

OVERCOMING HEAT PUMP HESITATION

 **Thursday, November 6**

 **4:00 PM - 5:00 PM**

Join South Coast Air Quality Management District for a free webinar to help plumbing and HVAC professionals. In this webinar, you'll learn:

-  how to address common objections to heat pump sales
-  practical methods to isolate heating and cooling costs using existing meter data
-  how to use powerful cost insights to support customer conversations and decision-making

Don't miss this opportunity to stay ahead of the curve!
