Subject: [EXTERNAL] Witness for hearing today re Lineage Toxic and Chemical Fire

Hello Clerk and/or AQMD staff,

I am emailing because I signed up to be a witness at today's hearing regarding Lineage Toxic and Chemical Fire. I was in the room and later online attempting to give my witness testimony.

I want to make sure to be a witness, and not a speaker, as I signed up as such. I had my hand raised as the chair was moving through the witnesses and I want to make sure that my testimony goes under a witness and not a speaker.

I believe the clerk was attempting to clarify that for the hearing board. But, I am documenting it here as well because I did not sign up to be a speaker. The chat was disabled and other than having my hand up, I could not communicate with anyone from AQMD on zoom remotely. I signed up to be a witness.

Thank you,
Alma Marquez
