. The City requests a 13-month term extension; this contract was previously extended for 16 months.

MSRC Members Patrick Harper and Michael Caccioti's discussed the City's progress on installing and using EV chargers for police vehicles. Staffing turnovers among engineers and city managers delayed the project. Currently, only Level 2 chargers have been installed so far, which are used to charge detective vehicles overnight. For patrol vehicles, particularly the Tesla Model Ys, the Level 2 chargers support only a fraction of the fleet's overnight charging needs due to capacity constraints. The remaining patrol vehicles utilize nearby public fast-charging stations. This network of chargers enables police to maintain operational readiness, reduces safety risks associated with officers waiting in their vehicles late at night, and enhances fleet management efficiency. The MSRC Contracts Administrator recommended approval with the condition that the City provide documentation confirming the selection of an installation contractor by February 26, 2027.

Chair McCallon asked for public comment on Item No. 6.

No public comment.

Motion/Votes	Details
Motion	Approve 13-month extension contingent upon receiving documentation confirming the selection of an installation contractor by 02/26/2027
Moved by	Harper
Seconded by	Robertson
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	MSRC staff will modify the contract accordingly.

7. Consider Modified Award for Project Specified in Memoranda of Understanding (MOUs) with Ports of Long Beach and Los Angeles

Cynthia Ravenstein, Contracts Administrator, presented that in June 2026, the MSRC approved modifications to the POLB MOU to change the description of work. The modified MOU was considered and approved by the South Coast AQMD Board on August 7, 2026. To effectuate the project impacted by the modifications, it was necessary to authorize a modified award from the funds being conveyed by POLB and POLA. The MSRC approved a modified contract award to 4 Gen Logistics for installation of heavy-duty recharging infrastructure at locations in Rialto and Long Beach, substituting a total of 20 megawatt charging system chargers distributed between the two sites instead of the original total of 46 combined charging system chargers, with funds from POLA/POLB EVSE Infrastructure Projects Special Revenue Fund (92), conditioned on execution of the modified POLB MOU. Advances in charging technology allow fewer megawatt charging system units to deliver greater overall capacity than the original combined charging system chargers, enabling both sites to charge more trucks each day despite having fewer chargers. There would be no change to the total funding award amount of $7,876,168. The MSRC Contracts Administrator recommended the approval of this modification, conditioned upon South Coast AQMD approval of the POLB MOU relevant to the project.

Chair McCallon asked for public comment on Item No. 7.

No public comment.

Motion/Votes	Details
Motion	Approve modification conditioned upon south coast AQMD approval of the POLB MOU relevant to the project
Moved by	Cacciotti
Seconded by	Henderson
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	MSRC staff will include the modified contract award to 4 Gen Logistics for approval at the September 2026 South Coast AQMD Board meeting.

FY 2024-27 Work Program

8. Update of Agreement #MS27002 (Proposed) with the California Energy Commission ($6,000,000) – West Coast Truck Charging Corridor Project

Cynthia Ravenstein, MSRC Contracts Administrator, presented that in November 2024, the MSRC approved a $6,000,000 award to the California Energy Commission for partnership on the West Coast Truck Charging and Fueling Corridor Project. The agreement has not yet been executed but the MSRC Contracts Administrator anticipates that this will occur by the end of the month.

Chair McCallon asked for public comment on Item Number 8.

No public comment.

9. Consider Authorizing Development of Request for Proposals for Hosting and Maintenance of the MSRC Website

Cynthia Ravenstein, MSRC Contracts Administrator, presented that the Contract #MS27003 with Exemplifi, for hosting and maintenance of the MSRC's website, will expire on June 11, 2027, with an option for a two-year contract term extension.

As additional time is needed to assess Exemplifi's performance, there would not be adequate time to accommodate a selection process if the MSRC should decide against exercising the option. The MSRC authorized development of a new RFP for website hosting and maintenance services. MSRC staff recommended that the MSRC authorize development of a new RFP for MSRC website hosting and maintenance services.

Chair McCallon commented that releasing an RFP may stimulate the current contractor to do its job and has no problem with it.

MSRC Member Patrick Harper asked what the dollar amount was for the current contract. Ms. Ravenstein answered $25,000 with an upgrade of $30,000 and we would like to compete for these types of services.

MSRC Member Brian Berkson agrees to release the RFP, there's always new higher tech and people that do the job better, and if nothing else, this will send a message to the current company to evaluate what the issues are and address them promptly.

Mr. Harper asked if we could use AQMD's website. Ms. Ravenstein answered that the MSRC likes to have their separate website and the AQMD administers their own website.

Chair McCallon asked for public comment on Item Number 9.

No public comment.

Motion/Votes	**Details**
Motion	Authorize development of an RFP for hosting and maintenance of the MSRC Website
Moved by	Berkson
Seconded by	Harper
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	MSRC staff will prepare a proposed RFP for hosting and maintenance of the MSRC website for MSRC review.

10. Consider De-Obligation of Funding Awards to Enevate Corporation and Evolectric for Development and Demonstration of Fast Charging Battery Pack

Cynthia Ravenstein, MSRC Contracts Administrator, presented that partnering with South Coast AQMD, in November 2024 MSRC approved awards of $250,000 each to Enevate and Evolectric for development and demonstration of a fast-charging battery pack. Enevate's management changes and equipment status halted progress, and because Evolectric's battery installation activities depended on Enevate's battery development, it is unlikely that these projects will proceed. As a result, contracts have not yet been executed and South Coast AQMD will no longer be providing funding to the project. The MSRC Contracts Administrator recommended that the MSRC de-obligate $250,000 from Enevate and $250,000 from Evolectric.

Chair McCallon asked for public comment on Item No. 10.

No public comment.

Motion/Votes	**Details**
Motion	De-obligate funding awards to Enevate Corporation and Evolectric in the amount of $250,000 each
Moved by	Cacciotti
Seconded by	McCallon
Outcome	Item unanimously approved
Ayes	Cacciotti, Buford, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	None
Action	MSRC staff will de-obligate the funding awards.

11. Consider Funding Awards under the Zero-Emission Transit Bus Incentive Program

MSRC Member Martin Buford recused himself from this item and removed himself from the meeting.

Ray Gorski, MSRC Technical Advisor, presented that the MSRC's Zero-Emission Transit Bus Incentive Program allocated up to $25,000,000 to help public transit agencies in the South Coast AQMD region accelerate compliance with CARB's Innovative Clean Transit (ICT) regulation. The Program offered incentives up to $100,000 per bus for Class 4-6 zero-emission transit buses and up to $400,000 per bus for Class 7-8 zero-emission transit buses, as well as up to $50,000 per charger. Baseline awards were capped at $3,000,000 for large transit agencies and $1,000,000 for small transit agencies, as defined by the ICT regulation, with requests above these limits placed on a backup list. Twelve applications were received prior to the submission deadline and were found to meet the program requirements.

The MSRC-TAC recommended fully funding $25 million and advised awards to all 12 transit agencies, with LA Metro eligible for additional funding. The MSRC-TAC did not recommend funding Glendale's additional funding request.

MSRC Member William Robertson expressed excitement about the number of buses nearing deployment and raised concerns about Glendale's shortfall noting that the $99,915 gap is relatively small amount. He questioned whether leaving it unresolved would delay Glendale's ability to place buses into service. Ray Gorski answered that is unclear whether Glendale faces a true fiscal shortfall. He noted that there are other funding sources, such as HVIP, which could be used to fund these buses and be stacked with the MSRC's funding.

MSRC Member Brian Berkson discussed concerns about applicants exceeding established funding caps, citing Glendale's request above the $1 million maximum. Mr. Berkson emphasized the importance of treating all counties equally according to the original rules and questioned allowing one county to benefit disproportionately.

MSRC Member Mark Henderson thanked Ray Gorski for the thorough presentation and expressed appreciation for staff's work on this matter.

Chair McCallon asked for public comment on Item No. 11.

No public comment.

Motion/Votes	Details
Motion	Award total recommended amount of $25 million
Moved by	Harper
Seconded by	Berkson
Outcome	Item approved
Ayes	Cacciotti, Henderson, Harper, Robertson, Berkson, McCallon
Noes	None
Abstained	None
Recused	Buford
Action	MSRC staff will include the proposed contract awards for approval at the September 2026 South Coast AQMD Board meeting.

MSRC Member Martin Buford rejoined the meeting.

OTHER BUSINESS:

Chair McCallon asked for other business.

MSRC Member Michael Cacciotti discussed scheduling a presentation by the South Pasadena Police Department on their transition to an all-electric vehicle fleet. The Committee previously requested an update on the 20-vehicle EV conversion, and there is interest in hearing their results, challenges, and operational insights as the first city to fully electrify its police vehicles. Mr. Cacciotti offered to coordinate with the department to bring representatives, vehicles, and possibly provide live testimony on the project's progress. The group agreed to target the October MSRC meeting.

PUBLIC COMMENT PERIOD

Chair McCallon asked for general public comment.

No public comment.

ADJOURNMENT

The meeting adjourned at 2:45 p.m.

[Prepared by Marjorie Eaton]

MSRC CONTRACT STATUS HIGHLIGHTS

Covering Period: August 28 to October 29, 2026

Status Changes

	Contractor	Project Description	Value
Contracts Executed:	California Energy Commission	MS27002 - West Coast Truck Chrg & Fuel Corridor Project	$ 6,000,000.00
	SBCTA	MS27006 - Highland-Redlands Regional Connector Gap Project	$ 3,000,000.00
Contracts Closed:	City of Orange	ML18085 - Purchase Two Heavy-Duty Near-Zero Emission Vehicles	$ 50,000.00
	City of Laguna Woods	ML18094 - Install Two EV Charging Ports	$ 50,000.00
	City of Montclair	ML18132 - Install Eight EV Chargers	$ 40,000.00
	City of Riverside	MS16110 - Expansion of Existing CNG Station and Maintenance Facility Improvements	$ 270,000.00
	Capistrano Unified School District	MS18108 - Expansion of Existing Infrastructure	$ 111,750.00
	City of Huntington Beach	MS24005 - Circuit Transit Rideshare Program	$ 279,186.00
Unexecuted Awards Declined:	None		

Total Invoices Paid $ 228,721.67

Contracts to Watch

Contractor	Project Description	Value	Comments
LA Co Metropolitan Transportation Authority	MS14057 - Implement Various Signal Synch. Projects	$1,250,000.00	Work now complete. Final report submitted and undergoing initial review.
Los Angeles Cleantech Incubator	MS24013 (proposed) - Implement Truck Recharging Facilities	$3,000,000.00	Operating firm selected by site owner POLA withdrew, necessitating new procurement. Solicitation released by POLA 7/28/26.
Pilot Travel Center, LLC	C26034 - Partner on Application to Install Hydrogen Fueling in Rialto	$3,000,000.00	Declined. Closeout and de-obligation of funds pending

Administrative Scope Changes

None
