Ms. Zhilan Zhang, Project Manager  
Department of Toxic Substances Control  
DTSC Cypress Office  
5796 Corporate Ave.  
Cypress, CA 90630

**Draft Removal Action Workplan (DRAW) for the  
Longfellow Magnet School, San Rafael Elementary School, and Frankline Elementary  
School (Proposed Project)**

South Coast Air Quality Management District (South Coast AQMD) staff appreciates the opportunity to provide comments on the above-mentioned document. According to the Community Update Public Notice, the Draft Removal Action Workplan (DRAW) is a cleanup plan prepared by the Department of Toxic Substances Control (DTSC) to address potential soil contaminated with Benzene, Chlordane, Lead, Tetrachloroethylene (PCE) for three Pasadena Unified School District (PUSD) campuses:

- Longfellow Magnet School located at 1065 E. Washington Blvd., Pasadena, CA 91104
- San Rafael Elementary School located at 1090 Nithsdale Rd., Pasadena, CA 91105
- Franklin Elementary School located at 527 Ventura St., Altadena, CA 91001

Because Chlordane, and Lead are among the applicable toxic air contaminants listed in South Coast AQMD Rule 1466 – Control of Particulate Emissions from Soils with Toxic Air Contaminants<sup>1</sup>, it is recommended that applicable Rule 1466 requirements be incorporated in the cleanup plan and the final DTSC RAW. More information on Rule 1466 requirements is available on the South Coast AQMD's website<sup>2</sup>.

We appreciate the opportunity to review the Proposed Project. Thank you for considering these comments. South Coast AQMD staff is available to work with the Lead Agency to address any air quality questions that may arise from this comment letter. Please contact Jivar Afshar, Air Quality Specialist, at [jafshar@aqmd.gov](mailto:jafshar@aqmd.gov) should you have any questions.

Sincerely,

*Sam Wang*
