Subject: [EXTERNAL] Special Board Hearing - Lineage Boyle Heights

Honorable Members of the Board:

My name is Martha Cisneros, I urge you to reject or amend the proposed Joint Stipulation for this case.

I live at [REDACTED], Los Angeles, CA 90023, about 2 1/2 - 3 blocks NW of Lineage fire location.

Since the fire I personally have had to deal with symptoms of burning eyes, throat irritation, nose blood issues and at times a lack of energy. In my opinion all consequences of the toxic fallout I must now breathe.

Therefore as an effected resident, I demand that this Board bring in the US EPA Region 9 emergency response for direct multi-agency oversight to this chemical and toxic disaster.

Thank you in advance for your immediate consideration to this dire matter.

Sincerely,

Martha Cisneros
Boyle Heights Resident
