# Rule 1470 Compliance Status Report Form 1470-CS ( CI Engines >50 H.P.)

<b>I. Owner/Operator Contact Information</b>			
AQMD Facility ID:	Company Name:		Phone:
Mailing Address:		City:	Zip:
Contact:	Title:	Email Address:	
<b>Engine(s) Location</b>			
Address:		City:	Zip:

<b>II. Engine Information</b>				
AQMD Permit No.:	Make:	Model:	Serial No.:	
Engine Family/Block No.:	Year of Manufacture:	Rated Brake Horsepower:	Exhaust Stack Height from Ground:	Engine Type: <input type="checkbox"/> Prime <input type="checkbox"/> Standby

<b>Engine Emission Factors and Supporting Data:</b>					
PM:	NOx:	NMHC:	or	NMHC+NOx:	CO:
Source of Information (Attach copy document): <input type="checkbox"/> Manufacturer's Data <input type="checkbox"/> Source Tests <input type="checkbox"/> Other (specify) _____					
If PM emissions are unavailable or greater than 0.4 g/bhp-hr will you limit the engine to 20 hours or less per year for maintenance and testing to comply with Rule 1470? <input type="checkbox"/> Yes <input type="checkbox"/> No					
Diameter of Stack Outlet:	End of Stack: <input type="checkbox"/> Open <input type="checkbox"/> Capped	Direction of Stack: <input type="checkbox"/> Horizontal <input type="checkbox"/> Vertical	Control Equipment (if applicable): <input type="checkbox"/> Turbocharger <input type="checkbox"/> Injection Timing Retard <input type="checkbox"/> Aftercooler <input type="checkbox"/> Diesel Particulate Filter <input type="checkbox"/> Catalyst <input type="checkbox"/> Other: _____		

<b>III. Fuel(s) Used</b>	
<input type="checkbox"/> CARB Diesel	<input type="checkbox"/> Alternative diesel fuel (specify): _____
<input type="checkbox"/> Jet fuel	<input type="checkbox"/> Alternative fuel (specify): _____
<input type="checkbox"/> Diesel	<input type="checkbox"/> Combination (Dual fuel) (specify): _____
	<input type="checkbox"/> Other (specify): _____

<b>IV. Operation Information</b>			
Description of general use of engine:	Typical Load (% max. bhp):	Typical annual hours of operation:	Fuel usage rate (if available):
If operation is seasonal, the number of months in a year and the typical number of hours per month the equipment is operated?		Months/Year:	Hours/Month:

<b>V. Receptor Information</b>		
Nearest receptor description (receptor type):	Distance to nearest receptor (ft. or meters):	Distance to nearest school (feet):

<b>VI. AB2588 Emission Inventory</b>	
Is this engine included in an existing AB2588 emission inventory?	<input type="checkbox"/> Yes <input type="checkbox"/> No

<b>VII. Responsible Official Signature Statement</b>		
I hereby certify that all information contained herein is true and correct.		
Signature of Responsible Official:		Date:
Type or Print Name of Responsible Official:	Title:	Phone:

Submit the completed form to:

SCAQMD- Compliance and Enforcement  
 Attn: Industrial Operations Manager  
 P.O. Box 4941  
 Diamond Bar, CA 91765

Owners/Operators of four or more emergency standby diesel fired engines operating within the AQMD that chose not to meet Rule 1470 requirements by limiting the hours of operation for maintenance and testing to 20 hours or less per year, are required to complete and submit the necessary forms for a Compliance Plan. Submit the completed forms 400-P and 1470-CP with the appropriate filing fee indicated in Rule 306 Plan Fees.

<b>AQMD Use</b>			
Date Received:	Reviewed By:	Compliance Plan : <input type="checkbox"/> Yes <input type="checkbox"/> No	Date Entered:
