Good morning,

Please see attached revised proposed findings and decision and order, both a redlined and clean version. The parties accept and have made all suggested edits other than #4 and the removal of a negotiated increment of progress. Regarding the dual notice of emailing the District as well as calling 1-800-CUT-SMOG in Conditions 2(f) and 5(f), this is to ensure the District receives notice promptly when inspectors may be out of office. Separately, the parties accept removing the requirement for quarterly reporting of CEMS data to the District from the increments of progress, but have included that requirement as a condition, now renumbered as Condition 9.

The parties have also edited paragraph 8 of the proposed findings and Section A in the Conclusion and Order to specify which provision of Rule 2012 the variance applies to.

Thank you.

Grace LeBlanc

Hi,
I have no objections for this Case to be heard on Consent. However, I made I made a few edits to the document for your consideration.

1. Headings for the required Six (6) Findings.
2. Paragraph C for referencing the Increments of Progress pursuant to H&SC 42356
3. Referencing the Case # when calling the 1-800 Cut Smog line
4. Removing the condition to call 1-800 Cut Smog when asking for approval for rescheduling in Condition 5 (f) as they dont have authority to do so.
5. Conditions 1 &2 for Increments of Progress in Section C.

Thanks.

Mohan Balagopalan
